TO THEATRES OF

"HER UNBORN CHILD"

The Engagement at Lyric for Two  
Weeks Starting Monday Evening;  
A Play, Not a Picture

Howard McKent Barnes' big propaganda play, "Her Unborn Child," will begin a two weeks' engagement at the Lyric Theatre Monday evening. After the opening day two performances will be given daily, one in the afternoon at 2.30 o'clock, and the other in the evening when the play begins at 8.15.

The matinee performances will be reserved exclusively for the ladies. At all matinee presentations of the play an essay on "Motherhood" rendered by Miss Orpha Alba, the leading lady of the company, is given. This portion of the performance is omitted in the evening when "Her Unborn Child" is presented before mixed audiences.

The prices of admission charged during the engagement of "Her Unborn Child" will be 50 and 75 cents at the evening performances and 25 and 50 cents at the matinees.

It is of interest to note that the production has been meeting with wonderful success in other parts of the province and the fact that the St. John engagement is to be for two weeks acts as a guarantee of the faith the promoter, George F. Driscoll, lessee of His Majesty's Theatre, Montreal, has in the attraction.

Mrs. Edna L. Pinkerton, wife of the pastor of St. Luke's church of Chatham, N. B., has written the manager of the company highly recommending the play. In her letter Mrs. Pinkerton says: "This is to say that I have seen the play, 'Her Unborn Child' and cheerfully and heartily endorse it. In my opinion the moral is both wholesome and uplifting."

ALL NEW AT GEM

Russian Beauty in Picture—Four  
Stirring Vaudeville Acts

The Gem's new programme in detail will be found on page eleven. It is entirely new and will be presented at 7.15 and nine o'clock tonight. It is exceptionally good entertainment. Just a special word about the new picture, "Her Sister's Rival": Vera Colodnya is the star and she is announced as "the most unusual and most beautiful woman you have ever seen, the most wonderful, appealing, thrilling, ingenious vampire ever on the screen." The story is a big, gripping Russian one.

The vaudeville acts—four big ones—are "The Three Melody Girls," novelty harmony song and dancing; Sylvia, musical maid; the Gardens, men and woman, comedy and singing; Murphy and Morley, man and woman in chipper act. "The Gem" offers a big show at little prices. Come tonight at 7.15 or nine o'clock.

THE GHOST MUST WALK;  
GIVE HIM STATELY STRIDE

The ghost must walk on May 1 for the Great War Veterans' Association. Give the ghost a strong and stately stride by subscribing at once to the G. W. V. A. building fund. The boys from "over there" want to make another payment on their building on the first day of May and they are attempting to roll up a goodly sum in anticipation of it. If you haven't given yet, then you have missed the greatest conscience treat of your life. Get that self-satisfied feeling that you're not there yourself with a gun your money is. The home is a necessity in the life of the returned soldier boy, it is not a luxury. In return you get stock in the building itself. Be true to your met as the boys were to theirs when they met the Hun in Picardy.

PEPPERY SHOW AT IMPERIAL TONIGHT With Jack Pickford as a Boy Scout discovering and frustrating a German plot to dynamite a western iron ore plant. "The Spirit of '17," at the Imperial tonight; "The Bull's Eye," serial chapter in a Vitaphone farce; and stirring new march-songs, tonight's bill will be gingery and fast.

William Russell and Helen Holmes predominate at The Nickel, Queen square, today, Russell starring in "Sands of Sacrifice," and Helen Holmes in "The Lost Express."

HELP!

Might we ask the advertisers in the Times-Star to let us have their ads. copy not later than 6 o'clock the night before the day on which insertion is desired?

The crush of advertising, which the Times has been carrying the last few months, makes a call for HELP on the part of the business office an urgent necessity.

It's hardly necessary to state the value to YOU of this feature, the earlier the paper is out, the larger the sale—hence, an increased market for you.

It also means that your advertisement will receive the best attention as regards typographic treatment; will be dressed in the way your PUBLIC SALESMAN should be dressed. Best work, of course, can't be done in a rush, and neither you nor THE TIMES is satisfied with a poorly dressed ad.

The unfortunate fact that quite frequently advertisements have to be omitted from The Times on account of late copy, prompts this S. O. S. call, and really your own best interests would demand that it be heeded.

LESS FAVORABLE FOR  
GERMAN PLAN THAN  
AT ANY TIME SINCE  
DRIVE BEGAN IN MARCH

On The French Front in France, April 25 (Thursday, by the A. P.)—The more they advance along the road towards Amiens the more perilous becomes the salient the Germans are forming in the Somme region, especially in view of the fact that the Allied reserves are virtually intact, and the Allied armies are now commanded by a single chief.

The present moment is less favorable to the German plans than when they started their advance on March 21. Then a weak point existed between the French and British armies. Now there is no sensitive part of the line, since the Allied command has given the opportunity to make the most practical use of the Allied troops.

From March 21 until today the Germans have employed approximately 180 divisions, of which thirty have been withdrawn to refill the ranks and have then been sent into the battle for the second time, making the total of divisions in action 160. About seventy other divisions have not yet been engaged in the battle, but of these a considerable proportion are unfit for the harder work.

Local drives in this section have made good progress within the last few days, and conditions are reported good. The Allies on the Green's Cap, the Dunbar and the Nandwaakies for Fraser Company, Limited, are in safety.

The Farmers' and Dairywomen's Association is in session here today in response to a call from its president, Mr. Anderson, and is considering problems connected with increased production and labor. The attendance is large.

MAYOR SEEKS INFORMATION

During the session of the legislature yesterday Hon. Mr. Byrne said he wished to draw attention to section 8 sub-section 1 relating to the N. B. Power Company. It had been brought to his attention that in consideration of the company's action in extending their lines across the highway bridge to West St. John, the government of that day had agreed to promote certain legislation to extend the franchise rights of the company.

A copy of that agreement was on file, but no legislation had been introduced, although bonds had been sold on the strength of that agreement. He understood that the bill provided for assessment on the gross income and not on the property of the company, but he suggested that this section should stand until the government had an opportunity to enquire into the matter.

With reference to this suggestion of Hon. Mr. Byrne, Mayor Hayes said this morning that he thought the citizens were entitled to some information and that he proposed writing today to ask for a copy of the agreement.

When Mr. Morse had been cured of Nervous Dyspepsia by the use of Dr. Chase's Nerve Food he prevailed upon his aged mother to try out this great restorative treatment. Her experience was equally happy, and so the good word is passed along to others to put this food cure to the test.

Mr. Judson H. Morse, Lequille, N. S., writes: "I am glad to be able to say Dr. Chase's Nerve Food, because I have found it so very good for me and my nerves. I came by my nervous trouble much by inheritance and through my work. '88 I was a nervous wreck, but the doctor and time put me on my feet again. I got along quite well until five years ago. I got a gripe and put through an awful winter and summer, but a friend offered me some of Dr. Chase's Nerve Food Pills to try, and I found them to help me at once, so I have taken them ever since. Mother is in her 90th year, and has suffered a lot with neuralgia of the stomach and bowels, and was in a very bad state last summer, but I prevailed upon her to try the Nerve Food, and it helped her even in her advanced years. The doctor called my trouble Nervous Dyspepsia. I know of many who have taken the Nerve Food with good results. Mother thinks your Ointment excellent also."

Dr. Chase's Nerve Food, 50 cents a box, a full treatment of six boxes for \$2.75, at all dealers, or Edmondson, Bates & Co., Limited, Toronto. Do not be talked into accepting a substitute. Imitations only disappoint.

BRITISH TOOK ENEMY  
BY SURPRISE AND  
THROWED THEM

Clash of Tanks.

During yesterday's fighting the Germans at one time got as far as Cuchy, southwest of Villers-Bretonneux, and this represented their greatest advance.

The tanks furnished the most dramatic chapter of the story. These tanks, which the Germans employed for the first time, were bulky affairs with heavy armor and guns. The British tanks, which were thrown into the action to offset the German monsters, furnished the first tank engagement in history. The main clash between the British tanks, which German engines attacked two smaller British tanks. As might be expected one of the British machines was disabled.

The other was being hard pressed by four or five of the big enemy tanks when one of the larger British tanks came rushing up and engaged the Germans. It was a battle royal. The British tank finally got several shots home on one of the Germans, and put it out of action. This disconcerted the others and they fled.

Some of the most telling work was done by the tanks near Cuchy. Here numbers of small, fast British tanks tackled a large concentration of enemy infantry. Before the Germans were able to escape the swiftly moving monsters were amongst them firing heavily into the dense ranks. Many infantrymen were caught beneath the machines and crushed. The slaughter was fearful, and the tanks returned with their sides crimsoned.

TRAVEL TALK ON  
THE YOSEMITE

Mrs. E. Atherton Smith Delights Audience at Art Club—The Famed Santa Fe Route

At the Art Club last evening W. S. Fisher remarked that it was one of the merits of Mrs. E. Atherton Smith that when she went on tour she always brought back with her some of the beauty and charm, the quaintness and the living interest of the places visited, for the pleasure and enjoyment of her fellow-citizens.

The truth of the remark was emphasized by Mrs. Smith's wonderfully interesting and entertaining travel-talk on a visit to the famous Yosemite Valley in California. With the aid of the reflector, operated by C. H. Flewelling, she set out with her audience from Kansas City by the Santa Fe route, showed scenes of absorbing interest in New Mexico and Arizona, passed on to the famed Mariposa Grove, and then to the Yosemite. The wonderfully picturesque scenery, the arid stretches, the towering mountains, the villages of the Pueblo Indians, the reminders of Spanish occupation, the modern tourist life, the beautiful vegetation, the orange groves, the palatial homes, and finally the imposing grandeur of Yosemite were revealed to the audience, and with the helpful guidance of the gifted speaker the whole panorama became instinct with life and human interest.

Mrs. Smith has in the past taken audiences with her across the continent, and across the ocean to Britain, Belgium or Switzerland, but perhaps none of her travel talks has ever equalled in entertaining quality that of last evening. Her address was punctuated with bits of intimate personal experience and sallies of humor that added greatly to the charm of it all.

On motion of A. M. Belding, seconded by J. E. Second, a hearty vote of thanks was tendered the speaker, and Mr. Fisher added a graceful tribute of appreciation.

Before Mrs. Smith began her travel talk the audience heard with delight a vocal duet by Mrs. A. P. Crockett and Miss Creighton, and a piano duet by Mrs. Barnes and Mrs. Gunn. The audience completely filled the rooms of the Art Club, for whose benefit the talk was given. Mr. Fisher noted the fact that the club has had a very successful year, and offered a plea for a more general interest in its valuable work.
