## ST. JOHN STAR.

ST. JOHN, N. B., FEBRUARY 12, 1902

### LORD DUFFERIN.

The death of the Marquis of Dufferin and Ava will be sincerely mourned in Canada, where during the period of his governor-generalship he won the hearts of the people, as much by his rare personal qualities as by the splendid ability with which he handled the most delicate questions of state. The foremost of British diplomatists in his generation he served the empire with steadfast zeal and a combination of the rarest qualities joined to the possession of that knowledge of men and affairs so essential in statesmanship. It has been the happy lot of Great Britain to have always at her command the services of a corps of brilliant men in the diplomatic field, and it is not too much to say that Lord Dufferin was the foremost of his time. The cloud that fell over his latest years, through no intentional fault on his part, will not dim the lustre of his great achievements.

### ADVERTISE IN THE STAR.

Many of the largest advertisers in the United States use no other medium than the newspapers. The papers go into the homes of the people and are carefully read. Through the agency of their columns the advertiser is able to tell his story daily, without any fear that the paper will meet the fate of a circular—to be glanced at and thrown away. The most careful and intelligent advertiser gets the most business. To reach St. John readers the Star is the best medium, because every advertisement is next to reading matter and attracts attention. None are hidden away among reading matter that is not news or is of no interest. Advertise in the Star.

### A BROTHER GONE WRONG.

The following appears in the Sydney, C. B., Post:  
"Aggressive Christianity" was the theme upon which the Rev. C. H. Huestis delivered a very strong discourse in the Jubilee Methodist church last evening. In the course of his remarks the rev. gentleman severely censured the press for its moral tone. To said there were three reasons for the low standard to which the press had descended, these being the morbid curiosity of the public for everything that is startling and sensational, the control of the press by rich corporations that have no souls and the inability of the Christian editor to exert his influence. He said that whereas the press should be a mirror reflecting the good deeds of mankind it catered instead to what was low and debasing in human nature. He elaborated whatever was evil and immoral, gave horrifying details of crime and sin, but of the good deeds performed in life it said nothing and these far out-numbered the bad.

In its search for something sensational on Sunday the Post evidently knew which way to turn, and therefore sent its young man to the church where Bro. Huestis was to be found. The good brother should come to St. John, where he will find the press and the pulpit working harmoniously together, and invariably treating each other with respectful consideration.

The newspaper is a mirror of life. It reflects what it sees, with this distinction, that it does not always reflect the worst it sees. What is good and pure and noble in human action it gives to the public, but exercises a wise discretion in some other respects. The most valuable aid the moral forces represented by the Christian church can have in their work for the betterment of the people lies in the press which he censures, for it lays bare the evil and upholds the good. Bro. Huestis thinks it should be a mirror of the good deeds of mankind, and the inference is that he would not have it reveal the bad. He does not live by his own rule. If the press is immoral and debasing, he should not, on his own showing, tell the people about it. He should not "elaborate what is evil and immoral." The suggestion that the press is controlled by soulless trusts is unworthy of one who should teach his flock the charity that thinketh no evil.

### SMALLPOX AND VACCINATION.

The following from the New York Herald is interesting and timely:—

All over the world an epidemic of small-pox, more serious than has occurred for years, is raging. London, Boston, Philadelphia, Chicago, and New York itself are afflicted. Thanks to years of intelligent submission to vaccination this city has a firm bulwark from behind which the disease may be resisted. There are at present 90 cases on North Brother Island—a gratifyingly low total. In Connecticut and New Jersey whole villages are swept by the disease and it is widely prevalent in Pennsylvania. At London plague ships, anchored 15 miles down the Thames, are overcrowded and temporary barracks along the banks of the river to accommodate 800 patients are being erected. "Vaccination" is the war cry of the health department of this city and of every physician. With thorough vaccination, they say, smallpox would cease to exist, and even varioloid, which alone can live in a virus impregnated system, would become a rarity.

Lord Salisbury, in the Japanese agree-

ment, appears to have sprung another of those surprises which baffle the croakers who insist at frequent intervals that he and his government are asleep. This treaty will have a very decided effect upon the future of China and Corea in their relations with Russia.

### OTTAWA AFFAIRS.

OTTAWA, Feb. 11.—The election in Kamouraska will take place on the 23rd.

Mr. Benique of Montreal will move the address in the senate, and Hon. F. P. Thompson of Fredericton will second it.

Hon. Mr. Fitzpatrick was sworn in minister of justice today.

The governor general was advised today of the death of Trooper Myrtle Davidson of the S. A. C., who died from enteric fever on Feb. 8th. His father is William Davidson of Woodstock, Ont.

The Canadian Press Association has won a great victory. It was the first body to invoke the provisions of the customs act of 1897, and it has been successful in its representation. Last session a deputation of representative newspaper men waited upon the government and stated that there existed amongst Canadian paper manufacturers an association or combine for the purpose of unduly enhancing the price of news print, the class of paper on which newspapers are printed. It was urged that the government should take advantage of section 13 of the customs duty act, and to appoint a commissioner for the purpose of having these charges investigated on oath. Judge Henri Taschereau of Montreal was appointed commissioner on the 25th of April last, to enquire into the matter, and a complete investigation was held. The commissioner's report, dated November 15th last, to the government, sustains in every respect the complaint of the Press Association. The government therefore concludes to exercise the power given to it under the act, and accordingly an order in council, approved of by his excellency, was issued today to the following effect: The customs duty on news printing paper, in sheets, and rolls, including all printing paper valued at not more than 21-2 cents per pound, shall be reduced from 25 per cent to 15 per cent of value.

Mr. Fielding explained to your correspondent that the order in council only applied to news print, because it was in this matter solely that the Canadian Press Association had complained.

W. H. Rowley, manager of the E. B. Eddy Company, when informed of the government's action, said he fully anticipated it. He could not regard it as other than a serious blow at the paper making industry of Canada.

OTTAWA, Feb. 11.—The fourth bulletin shows the total rural population in 1901 at 3,349,965, an increase of only \$2,925 since 1891. The urban population was 2,920,601, an increase of 483,503.

### TO CURE A COLD IN ONE DAY.

Take Laxative Broom Quinine Tablets. All druggists refund the money if it fails to cure. E. W. Grove's signature on each box.

### HOLY GHOST AND US SHUT UP.

The Society at Shiloh Quarantined by the Deputy Sheriff's Orders.

LISHORN FALL, Feb. 11.—The Holy Ghost and Us society headquarters at Shiloh, where between 200 and 300 shriners make their home, has been quarantined by order of Deputy Sheriff Goff because of the presence there of a man who is known to have been exposed to smallpox in Portland.

The cause of all the trouble is a member of the society, named Beckett, who with a fellow-member named McKinnis has been engaged in missionary work throughout the state. For several days past the two men had been living at a house on Cumberland Street, Portland, but returned to Shiloh Monday. A few hours after his departure it was found that this companion who had remained in Portland was suffering from smallpox.

The Portland health authorities communicated with the deputy sheriff here. Beckett was not located until late Tuesday evening, however, and in the meantime it is said he had attended the evening service at Shiloh and mingled freely with the hundreds of inmates there. The man then was removed to a place some distance away under guard and a strict quarantine was placed on the colony.

Dr. Young of the state board of health was notified of the condition at once and it was understood that he would go to Shiloh and make a thorough investigation.

Where McKinnis contracted the disease is not known and as he and his companion have travelled about much it is feared that a great many persons have been exposed.

### JAPANESE-BRITISH ALLIANCE.

An important parliamentary paper was issued in London yesterday, giving the terms of a practical alliance between Great Britain and Japan for the preservation of China and Corea. The agreement is signed by Lord Lansdowne and by the Japanese minister to Great Britain.

The London Standard says that this

## The Baby Sick?

Then probably it's a cold. Babies catch cold so easily and recover so slowly. Not slowly, however, when you use Vapo-Cresoleum. Then a single night is all that is necessary for a cure. You just put some Cresoleum in the vaporizer, light the lamp beneath, and place near the crib. While baby sleeps he breathes in the healing vapor. Cold loosens, inflamed membranes heal, and all trouble ceases. It's a perfect specific for whooping-cough and croup.

Vapo-Cresoleum is a new drug, ever-here, and it's a cold, in the throat, and a cold in the lungs, which should last a life time, and a bottle of Vapo-Cresoleum will cure it. It's a cold, in the throat, and a cold in the lungs, which should last a life time, and a bottle of Vapo-Cresoleum will cure it. It's a cold, in the throat, and a cold in the lungs, which should last a life time, and a bottle of Vapo-Cresoleum will cure it.

treaty will be received in England with enthusiasm, and congratulates Lord Salisbury. The agreement is now in effect, and is binding for at least five years.

### THE FABIAN LEAGUE.

Resolutions Passed in Favor of Employers' Liability Act and Tax Exemption.

At the meeting of the Fabian League last evening the subjects under discussion were the proposed employers' liability act and the exemption of taxation of incomes below a certain standard. Resolutions favoring each were carried and committees appointed to interview the local government and the common council.

The meeting was well attended and was representative of many of the city labor unions. W. F. Hatheway presided. At the opening petitions were presented representing thirteen different labor organizations and bearing about 1,200 signatures, praying the government to pass an act rendering employers liable for compensation in case of injury to workmen, similar to the act now in force in England. A resolution was introduced by Dr. Wetmore, and passed after considerable favorable discussion, endorsing these petitions, but proposing an improvement on the British act whereby disputes thus arising between laborers and employers should be settled finally by a central board of arbitration, to prevent such matters from being carried into the courts. A committee consisting of President Hatheway, D. M. King, W. B. Brown, Dr. Wetmore and M. J. Kelly was appointed to study the petitions and resolution before Premier Tweedie, who will meet the committee in conference tomorrow.

A warm discussion followed on the tax question, the majority of the speakers favoring the exemption of incomes less than \$500 upon a scale laid down by the board of trade some time ago. The common council came in for much sharp criticism for their failure to act in the matter, it being freely stated that their unwillingness to grant votes without the payment of certain amount of taxes was due to the fear of the working man's vote, which would break up the ring now existing and drive many of the incumbents from office. The McKewen bill of last year was characterized as a sop thrown to the laborer by its promoters, who had no idea of allowing it to pass. The board of trade was also attacked by some of the members as an enemy to the interests of the working man. A motion was finally passed asking the secretary to request the various labor organizations of the city to co-operate with the league in forcing the matter upon the attention of the common council.

Red Rose tea is good tea. That is why the sales have increased so rapidly and steadily.

### LEFT REQUESTS OF \$30,000.

ROCKFORD, Ill., Feb. 11.—The Chicago Theological seminary and numerous other educational and religious institutions are beneficiaries of the will of the late Thomas Robertson. The total bequests amount to \$30,000, divided as follows: Rockford college, \$5,000; Beloit college, \$5,000; Rockford Hospital association, \$5,000; American board of commissioners for foreign missions of Massachusetts, \$5,000; American Sunday School union, \$1,000; American Bible society, \$1,000; Chicago Theological seminary, \$3,000; Congregational Home Missionary society of New York, \$3,000; American Missionary association, \$3,000; Congregational Church Building society, \$1,000.

The remainder of the estate, with the exception of small legacies is divided equally among the members of his family. The estate is worth about \$500,000.

### A NEW ANTIDOTE FOR ALCOHOL.

(From the "Times and Opinion," London, England.)  
A recent remarkable discovery in medicine, which has been found to annihilate all appetite for alcoholic drink in a few hours, even in the most hopeless cases, is attracting a good deal of attention among those interested in temperance work. The medicine is purely vegetable, perfectly harmless, and absolutely free from narcotics. Many well known physicians who carefully watched several patients while being treated during a demonstration given by the discoverer, Mr. A. Hutton Dixon, of Toronto, Canada, under the auspices of a number of clergymen, philanthropists, and others, are endorsing this new product as being the only physical cure for alcoholism yet discovered. It has no evil after-effects. The morphine and similar drug craves also yield to this new medicine, and the beneficial results from its use in aggravated cases are extremely satisfactory. A strong argument in favor of this welcome help to unfortunate victims of these troubles is that the medicine can be carried in the pocket and taken in absolute privacy, thus dispensing with the publicity, loss of time and expense of an institute treatment. A report of the results of a grave mentioned demonstration and full particulars regarding this medicine can be obtained by addressing Mr. Dixon, 31 Willocks street, Toronto, Ontario.

### FREDERICTON NEWS.

FREDERICTON, N. B., Feb. 11.—Fire broke out at 10 o'clock tonight at the wholesale grocery and feed store of John Gibson & Son and before extinguished did damage to the building and stock to the extent of \$1,500. Covered by insurance. The building was a double one, one-half owned by the Gibsons, the other half by the estate of Eli Perkins.

The store of Gus Tweedale & Co., hardware merchants, was this afternoon closed up by the sheriff, under bond and warrant to Geo. F. Gregory for \$2,900. It was generally known that the firm had been in financial difficulties for some time. The liabilities of the concern are between \$12,000 and \$13,000. Among the largest creditors are the W. H. Thorne Co., Ltd., of St. John, \$3,700; a Toronto house about \$4,000; James Robertson & Co., St. John, \$3,700; and Caverhill Learning & Co. of Montreal, \$250. The members of the firm are Z. R. Everett and Gus Tweedale, and they have been in partnership for three years. Previous to this Everett was in the hardware business for about 20 years.

Union Blend stands for all that's good in tea. It's the best and contains only the choicest growths.
