

AN INVITATION.

It may be interesting for you to visit the Optical Department and see the most modern tools of modern eye lenses, charts, etc. for detecting, correcting and explaining the various eye-conditions of the eye. There are

NEW EYE SPECTACLES IN CANADA.

Our Eye Spectacles correct the most difficult cases of Amblyopia, Presbyopia, Hypermetropia, Myopia, Astigmatism, Strabismus, etc. They are made of the best material and are of the latest design. They are made of the best material and are of the latest design. They are made of the best material and are of the latest design.

HOW TO OBTAIN PERFECT VISION.

Even to those who have been never before able to get the Ordinary Spectacles to suit. An intelligent knowledge of the eye, its anatomy, functions, causes and cure for defective vision is very necessary to all who have any inconvenience of sight and useful to all. Visitors to Ingersoll are calling as well as residents; and are surprised and pleased to find such facilities for scientifically testing without the expense of going to the cities. Hundreds of persons are now availing themselves of the opportunity to have their SIGHT TESTED FREE.

Visitors are not expected to make any purchase, but should they or their friends at any time desire to have their sight properly tested and corrected they will see and know the importance of consulting a Specialist who will give the eye more ease and restore more perfect vision than is possible in the ordinary manner of fitting Spectacles. If people realized the harmful effect of improperly fitted and imperfectly made spectacles they would not injure so important and sensitive an organ as the eye by such ill-treatment. Remember it costs you nothing to have your sight tested scientifically by

J. W. BROWETT, OCELIST, OPTICIAN. (Graduate Optical Institute of Canada.)

If you wish your sight tested have a half hour reserved for you.

If you wish to see our Optical Department and have an idea of the proper method of testing the eye, you are cordially invited to call at

BROWETT'S DRUG STORE, Ingersoll.
