Palmyra, Pa.—"Three years ago my little girl had black measles which left her with a chronic cough and so awfully thin you could count all her ribs, and she coughed so much she had no appetite. 'Nothing we gave her seemed to help her at all until one day Mrs. Netter told me how much good Vinol had done her little girl, so I decided to try it for my little one, and it has done her so much good she is hungry all the time, her cough is gone, she is stouter and more healthy in color and this is the first winter she has been able to play out in the snow, coasting and snow-balling without any ill effects.'—Mrs. ALFRED SLACK, Palmyra, Pa.

We know Vinol will build up your little ones and make them healthy, strong and robust, therefore we ask parents of every frail and sickly child in this vicinity to try a bottle of Vinol, our delicious cod liver and iron tonic without oil.

If we can induce you to try a bottle of Vinol as a body-builder and strength-giver for your child, and you do not find it is all we claim, we will return your money on demand.

SHOWS UP KAISER AS A HYPOCRITE

Has Conspired Against Peace of
the World For 25 Years? Tale
of One Who Knows

London, May 25.—The German Kaiser, a hypocritical, cunning potentate, who for twenty-five years secretly conspired against the peace of the world, is thus described by a German nobleman, claiming to be one of his most intimate friends, in a volume of memoirs published in London under the title, "The Berlin Court Under William II."

In what purports to be an unembellished diary record of moments spent in friendly talk with the Emperor during the days preceding and immediately following the outbreak of hostilities in the present war, statements of the Kaiser are quoted which show him to have been hoping for such an incident as the Sarajevo crime, to have welcomed the break between Serbia and Austria as an opportunity for him to throw off the mask of peace-maker he had grown weary of wearing so that he might emulate and continue the great deeds of his grandfather, William I, strike terror to the heart of the world, and "put Germany on a pinnacle of glory and power where none other will be worthy to be mentioned beside it."

Who the Author Is.
The author of this dramatic revelation of the German Emperor's inner thoughts during the catastrophic days of last July and August signs himself as "Count Axel von Schwanberg." The translucent of Paris, however, declares that this count is really Prince von Furstenberg, who really did accompany the Kaiser on his yachting trip to Norway in August. The Prince, it is also stated, made the revelations contained in his published memoirs to avenge on the Kaiser the tragic disappointment the

USE THE WANT AD.

The Co-operative Tire

That Canadian Workmen and Canadian
Users Put on Top in 4 Years

This is the famous Fortified Tire—made in the big Goodyear factory at Bowmanville, Ont. Note its balance—note its matchless beauty.

It was started four years ago in a modest way. But here is a tire that skillfully fortified users against the major causes of trouble. Some soon found it out and told the many. Hence on March 1st we doubled our capacity.

For men bought in numbers last year, more than one Goodyear Made-in-Canada Tire for every car in the Dominion. And thus as users multiplied our output they cut our factory cost per tire.

Prices Reduced

So in the face of the February war tax, we announced our third great price reduction. Co-operation brought that saving largely.

And now you can buy Goodyear Fortified Tires 37 per cent lower than the prices of two years ago.

Yet in those two years we added costly defenses. They protect you against the worst attacks that a tire must meet. And Goodyears are fortified now in five separate ways—all allied for balanced construction.

Our "On-Air" cure saves countless blowouts, due, in rival tires, to wrinkled fabric.

Our Rubber Rivets, formed in each tire, reduce loose tread risk by 60 per cent.

Our 126 piano wires, vulcanized in each tire base, make the tire secure on the rim.

Our All-Weather Tread, tough and double-thick, gives you maximum tread wear. It minimizes punctures. And its sharp-edged grips are truly anti-skid.

Why Accept Less?

This year you get in Goodyears a value never known before. It is due to co-operation. Some rival tires still cost less and always will because of cheaper methods and materials.

Some cost more, due to less science in construction and small output.

But no other tire on earth, remember, protects the motorist in the five dominant ways Goodyear does.

Ask your dealer for the price of the Goodyear tire in your size. Ally yourself with the company that serves you best—and that, in the bargain, manufactures in Canada.

Prince suffered by finding that his peace-loving friend, the Kaiser, was in reality "a scheming, cruel, unscrupulous brigand."

After detailing the enmity that once existed between the Emperor and the Crown Prince, because of the latter's impatience to win military glory, showing how the German Reichstag is really less powerful than the Prussian Landtag, and explaining that one of the early causes of the present war was not a personal enmity between Emperor William II. and King Edward VII. contracted while the latter was still a prince, the author tells of personal encounters with the great figures in the war and the accuracy with which the Kaiser foresaw Germany's part in the hostilities.

The Kaiser's friendliness to Jews is instanced as an indication of his essentially democratic nature. In this connection he says that the Emperor even appointed to the responsible post of Minister of the German colonies a baptized Jew, Herr Dernburg, "an appointment which was the cause of one of the

greatest scandals that Berlin has ever seen."

What Kaiser Said.

On board his yacht in the Baltic on July 1, after learning of the assassination of Grand Duke Ferdinand, the Kaiser seemed meditative, imperturbable. "This may be the last holiday I shall enjoy for a long time," he said to the writer. "Why knows what the next month may bring us? Sometimes the necessity arises for a nation to assert itself, if only because she feels that otherwise others may do it to her disadvantage."

"A spark may set fire to the whole world."

"The Kaiser," said the narrator, "seemed to be brooding over some plan."

"The Emperor," said the general, "has been deceiving us for years. While pretending to be an adversary of war, he has in his own mind been continually thinking of the day when he could declare it."
