

GERMANS MAY OFFER ITALY SEPARATE PEACE ARRANGEMENTS

London, Nov. 3.—A Rome despatch to The Times says: The new cabinet of Orlando has not altogether escaped criticism but few are inclined to worry over a question of such little importance as port folios. It is agreed that General Orlando's cabinet is a "cabinet of national concord."

All eyes are turned to the plains of Friuli-Venezia. Yet it is necessary to watch and explain political tendencies for it is practically certain a peace offer from Germany and Austria to Italy is a matter of weeks if not days. It is evident this tremendous blow was intended to put Italy out of the game for good. There's no questioning the military success of the enemy so far. Mackensen, if it be he who is directing the offensive, struck Cadorna's weakest point and for reasons partly explained and partly yet unexplained sent him to the ropes but the blow wasn't the knockout intended. Cadorna has slipped away from his enemy now has to take breath. It remains to be seen whether or not he will attempt to push a military decision on the plains or thinks himself already in sufficiently advantageous position to launch a peace offer.

The invaders still have a few friends in this country. The official Socialist party caucus decided it will not modify its attitude. Meanwhile accounts from all over the country seem to indicate the answer of real Italy is clear.

Accounts from the front pay a remarkable tribute to the splendid work which the army on the Carno which remained unshaken and flung back the enemy again and again in repeated counter-attacks. When it had to retire it did so in perfect order, bringing all guns away. Its covering troops also did wonderful work.

London correspondents emphasize the realization in England that the fate of Europe may perhaps be decided on the classic battleground of the plain between the Alps and the Adriatic. The idea of a single front at last has been forced upon us.

THREE LOST WHEN SCHOONER SANK OFF RICHIBUCTO

Rexton, N. B., Nov. 4.—The schooner Ralph, 52 tons register, owned by Captain Allie Wry, of Buctouche, bound from Buctouche to Newswick, was wrecked off Point Bonaparte, near Richibucto Cape, about 9 o'clock this morning. The crew consisted of Captain Allie Wry and Mate Cloris Chase, of Buctouche, and John McClintock, of Nova Scotia, formerly conductor on the Moncton & Buctouche railway. All are missing and it is feared are lost.

The Ralph left Buctouche at 9 o'clock yesterday morning, but on account of calm weather made little progress. Arriving off Richibucto she was met by a heavy northeast gale, with snow, and life lay to until this morning. She was sighted by the life saving crew, who went to her rescue, but found she had broken up. A woman at Richibucto Cape saw part of the vessel with the three men clinging to it, but they disappeared instantly.

Captain Wry leaves his wife and three children besides his mother, Mrs. John Wry, of Buctouche; also two brothers, John and William, at the front. Mr. Chase and Mr. McClintock leave each a widow and family.

Time Is Short For Registering

Only a Week Left for 15,000 Men in This Province to Comply With the Law

The last week in which the men of the first call under the Military Service Act have to register is now on its way. There are yet in the vicinity of 15,000 men of the first call who have so far ignored the proclamation and there now remains but a week during which comparatively short time well over 14,000 men between the ages of twenty and thirty-four will have to register with their nearest post-masters or else be classed as deserters and lose their right to claim exemption.

There are just seven days left and the men so affected by the law of the land will have to come forth at the rate of over 2,000 a day. There are estimated to be 19,464 men of the first call in New Brunswick.

The weekly figures compiled by the authorities in connection with the operations of the medical boards show that 2,054 men appeared before the medical boards throughout New Brunswick during the week just closed. Of this number 1,090 had been placed in category A and 964 in various classes below A. The returns for the last week from board

centres throughout New Brunswick are: St. John, 408, were examined, 324 for class A and 228 for less than A; Woodstock, total examined 265, class A, 178, less than A, 87; Chipman, total of 90, class A, 57, less than A, 33; St. Stephen, total 167, class A, 121, less than A, 46; Fredericton, total 276, class A, 112, less than A, 164; Newcastle, total 417, class A, 236, less than A, 181; Moncton, total 387, class A, 144, less than A, 218.

Disatisfaction in Woodstock.

In Woodstock, 292 men were examined in this district by the medical board last week, classed as follows:

Edmundston—A, 47; B, 8; C, 1; D, 2; E, 25.
Perth—A, 45; B, 5; C, 1; D, 0; E, 9.
McAdam—A, 29; B, 6; C, 2; D, 1; E, 2.
Woodstock—A, 55; B, 10; C, 7; D, 6; E, 33.
Total—A, 173; B, 24; C, 11; D, 9; E, 74.

A large number were unable to be examined and there is some dissatisfaction especially from outside points. Some men have been here three times and the board had not time to examine them.

It is expected that a draft from the 65th Battery will leave here this week for further training. It will be in charge of Lieutenant H. H. Ritchie, of Newcastle.

The results each week in New Brunswick since the medical boards started activities under the proclamation is as follows:

Week ending—	Class A.	Less than A.	Total.
September 29	9	7	16
October 6	184	169	353
October 13	315	881	616

GOING TO BED IN COMFORT

Your youngster won't dread going to bed even on the coldest night if you first warm up his room with a Perfection Oil Heater.

The Perfection is easier to carry than a wood-burner. Light, sturdy, compact.

Costs little to buy and little to use. Cheaper than coal and cheaper than wood, even when these are cheap. Eight hours of warmth on a gallon of ROYALITE COAL OIL.

Dealers everywhere.

DRINK HOT WATER IF YOU DESIRE A ROSY COMPLEXION

Says we can't help but look better and feel better after an inside bath

To look one's best and feel one's best is to enjoy an inside bath each morning to flush from the system the previous day's waste, sour fermentations and poisonous toxins before it is absorbed into the blood. Just as coal, when it burns, leaves behind a certain amount of incombustible material in the form of ashes, so the food and drink taken each day leave in the alimentary organs a certain amount of indigestible material, which if not eliminated, forms toxins and poisons which are then sucked into the blood through the very ducts which are intended to sustain the body.

If you want to see the glow of healthy bloom in your cheeks, to see your skin get clearer and clearer, you are told to drink every morning upon arising, a glass of hot water with a teaspoonful of limestone phosphate in it, which is a harmless means of washing the waste material and toxins from the stomach, liver, kidneys and bowels, thus cleansing, sweetening and purifying the entire alimentary tract, before putting more food into the stomach.

Men and women with sallow skins, liver spots, pimples or pallid complexion, also those who wake up with a coated tongue, bad taste, nasty breath, others who are bothered with headaches, bilious spells, acid stomach or constipation should begin this phosphate hot water drinking and are assured of very pronounced results in one or two weeks.

A quarter pound of limestone phosphate costs very little at the drug store, but is sufficient to demonstrate that just as soap and hot water cleanses purifies and freshens the skin on the outside, so hot water and limestone phosphate act on the inside organs. We must always consider that internal sanitation is vastly more important than outside cleanliness, because the skin pores do not absorb impurities into the blood, while the bowel pores do.

October 20	801	845	1,646
October 27	1,175	965	2,140
November 3	1,090	964	2,054
	3,568	3,281	6,849

To date 6,849 men have presented themselves before the medical boards for examination in this province, of this total 3,568 men were placed in class A and 3,281 divided among the remaining classes of B, C, D and E.

Only Class A and D Men to Exemption Boards.

As yet communications to appear before exemption tribunals were confined only to those of class A and D. This relieves those of classes B, C and E so far from appearing before the exemption boards when their claims for exemptions would be further considered. Class means all men must be doing their class to be physically fit for general service at the front. If men of this class claim exemption, which many are doing, their claims must be heard before the tribunals, the time and place, of which they are notified by the registrar. To those placed in class D, who are really a class for those suffering from some momentary ailment which with time and treatment might be cured, they too have to appear before the tribunal of their district, notifications to which end are being daily sent.

Returned to Halifax.

Major-General Benson, general officer commanding military district No. 6, and Major Jones, staff officer, left for their headquarters in Halifax on Saturday evening in connection with the re-organization of the new military district in which New Brunswick is soon to be made. There has, it is understood, nothing definite been put through as yet. Several changes have been talked of but as yet nothing has been made public. It is said that it will be some weeks yet before New Brunswick is known as military district No. 7.

No. 9 on Church Parade.

No. 9 Siege Battery turned out on church parade yesterday, the main body of the battery going to services in Centenary church and the Catholic members of the unit attending the 11.15 o'clock mass in the Cathedral under Lieutenant Walker. The men marched through the streets from their present quarters in Hotel Martello, West St. John, to the church, headed by the battery's band and accompanied by their O. C., Major P. W. Wetmore, at Centenary church, Rev. H. A. Goodwin, the pastor, preached an appropriate sermon. Rev. A. P. Allen was the preacher at the Cathedral.

The battery was an excellent showing on their church parade through the streets and attracted no little attention. Favorable comment was heard by the part of the citizens who witnessed the march out. The appearance of men was truly military and they won many friends on their showing yesterday.

No. 9 expects to occupy their old quarters at Partridge Island this week. The buildings have been completely remodelled and a general painting and overhauling have rendered the quarters in first class condition.

Lieut. Badger Here.

Lieut. W. A. R. Badger, of Ottawa, arrived in the city yesterday and is registered at the Royal. Lieut. Badger is here in connection with the exhibition of the war trophies. He has seen three years' service with the Canadian artillery at the front and during that period he was almost constantly in the front line trenches. He rendered valuable service to the movements of the Canadian artillery in the capacity of observing officer. He has been wounded and is now discharged.

The Figures

Up to and including Saturday 7,460 of the men liable for the first call under the Military Service Act registered with the provincial registrar, W. A. Ewing. This represents a little over one-third of the men in the province who are liable under the act. On Saturday forty-four men made application for service cards and 670 filled out exemption papers. In St. John for the week 459 men were examined.

Four Sons in Khaki

Bruce Stiles, son of Silas Stiles of Moncton, has enlisted with the 65th Battery, now stationed at Woodstock. He is the fourth son in the family to offer his service to his king and country. Two of his brothers are in France and another is in military service in St. John.

LOST LIVES IN RESCUE HOME

Paterson, N. J., Nov. 4.—Eighteen bodies have been taken from the ruins of the Salvation Army Rescue Mission in this city which was destroyed by fire early today. Ten men are in hospitals with probably fatal injuries and many others were less seriously hurt in leaping from windows of the burning structure. There were 85 men asleep in the mission when the flames started in an old frame building adjoining the main structure, used for storing magazines and newspapers.

FRENCH TROOPS ARRIVE

London, Nov. 4.—The Times correspondent in Paris reports that the arrival of French troops in Rome led to a striking display of Franco-Italian friendship. When a French regiment passed the statue of Garibaldi there were scenes of tremendous enthusiasm.

HEAD STUFFED FROM CATARRH OR A COLD

Says Cream Applied in Nostrils Opens Air Passages Right Up.

Instant relief—no waiting. Your clogged nostrils open right up; the air passages of your head clear and you can breathe freely. No more howling, sniffling, blowing, headache, dryness. No struggling for breath at night; your cold or catarrh disappears.

Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing balm in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relieves congestion instantly. It's just fine. Don't stay stuffed-up with a cold or nasty catarrh.

HON. A. B. HUDSON LEAVES MANITOBA GOVERNMENT

Winnipeg, Nov. 3.—Premier Norris officially announced today that Hon. A. B. Hudson had resigned from the office of attorney-general. The resignation is due to no disagreement or difference of opinion in matters of policy, but because Mr. Hudson's private business is demanding so much of his time.

Hon. Thomas H. Johnson, minister of public works, will succeed Mr. Hudson as attorney-general and Mr. Johnson will be succeeded in the public works department by George A. Grierson, member for Minnedosa.

"AMERICANS" CAPTURED?

Berlin, Nov. 3, via London.—The capture of American soldiers by a German reconnoitering party is announced by the war office.

The statement says that on the Rhine-Marne Canal, as a result of a reconnoitering thrust, North American soldiers were brought in.

London, Nov. 3.—Thirty men on the German auxiliary cruiser Marie, of Flensburg, were killed in the engagement with British destroyers, according to an Exchange Telegraph despatch from Copenhagen.

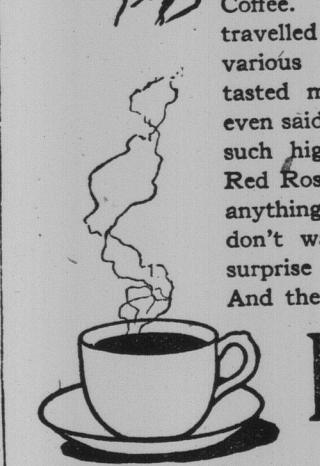

The Marie, a 3,000 ton vessel, met the British destroyers twelve miles north of Kullen. She immediately opened fire, which was answered by the destroyers. In ten minutes the Marie was ablaze.

Of the eighty-one members of her crew, the despatch says, thirty were killed and the others took to the boats. Seven wounded sailors subsequently were rescued by the Danish steamship Dalgas. Another man was picked up by the steamship Trendelen. They were landed last night. The other members of

Oh! My! That Smells Good!

And, madam, you should just smell the fragrance of crushed coffee after it is brewed. And the flavor of it! Well, you never tasted ground coffee with a flavor just like Red Rose Coffee. Coffee critics, those who have travelled far and wide and tasted coffees in various climes, tell us they have never tasted more delicious coffee. Some have even said—but we will refrain from printing such high praise. We prefer you to try Red Rose Crushed Coffee without revealing anything further as to its quality. We don't want to take all the edge off the surprise in store for you when you try it. And the same price it was three years ago.

Red Rose Coffee

the crew are believed to have been rescued by the destroyers. The Admiralty, tonight, promised further details of the engagement in the Skagerrack "when the British vessels return to port."

Are you doing your full share in winning the war?

BETWEEN you and your conscience the answer to that question must be made. No one but you can answer it.

Every day you see the men who have done their share—you see the empty sleeve, the tucked up trouser leg—and the cheery smile.

In quiet sanitarium and hospital are those whom the furies of bursting shells and hellish drum fire, and the wearing hardships in miry trenches have shattered in nerve and broken in body.

These men have sacrificed.

AND more than thirty thousand Canadian soldiers sleep beneath wooden crosses in France.

What have those men fought and sacrificed and died for?

Have their sacrifices been worth while?

Are you—we—worth their sacrifices?

What are you—each of us—doing to prove our worth?

What kind of support are we giving to the ideals these men have bled and died for?

Ask yourself those questions—it is you who must answer them. In the years to come, it will be your conscience that will tell you whether or not you failed in your duty in the greatest crisis in human history;

—whether or not you neglected the most sacred demand humanity and your God have made upon you.

The liberty that Canada's men have fought for; the freedom they have died for, is a gift to you, to each of us.

The country—this Canada of ours—in defense of which those men have given all, suffered all and died, is yours and the heritage of your children.

Are you doing your duty by this country, the ideals of which have been made precious beyond price by the blood and the lives of Canada's men?
