THE CURLERS PROGRAMME FOR NEW YEAR'S DAY PLAY

STRIKE FUND STANDS TO LOSE LARGE SUM IF TROUBLE LASTS

London, Dec. 29.—The labor trouble in Lancashire is assuming the most serious proportions. It is announced that 420,000 looms or three-fifths of the whole number in the district, are now idle. The workers will lose $800,000 weekly in wages.

It is estimated that $300,000 weekly will have to be distributed from the weakers' strike fund. Should short time become effective in the spinning mills, which are still running full blast the loss in wages every week will amount to over $1,250,000.

CANADIAN HOCKEY IN ENGLAND

St. John's College, Oxford, Dec. 25—The Oxford Canadian ice hockey team composed of Canadian students at Oxford, commenced their annual European ice hockey tour at Brussels Saturday. Last year the trip was remarkably successful. The team played 21 matches in 18 days, winning all, and scoring 204 goals against 17. They also won four challenge cups. Altho several of the best players, such as Adamson, Munro, Martin and Henry, will not be on the team this year, yet Captain Higgins, has every hope of another highly successful tour.

This year's trip will be more extensive than last year's, both as to time and as to ground covered. It will last 28 days, in which time will be played 25 matches. The following cities will be visited: Brussels, Hanover, Berlin, Leipzig, Dresden, Prague (Bohemia), Vienna, Budapest, Munich, Les Avants, Chamoix and Paris.

The eight men who have been chosen for the trip are:
Goal—J. Fox (Newfld., and Oriel.)
Point—G. Lanctot (Montreal and St. Catherines.)
Cover—J. Williams (Quebec and St. John's.)
Rover—H. R. Tait (Newfoundland and Trinity.)
Center—J. G. Higgins, captain (Newfound and Merton.)
Right—W. J. Pearse (McGill and New College.)
Left—H. Warburton (McGill and University.)
Manager—B. C. de Sola (McGill and St. John's.)

The Oxford Canadian Club has lately become affiliated with the "Ligue Internationale de Hockey sur Glace," and as a result will send a team to Brussels in March to compete for the official European championship. The team already has a moral claim to the title, having defeated the present champions, the Ceszy Svaz Hockeyovy, of Bohemia, on their own ice, in Prague.

IMPORTED STARS FOR MONCTON

It has leaked out at last, Moncton has signed three upper Canadian hockey players of no little ability. They are Fred Povey of Sherbrooke, who was signed by N. R. Norman, when he was on a scouting tour through upper Canada; Ras Murphy and Tommy Smith. Such was the information given to the Times in an interview with a member of the managing committee last evening. It is also stated that the men signed will be here this week. Transportation has already been forwarded them. The news of the signing of Smith and Murphy was expected every day, and now with these three men, along with the local material, Moncton has a good team in view.

Fred Povey plays his best game on the defence, although he is a good forward player if need be. He is about the same build as Norman, and while in a game makes very brilliant rushes. He played on some of the leading teams of the N.H.A., and he is the same Povey that Moncton tried so hard to land last year, but on account of the death of his brother he remained out of the game altogether and looked after the restaurant in Sherbrooke, formerly occupied by his brother.

Ras Murphy was also interviewed by Norman on his scouting tour and was mentioned as being likely to play with Moncton. He is a forward player and is an especially fast skater, and can play on the defense if the occasion demands. He is from Ottawa.

Tommy Smith, who was mentioned in the columns of the Times a few days ago as being signed by Moncton, is also a forward man, and claims Ottawa as his home. He plays the wing and is a steady, hard, consistent player, and like Sibby Nichols, is always on the puck.

The signing of these new men will certainly come as good news to the followers of hockey in this city who have been kept in the dark as regards the signing of players with the exception of Povey. Those in line now are, Wortman, Povey, Crockett, Murphy, Smith, Norman and Cushing. From all accounts, Chester Greggory, the fair-haired center of last year's New Glasgow team, will be out of the game, and the "Vics" will lose one good man in him.

WANDERERS WINNERS OF FIRST GAME

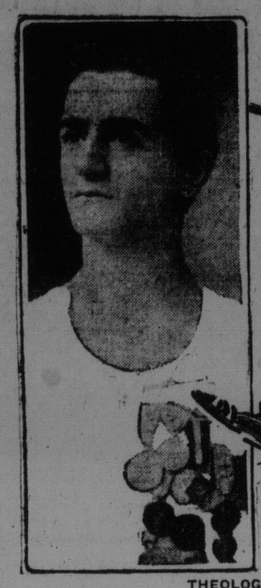
GREEK WORKS AS WAITER TO PRESERVE STANDING



THEOLOG ANA...

Pittsburg, Pa., Dec. 29.—To keep his amateur athletic standing free from the taint of professional, Theolog Anastas, a 26 year old Greek, is shooting biscuits at Pittsburg's ultraswell tavern, the Ehcenley.

Of course he isn't shooting biscuits literally, because at the Schenley the iron and steel kings and their offshoots don't eat such vulgar things, but Theolog is an efficient waiter.

He would not have to toss tid bits for millionaires but for his determination to remain an amateur. He treasures 35 medals and a gold watch won in amateur competitions. He has refused flattering offers to become a physical instructor which would bar him from amateur competition.

Anastas was in five Olympian events in 1906. He has been here eight years, coming to study and participate in athletics. Three years ago his father died and he found himself without funds, so put his dress suit to work and sought a job as a waiter.

Anastas goes in for all sorts of athletics but has made a specialty of gymnastics, such as rope climbing, the horizontal and parallel bars and flying rings. He hopes to make the American Olympic team next year.

OLYMPIC COMMITTEE HAVE PLENTY MATERIAL

When it comes to picking an American Olympic team, for track and field events, the officials of the American Olympic committee will find a world of material to select from.

It is not in these events the committee expects many surprises, such as unknown sprinters, runners, hurdlers, jumpers, vaulters and weight throwers forging to the front and snatching honors from men whose ability has been tested in fire time and again.

It is by no means impossible that unknown athletes will not force themselves to the front and a place on the team through sheer ability, and Secretary James E. Sullivan has said time and again that any man who has the bility will be given every consideration, but the unknown who can beat the known cracks, will indeed be a wonder as a glance through the record performances of star performers discloses.

It is in the events in which the United States has been seldom represented, that the chance for at present unknowns to shine, is brightest. Such things as the tug-of-war, the 200 mile bicycle race, the archery, pistol and rifle shooting events, the equestrian competition, etc.

If the committee decides to take a team of women swimmers and divers to Sweden, it will be an innovation and with the wonderful swimmers who have been developed since the last Olympiad, there is every reason to believe that a team from this country could sweep the boards without trouble.

A representative American Olympic team of track and field athletes if picked today, would probably be made up of the following performers:

Gwinn Henry—100 yards, 9 4-5 seconds.

R. C. Craig—220 yards, 21 1-5 seconds.

E. F. Linberg—440 yards, 49 seconds.

M. W. Sheppard—880 yards, 1 minute, 53 seconds.

J. P. Jones—One mile, 4 minutes, 15 2-5 seconds.

G. Bonhag—Five miles, 24 minutes 58 seconds.

Lewis Scott—Ten miles, 53 minutes 20 seconds.

F. A. Chisholm—120-yard hurdles, 15 2-5 seconds.

J. J. Eller—220-yard hurdles, 24 4-5 seconds.

F. Kaiser—One-mile walk, 7 minutes, 5 seconds.

H. Grumpflet—Running high jump, 6 feet 3 1-4 inches.

Platt Adams—Running broad jump 23 feet 9 1-7 inches.

Matt McGrath—56-lb. weight, 40 feet 3 6-8 inches. Hammer throw, 178 feet 4 inches.

D. F. Aherne—Hop-step-jump, 51 feet 3 1-4 inches.

M. J. Sheridan—Discus, 141 feet 4 inches.

O. Snedigar—Javelin, 166 feet.

P. McDonald—Shot-put, 48 feet 11 3-4 inches.

E. T. Cook—Pole vault, 12 feet 6 inches.

C. Walsh—56 lbs. for height, 16 feet 3 inches.

William Kramer—Cross-country, 37 minutes, 9 seconds.

F. Thompson—All-around champion.

OFFICIALS DELIVER A SEVERE JOLT

By Harry C. Smith.

New York, N. Y., Dec. 29.—There is a big cat out of the golf bag. It is the national handicap list to be established by the United States golf association.

The list is intended for a different purpose than is generally supposed. It is intended to bar hopeless candidates from the national championship.

This statement was made by Fred S. Wheeler, president of the Metropolitan golf association following the annual meeting of the association.

Wheeler's statement caused a sensation among his hearers, for it is doubtful if any outsider suspected an ulterior motive in the recent move to establish the list.

Every American golfer hopes to some day capture the national title just as every schoolboy believes he may some day be president.

The championship field however has grown to such proportions that it is hard to is how an exclusion measure can much longer be avoided. The protest that will follow posting of the list will be vigorous.

Putting up the bars may discourage many a promising star who lacks the patience to work upward through the ranks of sectional associations associations until he is entitled to compete in the national event.

That the movement was started in a gum shoe way, will be distasteful to golfers.

Overthrown by Wind.

Yesterday morning H. G. Deedes of Fredericton, with Wallace Jennings and Charles Nobles of this city, comprising a survey party, had a narrow escape from severe injury near Fairville on the C.P.R. They were riding along on the rails on a three-wheeled velocipede when a heavy gust of wind threw the car off the track. The party escaped injury.

M'GILL HAS ANOTHER VICTORY

New York, Dec. 29.—The McGill University hockey team of Montreal defeated the Crescent Athletic Club seven, of Brooklyn, at the St. Nicholas rink tonight by a score of 4 to 3. The play was fast and many penalties were imposed. At the end of the first half the score was even, 1 to 1. McGill got a lead, but the Crescents evened up again and excitement ran high until Sargeant of the visitors, caged the puck in the last minute of play.

CHILDREN PRESENT A PRETTY CANTATA

The annual cantata and Christmas tree for the children of St. Stephen's church was held in the church schoolroom last evening. The usual supper for the children was held at 6.15 and afterwards the cantata entitled Seeing Santa, was staged.

This child's play was enacted with much joy by the youngsters and when Santa Claus made his appearance the greatest enthusiasm prevailed. One of the features of the cantata was the singing of the chorus, For This Is Christmas Day.

The cast of characters was as follows: Jack Jackson, Dudley March; Santa Claus, D. D. McArthur; plum pudding, James Carpenter; Christmas tree, Elma Carpenter; candy cane, Douglas Lovitt; Christmas candle, Fraser Dick; pumpkin pie, Winnie Ross; jack-in-the-box, Donald Armstrong; mistletoe, Eva Swetka; holly, Marion Irvine; frost queen, Mrs. F. McNeil; four brownies, Sidney Townshend, Douglas Pugsley, Jack Irvine and Thomas Pugsley; cook, Colin Munroe.

After the play the children each received a bag of candy or some other gift from Santa Claus

TANG FANG MAY YET BE RESURRECTED IN DISGUISE OF COOLIE

Shanghai, Dec. 29.—Tang Shao Yi today received a telegram from Peking saying that Tuan Fang, formerly director general of the Hukwang Railroad, and ex-Viceroy of the Province of Chi-Li, had arrived in the capital disguised as a coolie. It was reported December 18th that Tuan had been killed at Tse Cheow, province of Shan-Shi, by his own soldiers under dramatic circumstances.

The telegram received by Tang relates that Tuan says he bribed his soldiers to announce publicly that they had murdered him, instead they killed a pig, and exhibited their bloody swords to the populace, vowing that the stains upon them had been made by Tuan's blood. Meanwhile Tuan, clothed in rags, made his escape.

CANADA GETS MANY AMERICANS WITH THEIR PROPERTY

Winnipeg, Dec. 29.—Official figures given out in Winnipeg today show that 120,000 settlers from the United States came to Canada this year bringing property valued at $20,000,000.
