

GRAND TRUNK EMPLOYEES TO GET INCREASE FIRST TRIP

Minister of Labor Receives Report of Board of Conciliation—Exclude Train Despatchers.

Ottawa, Nov. 26.—The Minister of Labor received today the unanimous report of a board established under the Industrial Disputes Investigation Act to deal with matters in dispute between the Grand Trunk Railway Company and the station and telegraph employees on its entire system, to the number of 1,300. The result is a very substantial gain for the employees.

The Grand Trunk Railway Company has agreed to increase the regular monthly rates by the sum of \$200,000 annually, one-half thereof to be granted on January 1, 1914, and the balance on January 1, 1915. The acceptance of this arrangement and of the schedule of working rules proposed is recommended by the board to become effective from January 1, 1914.

J. G. O'Donoghue, the employees' nominee on the board, favored the inclusion of train despatchers in the proposed schedule. Judge R. D. Gunn, of Ottawa, the chairman of the board, and F. H. McGuigan, the third member, voted against this.

The local council of the Knights of Columbus are making elaborate preparations for a celebration which will be held today and Friday, marking the exemplification of the second and third degrees and the formal opening of the new wing recently added to the Knights' building on Colborne street. It is expected that many visiting Knights will be in the city for the occasion.

This morning at 9:30 o'clock the Knights will parade to the Cathedral where Pontifical Mass will be sung by His Lordship Bishop LeBlanc and a sermon appropriate to the occasion will be delivered by Rev. Father Chapman, who is a member of the order.

At 4:30 p. m. the exemplification of the second degree will be held, and at 8 o'clock this evening the third degree will be exemplified. On Friday evening the new wing will be formally opened and an informal reception will be tendered the local and visiting Knights with their ladies friends to commemorate the opening.

Brother Knights from outside councils have signified their intention of being present at the activities of the local council and the Knights of Columbus of the city are looking forward to a gala time.

ANNIVERSARY OF CITY CORNET BAND

In their rooms last evening the members of the City Cornet Band celebrated the thirty-third anniversary of the founding of the organization. The observance took the form of a social gathering and an enjoyable evening was spent.

The president of the band, James Connolly, acted as chairman. A large number of friends of the band attended, those taking part in the recent "Around the World Fair," and the production of Uncle Tom's Cabin, being guests.

During the evening an interesting musical and literary programme was carried out and addresses delivered by the chairman and members of the organization. Following the programme refreshments were served and an informal dance programme carried out.

Present at the celebration last night were some of the charter members of the band at the time of its organization. Of the original members only four or five are in the city. During the years of its existence the band has taken a prominent part in musical activities in the city.

LAXATIVE FOR OLD PEOPLE—"CASCARETS"

Salts, calomel, pills, act on the bowels like pepper acts on the nostrils.

Get a 10-cent box now.

Most old people must give to the bowels some regular help else they suffer from constipation. The condition is perfectly natural. It is just as natural as it is for old people to walk slowly. For age is never so active as youth. The muscles are less elastic. And the bowels are muscles.

So all old people need Cascarets. One might as well refuse to aid weak eyes with glasses as to neglect this gentle aid to weak bowels. The bowels must be kept active. This is important at all ages, but never so much as at fifty.

Age is not a time for harsh physics. Youth may occasionally whip the bowels into activity. But a lash can't be used every day. What the bowels of the old need is a gentle and natural tonic. One that can be constantly used without harm. The only such tonic is Cascarets, and they cost only 10 cents per box at any drug store. They work while you sleep.

MONTREAL SCANDAL NOW BEFORE COURT

Interesting Evidence Given by F. H. Carlin Before Judge Fortin—St. Denis Ward Deal.

Montreal, Nov. 26.—F. H. Carlin, giving evidence at the inquiry into lands purchased by the city before Judge Fortin today, testified that following the sale of land owned by him in St. Denis ward, for an addition to the city sewage plant, he paid \$5,000 to James MacDonnell, a well known politician, and \$5,000 to an ex-terminator, J. B. Lamoureux, "for the help they gave him."

This deal was previously aired in the law courts by the action of James Birchenough, real estate agent, who took out a writ of mandamus to prevent his going through. Mr. Carlin served the knowledge of Birchenough's motive and the letter, who is awaiting trial on a charge of raising a certified cheque, will be called to testify.

WEDDINGS.

Reid-Smyth

On Nov. 25th, 1913, the home of Mr. and Mrs. Andrew Smyth of Cumberland Bay, Queens county, N. B., was the scene of a very pretty evening when the daughter, Annie L., was given in marriage to William J. Reid of Portland, Maine. The bride was attired in a costume of sage blue silk with gold trimmings. The ceremony was performed by Rev. Ernest Rowlands, after which a dainty luncheon was served. The bride was the recipient of many choice and valuable presents. The happy couple left on the C. P. R. train for Portland, Maine, where they will reside. The bride's travelling suit was of navy blue with white hat to match. They are followed by the good wishes of many friends.

Horsford-Snodgrass.

A marriage of much interest was solemnized in St. John Presbyterian church, St. John, N. B., at noon on Wednesday, November 26 inst., between John Horsford, of Barnesville, N. B., and Miss Sarah Ellis Snodgrass, of Tilusville, N. B., recently of Boston, Mass. The officiating clergyman was Rev. J. H. A. Anderson, B. D., pastor of the church. On account of a recent death in the bride's family the wedding was of a very quiet nature. The bride was becomingly gowned in a brown tailored travelling suit and veiled hat with ostrich plumes, and wore Alaska sable furs. She was the recipient of many valuable presents, including several from able friends. Her brother, Wm. N. Snodgrass, sending her a substantial cheque. The groom's present to the bride was a handsome driving horse. A short wedding trip, Mr. and Mrs. Horsford will be at home to their friends in Barnesville after January 1, 1914.

PLAN FOR PUBLIC PARKS AND PLAYGROUNDS

Representatives of Leading Organizations Meet in Mayor's Office and Decide to Ask Dominion Department of Parks and Playgrounds to Beautify Port Howe.

The proposal to ask the Dominion department of parks and playgrounds to convert Port Howe into a beautiful park was heartily endorsed at a meeting of delegates from seven representative organizations in the Mayor's office yesterday afternoon and a committee was appointed to prepare and send forward suitable resolutions.

Mayor Frink being out of town, Commissioner Agar, on motion of Judge Armstrong, took the chair. Those present were: Historical Society—Geo. A. Henderson and Judge Armstrong. Women's Council—Mrs. T. H. Bullock, Mrs. D. McLellan, Mrs. D. P. Chisholm. Women's Canadian Club—Mrs. E. A. Smith, Mrs. James H. Frink, Mrs. H. A. Powell, Mrs. C. B. Allan. Art Club—William Brodie, Miss C. O. McGivern, J. Clawson. Men's Canadian Club—C. B. Allan, H. A. Porter. Daughters of the Empire—Mrs. Geo. Bilzard, Miss McMillan. Playground Association—Miss Grace Leavitt, A. M. Belding. Mr. Hazen Pledges Aid.

Commissioner Agar read the letter which he had sent to Hon. J. D. Hazen, after this question was first taken up by the Playgrounds Association, and Mr. Hazen's reply pledging support to the project to have Port Howe converted into a park; also his second letter to Mr. Hazen, telling of the resolutions already sent forward by several organizations to J. B. Harkin, commissioner of parks and playgrounds. Mr. Agar added that the city council heartily approved the project and had already sent for the city hall a resolution to that effect. He expressed regret that D. Russell Jack, who had sent the invitations for the present meeting, had been prevented by ill health from being present.

George A. Henderson, president of the Canadian Club, read the following letter to Archdeacon Raymond, who was prevented by other important engagements from being present:

November 26, 1913. His Worship the Mayor: My Dear Sir—I had fully intended being present at the meeting this afternoon but at short notice have been booked for two weddings, one at 4 and one at 5 o'clock, which rendered it practically impossible for me to be at the city hall. Nevertheless I venture to ask you to assure those present at the meeting of the hearty sympathy of this Historical Society (with which I think I am represented) by Mr. Henderson, our president.

The natural features of Port Howe under its present name of Port Howe are well known to all who have seen it. The view from its summit is unsurpassed by any in the vicinity of this city, and may be placed in the same class as some of the views from the mountain in Montreal and from the citadel at Quebec. It would repay the community, as a mere matter of advertisement of the city, to the summit so that tourists might enjoy the view and have a glance at the harbor and all the points of interest there visible. It was under the protection of the fort that the pioneers of settlement at the mouth of the St. John found security. Romantic stories cluster around its rugged sides.

Notable Spots.

The place, with comparatively little cost, might be made one of the city's breathing places, and an attractive recreation ground for both young and old. I feel sure that the Historical Society would willingly undertake the completion of a little folder giving in brief the story of the place and its environs. From the summit are visible the site of the old Indian town of Oujikouy on Navy Island where Champlain was welcomed in 1604; the site of Fort La Tour, and in the far distance across the bay the gate opening into Port Royal (or Annapolis Basin) whence La Tour's rival, Charnais, came over to besiege the Lady La Tour.

In the foreground we have Portland Point, where Captain Francis Peabody built his home in 1762, and the site of the old French settlement, erected in 1773, the oldest building standing in the city. On Cadillac Heights the Martello tower, with its memories of the year of 1812, and the sites of the old French settlements. The site of the old French settlement, erected by Simonds & White in 1769; the spot where the first line of the old French settlement stood in 1769; and many other spots of equal interest are all included in the panorama visible on Port Howe hill.

If in the near future the hill be overrun with squalid tenement houses, its attractiveness will be gone, and the congestion of Main street extended where it needs a breathing place and a recreation ground. The site is never likely to be the site of industrial factories. It is naturally adapted to be a viewpoint and a recreation place.

I apologize for troubling you with such length, and remain, my dear Mr. Mayor, Yours sincerely, W. O. RAYMOND.

Mr. Henderson told what the Historical Society had already done in the matter.

Sympathy Expressed. Mrs. George Bilzard, president of the Daughters of the Empire, said they were very heartily in sympathy with the movement but could not take up the matter without authority from their friends. This they had asked for and she was sure it would be granted, when they would take formal action.

Mrs. E. A. Smith, president of the Women's Canadian Club, said they had quite a long time since taken up the project of erecting a monument to Lady La Tour. As there was a dispute about the exact site of Fort La Tour, it had been decided to select Port Howe as the site of the monument. They had then entered into correspondence on the subject, and

DEFERRING INVESTORS CHARGE

Radio Telephone Company Directors Facing Government Suit—States the Case of Prosecution.

New York, Nov. 26.—Granville T. Ivory, the first of more than one hundred witnesses from all parts of the country, called by the government to testify in the trial of James Dunlop Smith, Samuel E. Darby, Lee De Forest, and Elmer E. Burlingame, charged with conspiracy to defraud investors in wireless telephone stocks, was examined today in the federal court. The examination of Mr. Ivory, who was a witness in the trial of the defendants, will be resumed on Friday.

His opening statement to the jury of the government's view of its case was that the defendants, Robert Stephenson, assistant United States district attorney, declared that when it was announced that battleships of the navy were equipped with the radio wireless telephones, the stock of the Radio Telephone Company, of which Smith was president, jumped from \$10 to \$20 a share, and that later when the Navy Department, after giving the apparatus a trial, discarded them, the Radio Telephone Company continued to represent that it was doing a successful business and went on paying dividends of 12 per cent. out of money derived from the sale of \$700,000 worth of treasury stocks. As late as 1911, when the government raid occurred, Mr. Stephenson further declared that the company's affairs were organized with a united capital stock of \$500,000.

It was with money received from the sale of stock of these companies, he said, that dividends continued to be paid.

Mrs. Smith nominated Commissioner Agar, Archdeacon Raymond, George Henderson and A. M. Belding as such committee, and this was adopted. The committee will meet tomorrow.

Mrs. Smith stated that the Women's Canadian Club would endeavor to make their evening with Port Howe one of the most successful of the season. Interest and strengthen public sentiment in relation to the whole matter.
