RESUMING WORK IN SHORT TIME

TYEE SMELTER IS UNDERGOING CLEANING

Shipments of Ore Arriving Constantly and Operations Will

(From Thursday's Daily.)

The overhauling of the Tyee smelte at Ladysmith is now in progress and within a short time the works will blow in again and commence the

Every year it is found necessary to lose down for the cleaning up process and the making of the necessary repairs. This done the smelter is in treatment of the supply.

Ore is being received steadily at the up work again there will be a good supply on hand to begin with.

The works have been kept going altinuously, the only interruptions being the stoppage as at the present time for necessary repairs.

YELLOW AND WHITE WILL NOT MIX

(Continued from page 1.)

umber of Japanese to our shores, and apparently we were helpless to stop the rage man will tell you that it is a very

But, Sir, we have in British Columbia a country rich beyond the dreams of avarice. Its mines are rich, it has fer-tile valleys and teeming fisheries, all of and a population of 46,000,000 people, or 400 people per square mile. They see hey can make as much in one day as man to develop it. It has been said think the cry that you must have chea

and thousands and millions of Orientals who are ready to some to our shores. Reverting to the position in Canada at the time the treaty became effective, itself for the sake of such connection.

solution of this problem.

The British Columbia government in very few members in that province at the present time. Mr. Lemieux on

outside their prerogative in passing if proper arrangements can be made such an act, for the reason, apparently, and seeing if the Japanese government that they were afraid their action might be misconstrued when it came to the point of facing their electors at a reelection. However, I maintain that the we have to keep our fence up and meet Natal Act, so far as British Columbia them half way in their keeping their is concerned, is just so much waste paper. The only authority who can satisfy us on this question is the federal government at Ottawa.

Columbia are so strongly opposed to Oriental immigration is not far to seek. Vague hints became rumors. Was Mrs. Dulong being poisoned? Yes, she first class shape to proceed with the I remember very well when I first went to British Columbia twenty years ago that the fisheries were entirely in the works so that when the company starts hands of white men and Indians; there were very few Orientals engaged in that industry. Mining also was in the The Tyee company ever since the smelter was erected has had a very dustry was entirely in the hands of white men. These are the three principal industries of our province, and we have endeavored, so far as we possibly could, to keep them in the hands of men who would help to build up a white Canada. The fisheries upon the Fraser river, that one time employed five or six thousand white men and Indians, are to-day entirely in the hands of the Japanese; you will see three or four thousand Japanese engaged in that industry and very few white men. The canneries are entirely in the hands of rientals; so far as the fisheries of British Columbia are concerned they are to-day entirely at the mercy of Orientals. If these people were to take it into their heads at any time to stop offlux. People living east of the Rocky and no fish canned in Canada. This is work, there would be no fish caught Mountains cannot understand or appre- a rather serious phase of the question, that one of the biggest industries we coming to our shores these numbers of Japanese, apparently prepared to come hands of Orientals, when it might just in thousands more, who would oust our as well be entirely in the hands of white people from our country. That may men who would build up the country. people from our country. That may be said to be a strong view and the avindustry. A few years ago it was a rare thing to see a Japanese of a Chi-

nese in the lumber woods, but to-day t is becoming a rare thing to see a white man there Yet the percie in the rest of Canada which are waiting to be developed. It tell us that we must have cheap labor, is a country with a territory of 387,000 we must have Oriental labor or we can square miles and less than one person to every square mile. Within two country. Now, if that is so, why is it that no other part of this great Canada weeks journey of that country across that no other part of this great Canada the Pacific is another country, with a territory of only 10,000 square miles, to develop their industries? Why does and a population of 46,000,000 people, or 400 people per square mile. They see in British Columbia a country in which they can make a m vince of Manitoba, or the old provinc they can in their own in a week, and where they will enpoy every privilege, a country only waiting for the hand of that the Japanese will not come to us labor by Orientals to work in the difsince the Russian war. But Korea is country to-day. I maintain that we Pacific fell %. There was a sufficient mixture of small gains, however, to give the market an irregular appearance. The London stock market remained closed, and this subtracted mained closed, and this subtracted mixture of small gains, however, to a poor country and Manchuria is always as much right to say to the rest of Canada that they shall have orientated as poor country and Manchuria is always as much right to say to the rest of Canada that they shall have orientated as poor country and Manchuria is always as much right to say to the rest of Canada that they shall have orientated as poor country and Manchuria is always as much right to say to the rest of Canada that they shall have orientated as poor country and Manchuria is always as much right to say to the rest of Canada that they shall have orientated as poor country and Manchuria is always as much right to say to the rest of Canada that they shall have orientated as poor country and Manchuria is always as much right to say to the rest of Canada that they shall have orientated as poor country and Manchuria is always as much right to say to the rest of Canada that they shall have orientated as poor country and Manchuria is always as much right to say to the rest of Canada that they shall have orientated as poor country and Manchuria is always as much right to say to the rest of Canada that they shall have orientated as poor country and Manchuria is always as much right to say to the rest of Canada that they shall have orientated as poor country and manchuria is always as much right to say to the rest of Canada that they shall have orientated as poor country and manchuria is always as much right to say to the rest of Canada that they shall have orientated as the rest of Canada that they shall have orientated as the rest of Canada that they shall have orientated as the rest of Canada that they shall have orientated as ance. The London stock market remained closed, and this subtracted from the usual source of business.

Ruling Prices.

Ruling Prices.

New York, 11 a.m.—The stock market opened irregular with the following prices: Amal. Copper, 45½; Amn. Smelting, 71½; Atch., 70½; Bando, 81; Brook.

Well, I am not objecting to them because of the Rocky Mountains that we find a different view point prevailing; to the more standpoint west of the Rocky Mountains that we find a different view point prevailing; to them because of the Rocky Mountains that we find a different view point prevailing; to them because of the Rocky Mountains that we find a different view point prevailing; to them because of the Rocky Mountains that we find a different view point prevailing; to them because of the Rocky Mountains that we find a different view point prevailing; to the Rocky Mountains that we find a different view point prevailing; and died a few hours later in the general hospital.

The deceased came to Winnipeg from Morris on December 9th, and registered to the Rocky Mountains that we find a different view point prevailing; and the country is the few hours later in the general hospital.

The deceased came to Winnipeg from Morris on December 9th, and registered to the Rocky Mountains that we find a different view point prevailing; and the country is the few hours later in the general hospital view of Canada. It seems when we go a great deal of money and still remain japanese. You may say that is no reason why we sholect to Orientals is that we are the buffer proval income.

The London the country is the few hours later in the general hospital view for the Rocky Mountains that we find a different view point prevailing; and the country is the few hours later in the general hospital view few hours later in the general hospi standpoint west of the Rocky Mouncause they are industrious and diligent, but on broader grounds. In this Dominion the white people are as yet but minion the white people are as yet but a small community. We have an imtains. They appear to be the dividing a small community. We have an immense heritage and a great future, but lic men or from the press, east of the no country can be great which depends solely upon the riches of its soil and its wealth in lumber and fisheries. No country can become great whose people are not great. You cannot build up a great country have the late Dr. John Herald, of Kingston university, and was student at the same institution. He had one more year to study until he secured his degree of M. D., but was broken hearted at the loss of his father. He gave up high character borne by the accused. Magistrate Williams said it was not make the country have the late Dr. John Herald, of Kingston university, and was student at the same institution. He had one more year to study until he secured his degree of M. D., but was broken hearted at the loss of his father. He gave up high character borne by the accused. Magistrate Williams said it was not whose people are not great. You cannot build up a great country by mixing the Occident and the Orient together. It is impossible to bring about conhesian between races which are so directly opposite in views as the Oriental and the Caucasian. It is just as impossible to do this as to mix oil and water.

Derhand in two hundred three hundred in the people of eastern Canada fail to the Americans found sympathy on our side when they had the same troubles that we had. The American people on the same troubles that we had. The American people on the endeavor to forget his troubles. He came to Winnipeg and obtained a clerkship in the city, but did not keep the position long, and left for Granding view, where he took a situation on a ranch. From there he left for Morris, Man, where he went in for farming, and until December stayed on the farm. Perhaps in two hundred, three hundred or four hundred years, some amalgaof Trade hotel at Frankfort. Howard said he did not know he was charged with the assassination until he saw in the newspapers that he had been inthe newspapers that he had been indicted. He at once surrendered to the sheriff; since then he has not had a day's freedom. He declared that he had assassination. Howard stated that he assassination. Howard stated that he assassination. Howard stated that he first fine head assassination. Howard stated that he assassination. Howard stated that he fine head assassination. Howard stated that he confession, Youtsey were in jail together at confession, Youtsey said: "Howard, so far as I know, you are innocent of any connection with the Goebel assassination. Howard for he confession, Youtsey said: "Howard, so far as I know, you are innocent of any tion, but Arthur Goebel is cruel and is willing to see the Kentucky river run bloodshed, and we cannot afford to allow any considerable number of people to come to ur shores out of whom we cannot make good Canadian subjects. That may seem to some members of this House to be exceedingly strong language, but I am convinced that if were landed in one day, had we had a frecurrence of that four or five times, I myself, Mr. Speaker, am afraid to say what the consequences might have been for the rest of Canada. I am afraid to say what the consequences might have been for the rest of Canada. I am afraid to say whow long we would have stood quiet seeing our country flooded with the had been in taking a position in the city. His there been a few more ship loads of Oriental immigrants, such as we saw in the city of Vancouver when 1,100 were landed in one day, had we had a free urrive lower landed in one day, had we had a free urrive lower landed in one day, had we had a free urrive lower landed in one day, had we had a free urrive lower landed in one day, had we had a free urrive lower landed in one day, had we had a free urrive lower landed in one day, had we had a free urrive lower landed in one day, had we had a free urrive lower landed in one day, had we had a free urrive lower landed in one day, had we had a free urrive lower landed in one day, had we had a free urrive lower lan white races of our land; it never can be done by letting down the bars to the in the interest of British connection. free and easy access of the hundreds am of the opinion that there is no Brit

ince. I do not think it requires the training of a constitutional lawyer to recognize the fact that the province of British Columbia was entirely outside

the influx of Orientals as any other part of the Empire.

This is a question, Mr. Speaker, that I have a great deal of difficulty in ap-

its jurisdiction when it passed the Na- proaching in a calm and satisfied man tal Act; the only authority that can her. I think I could make myself a lit handle this question is the federal government at Ottawa, and to the federal of this House. I find that I have a government at Ottawa we look for the little difficulty in restraining myself when we are told that we must, for the sake of peace and quietness, accept th passing the Natal Act arrogated to itself a power entirely outside their and helpless. I say that we are neither sphere, that is, the regulation of immi- helpless nor powerless, and so long as gration into the province. Now, Sir, I have a voice in the public affairs of the passing of the Natal Act has become a hardy annual in the province of British Columbia. There have been migration into this Dominion. We have who would care to get up and declare of our ministers, over in Japan treating they were wasting their time and going with the Japanese government seeing will pass such legislation themselves as will stop any further influx of Japanese fence up. If the Japanese government say they will not allow any more Japanese to come to our country beyond certain number, as they said in a letter to the government in 1902, then, there The reason why the people of British is no reason why the Japanese govern-Columbia are so strongly opposed to ment should object to our saying that none but those who are holding pass ports from Japan to Canada shall b allowed to land; so that it would be impossible for us to have a recurrence of the practice of using the Island of Honolulu as a bridge from Japan to Canada. If we do not stop the influx into Canada I maintain that we will soon find a greater number of Orientals in British Columbia than white per ple. I maintain that in a very short time, we would lose a very importan part of Canada if any trouble should ever arise between the Orient and Great Britain. The Japanese, Chines and Hindus would have a surplus of population as compared with the white people in our province, and they would have no difficulty in taking pos of the Pacific coast. It is my opinion that the yellow peril is much close any appreciation of. Even if it is not. our government in view of what ha taken place in the last few months, take such measures as shall practicall; and thoroughly stop any further influx such as we have had during the last few months. The city of Vancouver has given an object lesson to the rest of Canada. I am not in sympathy with popular outbreaks, which suggest the idea of a riot, because we are a lawabiding people, and we endeavor to pro-tect those who come to our shores, but
