NEWS SUMMARY AFFECTING MARKET

(F. B. McCURDY & CO.)

New York, Aug. 18.—The tone of the London market becomes better every day. Improved general business and increasing prospect of easy money this fall contributes to optimism. In Berlin the money outlook is not so favorable and threats of labor troubles have a restraining influence upon investments and speculation. Germany will not participate at the Panama exposition. Washington is encouraged over the Mexican situation. The crisis will be reached this week in caucus on the currency bill. Speaker Clark says the Baltimore platform pledges have been redeemed. Our bank statement Saturday showed comparatively small changes. No doubt is entertained of serious damage to the corn crop but exaggeration is in evidence during the crop scare period. The yield of wheat will be phenomenal and the cotton crop promises to be huge. Information channels as a rule suggest purchases upon reactions.

Trading movements governed to some extent by the latest weather developments may be seen today. We would look for conservative buying opportunities in the active stocks with the intention to accept fair profits.

NEW U. S. AMBASSADOR TO TURKEY NAMED

Henry Morgenthau, a New York financier and who is identified with numerous commercial enterprises, has been selected by President Wilson to represent the United States as its Ambassador to Turkey. Although Mr. Morgenthau takes a very active interest in public affairs, he has never held political office.

CLOSING LETTER ON MONTREAL EXCHANGE

(F. B. McCURDY & CO.)

Montreal, Aug. 18.—First one stock and then another gives evidence that attention is being paid to the market once more. Probably the most marked stock this morning was Dominion Steel Corporation. There was no particular activity in this stock, but some where in the vicinity of 850 shares changed hands just the same, and the price was pointed upward. The first sale of the day took place at 48, and the market gradually strengthened until 50 1-2 was made. It was thought that a pool is operating in Steel Corporation. The financial report covering the first quarter seems to have been interpreted as satisfactory, although at the time it was published quite a few on the street were somewhat critical of it. During the remainder of the year it is not unlikely that trading will show tendency to fall off in-as-much as the difficulty of obtaining money has undoubtedly had an influence on the purchasing power of the public.

Trading in Cement seems to have ceased entirely after the recent activity in that stock. Not a share changed hands during the entire morning. The bid and asked price however continued quite firm, being 31 1-4 to 32. The view is expressed here that the recent activity in strength in Cement Common was the result of operations of a pool. However, that may be, the market is now holding steady, notwithstanding the absence of trading.

Another very bullish issue this morning was R. and O. Altogether only a little over 200 shares changed hands during the forenoon, but notwithstanding this the price which was 109 at the opening, was up to 112, closing at 111. It begins to look as though the bulk of the R. and O. floating supply has been gathered in, as intending buyers are compelled to give up large fractions between sales, in order to secure the stock.

Winnipeg has been one of the strong issues. Today it showed the most marked advance of any stock on the list, selling up to 212 from a close of 207 on Saturday. Reports are current once more concerning the negotiations with the Rees syndicate.

F. B. McCURDY & CO.

CLOSING COTTON LETTER FROM JUDSON & CO.

(J. C. MACKINTOSH & CO.)

New York, Aug. 18.—Lower cables and reports of rains in the southwest over Sunday caused an opening decline of 14 to 17 points in todays' cotton market. Detailed weather reports coming to hand later, however, failed to confirm the early advices. While rains have occurred in Southern and Central Texas the southwest portion of that state is apparently still dry. These caused a smart buying movement around noon but contracts were supplied on the rise and the general impression seemed to be that relief in the south was in sight. Final prices ranged 8 to 10 points below Saturday close and sentiment showed a bearish average.

JUDSON & CO.

THE STEADY EARNING POWER OF TELEPHONE COMPANIES

is well exemplified by the Companies composing the Maritime Telegraph & Telephone Company. For more than ten years past they have shown a steady increase. Even during the panic period of 1907-08 when nearly all concerns experienced a considerable falling off in net earnings, these companies not only maintained their usual earnings, but showed a very gratifying increase!

This is one of the reasons why we recommend Maritime Telegraph & Telephone Company Preferred shares as a good investment. Par value of shares is $10.00. We offer a block in lots of one share and upwards.

Investment News
St. John, Aug. 19th, 1913.

To Start an Investment

sometime is the ambition of many thrifty people of moderate means who have hitherto never had sufficient surplus to put their desires into effect.

Through our Partial Payment Plan

there is no need of waiting until you accumulate a considerable sum. An initial deposit of as low as $20 is enough, and monthly payments of as litile as $10 will carry your securities until paid for. Larger deposits and larger payments will purchase proportionately more securities. Thus the plan

Is Within Reach of EVERYBODY

and is therefore one that EVERY man or woman anxious to conserve their savings should learn more about. Our booklet fully describes this convenient plan and should be sent for before the present edition becomes exhausted.
