Easily Identified
A smile played on the features of Miss Elaine Elliot when one of the guests at an afternoon affair referred to the frequency with which identification is possible. Miss Elliot said it reminded her of the case of a certain collector. One day a business man sent out the collector to round up a number of debts, among whom was a party bearing the name Smith.

"Pretty good so far," commented the business man in looking over the collector's returns later in the day, "but how about that man Smith?"

"I went to the address you gave me," responded the collector, "but there was nothing doing. Seven Smiths lived there. Six of them declared that they never owed you a cent, and the seventh kicked me out of the house."

"That's the one!" exclaimed the business man, with an expression of satisfaction. "Go back and get the money."

ROSARY GIVES PLEASURE TO OPERA HOUSE PATRONS

Wholesome, Entertaining Play Presented Well by The Stock Company

The Rosary, a noted four act drama written by Edward C. Rose was very successfully staged in the Opera House last evening and was greatly enjoyed. Despite the storm last evening the house was fairly well filled showing that the public are well pleased with the productions of the Thompson-Woods stock company.

Miss Frances Brandt was seen in the double role of Vera Wilson and her twin sister Alice Marsh, both of which she played well. Samuel A. McAdoo took the part of Rev. Brian Kelly, an Irish priest and he gave a fine portrayal of the character. Miss Marjorie Davis as Father Kelly's niece was attractive and winsome. Daniel Fager as Bryce Wilton had perhaps the most important part in which he has yet been seen by a St. John theatre goer and he received much praise for his work. Mr. Drummond as Kenward Wright, Mr. Hodges as Lee Martin, Mr. Fielding as Chas. Harvey and Miss Derby as Laura Watkins, are all deserving of mention, aiding in the success of the piece.

"The Rosary" is a very pleasing offering and should draw large audiences during the balance of the week. It is well staged and is a wholesome entertainment.

McADOO WILL NOT LEAVE THE CABINET

This Rumor in Connection With Wedding to President's Daughter Denied

Washington, March 18.—The marriage of Secretary McAdoo and Miss Eleanor Wilson will not cause any change in the president's cabinet. It is denied that Mr. McAdoo would retire from the cabinet after the wedding and go into the banking business on the Federal Reserve Board or become ambassador to France.

While Miss Wilson talked freely to her friends and showed her diamond she fails to give them any definite idea of the date of the wedding, but it is believed that it will take place early in June, just before the departure of the president's family for the Hamptons.

The ring which Secretary McAdoo gave Miss Wilson is one of the handsomest engagement rings ever set in England. It is a huge white diamond solitaire in an old-fashioned claw setting, engraved in the back.

As a cabinet hostess, Miss Wilson will rank next to Mrs. William Jennings Bryan, who, as wife of the secretary of state, is recognized as the leader of the official set.

OFFER REFUSED BY DEPOSITORS, SIEGEL SAYS HE WILL FIGHT

New York, March 18.—"I have not a dollar in the world that is my own. Everything I had was in the business which has been swept away. My sympathies are with the depositors in the bank. The offer of \$400,000 cash to the depositors was made in good faith. That was money collected by friends of Mr. Vogel and myself."

"Now that the depositors have seen fit to reject it and the district attorney has indicated us, that money will be used to fight those indictments."

This statement was made by Henry Siegel, president of the Siegel Stores Corporation, at the Hotel Majestic to a reporter.

"It is necessary now that we protect ourselves," continued Mr. Siegel. "That \$400,000 represented all the money we were able to get together. For our protection, as well as that of the depositors and the general creditors, we must retain that fund to pay the expenses of litigation."

The statement that I have turned over a large amount of money to my daughter is false. What money she has come from her husband, who died in the Titanic disaster.

"We could make \$500,000 in the Chicago store next year, but five years we could wipe out the bulk of indebtedness. The Boston store we would have made no effort to continue. The sale of the stock, however, at the figure it brought was shameful."

The salesgirls and salesmen who had not obtained positions when the 14th- and Simpson-Crawford Company store closed will be looked after by some of the East Side settlement workers, according to Dr. Robbins Gilman, head worker of the University Settlement.

WHAT THIN FOLKS SHOULD DO TO GAIN WEIGHT

Physician's Advice For Thin, Underdeveloped Men and Women

Thousands of people suffer from excessive thinness, weak nerves and feeble stomachs who, having tried advertised flesh-makers, food-fats, physical culture stunts and rub-on creams, resign themselves to life-long skinniness and think nothing will make them fat. Yet their case is not hopeless. A recently discovered regenerative force makes fat grow after years of thinness, and is also unequalled for repairing the waste of sickness or faulty digestion and for strengthening the nerves. This remarkable discovery is called Sargol. Six strengthening, fat-producing elements of acknowledged merit have been combined in this peerless preparation, which is endorsed by eminent physicians and used by prominent people everywhere. It is absolutely harmless, inexpensive and efficient.

A month's systematic use of Sargol should produce flesh and strength by correcting faults of digestion and by supplying highly concentrated fats to the blood. Increased nourishment is obtained from the food eaten, and the additional fats that thin people need are provided. Leading druggists supply Sargol and say there is a large demand for it.

While this new preparation has given splendid results as a nerve-tonic and vitality, it should not be used by nervous people unless they wish to gain at least ten pounds of flesh.

VITALITY REGAINED KIDNEYS CURED

Health Restored by "Fruit-a-tives"

Hagersville, Ont., Aug. 26th, 1913. "About two years ago I found my health in a very bad state. My kidneys and liver were not doing their work, and I became all run-down. I felt the need of some good remedy, and having seen 'Fruit-a-tives' advertised, I decided to try them."

Their effect, I found more than satisfactory. Their action was mild and the results all that could have been expected. My liver and kidneys resumed their normal action after I had taken upwards of a dozen boxes, and I regained my old time vitality. Today, I am as well as ever, the best health I have ever enjoyed, and I unhesitatingly give you this testimonial for publication if you wish."

B. A. KELLY. In hundreds of letters received by the Fruit-a-tives Company, the same expression is used. "Fruit-a-tives is the best kidney remedy in the world." At any rate, these tablets have proved the best to the hundreds of men and women who have been cured by taking them. 50c a box, 6 for \$2.50 trial size, 25c. At all dealers or sent on receipt of price by Fruit-a-tives Limited, Ottawa.
