

ARREST MRS. CARMAN FOR SOCIETY WOMAN'S DEATH

Doctor's Wife Charged With Being Mysterious Woman Who Shot Mrs. Bailey.

BREAKS DOWN BUT DENIES THE CHARGE.

Arrest Follows Testimony of Insurance Agent Who Says He Was an Eye-Witness to the Shooting.

Freepoint, N. Y., July 8.—Mrs. Florence Conklin Carman, wife of Dr. Edwin Carman, was arrested today, accused as the mysterious assassin who a week ago last night murdered Mrs. Louise Bailey, wife of a Hempstead manufacturer, by firing a bullet through her heart while she was standing in the physician's office. Tonight Mrs. Carman, at whom the finger of suspicion has been pointing since the discovery was made that she had installed a telephonic instrument in her husband's office so that she might hear what went on between him and his women patients, is locked up in Nassau county jail at Mineola. There she will remain until Monday, when she will be taken out and again examined by the coroner, before whom she pleaded not guilty when arraigned today, after her arrest in the room where Mrs. Bailey died.

Mrs. Carman's iron nerve is shattered, for as the steel barred door of the Mineola jail closed behind her she pulled her heavy veil from her face and broke down.

Her husband and the sheriff, who took her in an automobile from her home here to the jail, assisted her to the top floor of the building.

The immediate cause of the arrest was the testimony given this morning by Ellwood T. Bardes, an insurance agent, who the authorities called the single reliable eyewitness to the crime. Bardes is under lock and key also. He is being detained as a material witness, for his story is of great importance that the authorities said they feared an attempt might be made to get him from the jurisdiction of the New York courts.

Bardes' story, briefly told, is this: "At 7:30 o'clock, on the night of the murder, Bardes called on Mrs. Carman to pay a professional visit to Dr. Carman and allow him to dress a minor injury to one of his heels. He left his home and walked to the physician's house. Arriving, he decided he could dress the injury himself and thereby save a doctor's fee. So he walked past the house and then turned around to begin his journey home. At that instant he heard an explosion. He thought it was caused by an automobile tire, but when he looked for the machine he could not find it. He turned his eyes toward the lawn at the side of Dr. Carman's home. A woman, tall, well built, hatless, wearing a light shirtwaist and a dark skirt, was moving away from one of the windows at the side of the physician's office toward the rear of the house. She was not running, not caustically strolling around the lawn; she was walking "in a hurry" the witness swore.

Bardes' story might still remain untried had he not mentioned it, first to a woman who promptly telephoned the district attorney and then to a Catholic priest he visited for advice. The priest urged Bardes to make his story known. But before an opportunity presented itself he was taken in custody by order of the district attorney. Bardes testified today after Mrs. Carman's twelve year daughter Elizabeth had tried to strengthen her mother's alibi and representatives of the manufacturer of the telephonic instrument had told of selling the device to the physician's wife and of installing it in her home.

Coroner Norton, after spending an hour studying the testimony of Bardes and other witnesses, wrote out his charge and ordered Mrs. Carman's arrest.

"Are you guilty of this charge or not guilty?" asked an assistant district-attorney.

"Not guilty," answered Mrs. Carman. With her husband and the sheriff, Mrs. Carman then entered an automobile and was taken to the county jail at Mineola.

In the court house, adjoining the jail, the grand jury tomorrow will begin its investigation of the murder. All the witnesses who have appeared at the inquest and some others were served with subpoenas to appear as witnesses.

DEATH SENTENCE MAY BE COMMUTED IN CRIPPLE'S CASE

Ottawa, July 8.—The cabinet, at a meeting today, dealt with two western capital cases. It is understood that in the case of Anton Drownick, of Regina, sentenced to hang on Thursday, there will be no interference but that John Peter Hanson, of Prince Albert, will be given a remission of the death penalty on account of the fact that he is paralyzed.

RAINBOW FOR PATROL DUTY IN BERRING SEA

British Admiralty Accepts Canadian Government's Offer—To Perform Britain's Share of International Patrol.

Ottawa, July 8.—Part of the Canadian navy will put to sea at the end of the present month. The government has made an offer to the British Admiralty to send the Rainbow up to Berring Sea, to carry on the British share of the International Patrol following the sealing convention. The two admiralty ships which would otherwise have taken part in the patrol of the Berring Sea and the Shearwater, have been sent to the coast of Mexico for the protection of British interests there. The admiralty has accordingly accepted the Canadian offer and the Rainbow will leave the Pacific coast for Berring Sea at the end of July. The crew will be brought up to strength by additions from the Niobe and a few from the admiralty service, Commander Hoop, R. C. N., remaining in command. The Rainbow has a good supply of wood and is thus specially suited for work in northern waters where she will spend the summer. The patrol is carried on jointly by Great Britain, Japan, Russia and the United States.

MONTREAL CIVIC ELECTION CONTEST IS GROWING LIVELY

Controller McDonald Defendant in \$10,000 Libel Suit by Tancred Marsil, Who is Working to Unseat Him.

Montreal, July 8.—With a \$10,000 libel action entered against Controller McDonald by Tancred Marsil, who is seeking to have the controller unseated, the civic election contest proceedings, after having pursued a more or less dormant course for the past three weeks, awakened into new life. Mr. Marsil claims that he has been grievously injured in his reputation, good name, sensibilities, etc., made certain allegations against him in connection with his management of Controller Hebert's campaign.

PREMIER BACK IN OTTAWA TODAY

Not Definitely Decided if He Will Make Political Tour of the West this Summer.

Special to The Standard. Ottawa, July 8.—Sir Robert Borden will return to Ottawa at noon tomorrow. It has not yet been decided definitely whether the premier will make a political tour of the west this summer or not. If he does there will be only a few meetings at the chief points in the west.

LIBERALS IN LONDON AND MIDDLESEX WANT BYE-ELECTIONS HELD

London, Ont., July 8.—It is reported here steps are to be taken to have both London and East Middlesex contests, in connection with the recent provincial elections, set aside. It is charged the residents of the two constituencies voted illegally through the edict of the attorney-general's department whereby the recently annexed districts of London were included in East Middlesex in the balloting. Sir Adam Beck won in London over W. J. Stevenson, M. D. Liberal, and John D. Jacobs, Labor, with John McFarlane, Conservative, the winner in East Middlesex over John Laidlaw, Liberal candidate. The Liberals, it is reported, will seek to have bye-elections held in both constituencies.

EXCLUSION OF ALL ULSTER ACCEPTED BY THE LORDS

Provision in Home Rule Bill For Time Limit to Exclusion is Killed.

THREE AMENDMENTS HAVE BEEN ADOPTED.

Third Change in Bill Places Excluded Section Under Secretary of State Instead of Lord Lieutenant.

London, July 9.—The House of Lords is dealing with the bill amending the home rule bill, with unusual expedition and is wasting little time in discussion. Three important amendments were adopted yesterday. The first provided for the elimination of the clause of the bill requiring that a vote shall be taken in each county of Ulster on the question whether it should be excluded from the operations of the home rule bill. The second provided for the total exclusion of Ulster, without time limit. The third, which was accepted by the government, places the excluded Ulster under a secretary of state instead of the lord lieutenant in order to avoid any possibility of influence from Dublin. An amendment offered by Lord McDonnell, proposing a sort of home rule within home rule by setting up a special Ulster council of 52 members to take over the chief administrative work of the province, was supported by moderates like Earl Loreburn and Baron Courtney but was rejected on votes by 136 to 20.

The Daily Telegraph today asserts, on high authority, that the government eventually will accept the bill as amended by the House of Lords. It adds there will be no difficulty regarding the abolition of the time limit, but that the Redmondites will stoutly oppose the exclusion of the whole of Ulster. They will, however, the Telegraph declares, be contented on this point in the House of Commons by a combination of Unionists and Liberals.

The growing tension in Ulster with the increasing military preparations is seen in the fact that an artillery regiment of the loyalist volunteer force has been created. It is stated that a majority of the members of the royal garrison artillery, county Antrim special reserve, are members of the volunteer force. Nine machine guns of new pattern have arrived at Ulster after an adventurous journey. At the National Volunteer headquarters, trouble is arising over Redmond's nominees, the question being whether they should be accepted generally before being allowed to join the committee. Another cause of irritation is that arms are not being distributed quickly enough to suit volunteers.

FIFTEEN ARE INJURED IN COLLISION

Trolley Car Collides With Freight — Motorman Didn't See Train — Some of Injured Likely to Die.

Faribault, Minn., July 8.—Fifteen persons were injured, several probably fatally, when a trolley passenger car collided with a freight train near here today. Seventeen other passengers were badly shaken up. The collision took place on a curve, where the trolley line and railroad use the same track. The motorman of the trolley car was unable to see the approaching freight.

COMPLETE EXCLUSION WITHOUT TIME LIMIT, ONLY SOLUTION

London, July 9.—The committee of the General Assembly of the Presbyterian Church in Ireland has issued a statement at Belfast, reiterating its opposition to the Dublin parliament. Regarding the government's proposed basis of settlement, they believe that nothing less than the exclusion of all Ulster without a time limit or control by the Dublin executive will prevent disaster. If bloodshed is to be averted, there must be no compromise of the question of placing Ulster Protestants under a Catholic parliament.

New Algonquin Hotel Will Accommodate Five Hundred Guests

Six Stories High, of Re-enforced Concrete, C. P. R.'s New Summer Hostelery at St. Andrews Will Be Handsome and Commodious — Contracts Awarded, Work Will Be Rushed.

St. Andrews, July 8.—The plans for the new Algonquin Hotel, as approved by the president of the C. P. R., have arrived, the contract has been let, and all is now in readiness for the construction of the new building, which will be pushed forward as rapidly as possible. The contract for the superstructure, which it is estimated will cost within the vicinity of one hundred thousand dollars, has been awarded to the Peter Lyall & Sons Construction Company Limited of Montreal, and they are undertaking to have their part of the work finished by the last of October. The building will be constructed entirely of reinforced concrete, all partitions to be of terra cotta, with fire proof doors between the wings, thus making it as nearly fireproof as possible. The new hotel, when completed, will be a handsome and imposing structure of six stories, with accommodation for five hundred and fifty guests and three hundred employees.

The Layout. On the ground floor there will be two main entrances, one to the large-rooms of the hotel, which is ninety feet long by twenty feet wide, with a fireplace at each end, and a ladies' entrance to the drawing room, which room will be fifty by forty feet. In the centre of the main building, as one enters, will be found the general office, manager's office, telephone exchange, news stand, etc. The large and spacious dining room, one hundred and nine feet by forty-one feet, with seating capacity for five hundred guests, is situated on this floor at the west end. Connected with the main dining hall are two private dining rooms, the officers' dining room, and children's dining room. There will also be a ladies' sitting room, and writing and reading rooms. The barber shop, billiard room, bar-room and cafe, for the use of the guests, will be situated directly under the main office. The remaining floor stories will be composed of sleeping apartments, Spadina verandahs and balconies which will adorn the building.

The men in charge of this tremendous undertaking, and upon whom the responsibility rests, are Manager A. A. Allerton of the Algonquin, who is keeping a watchful eye on all phases of the work; George Archer, superintendent for the Lyall Construction Co. Limited; Robert A. Clark, local superintendent for the C. P. R., who has charge of the work of restoring the old wings, which work is being done by the C. P. R. Mr. Clark has eighty-five men employed, and is making splendid progress with his end of the work. Mr. Hutch is inspector for the C. P. R. on the new building. There are about seventy men employed, excavating for the new building, which work, it is expected, will be completed early next week. Concrete mixtures and other necessary machinery, are now being set up to be in readiness with the arrival of two hundred and fifty men during the next few days. The work will be in full swing and will be pushed forward with all possible speed as the hotel must be completed and ready for the reception of guests by the first of June next.

The C. P. R. are sparing no trouble nor expense in order to make this magnificent building one of the finest of its kind on the Atlantic coast, and everything for the accommodation and comfort of the guests is being worked out to the smallest detail.

The C. P. R. inn at Indian Point is now open and ready for the reception of guests with Mrs. Allerton in charge. During the past week about twenty guests have registered.

Clean Sweep for Gov't Expected in Manitoba

At Most Opposition May Carry Seventeen Seats—Woman's Campaign a Feature of the Present Fight.

Winnipeg, July 8.—The provincial election campaign reached its penultimate stage tonight, but in the city here public meetings will be carried right up to the eve of polling. Tomorrow Mrs. Nellie McClung, whose personal campaign has been possibly the most noteworthy feature of the fight the opposition has put up, is to address another meeting here. It is the first time that a woman has made any sort of mark in Manitoba politics, and this fact alone, outside her strong personality, attracts big mixed audiences wherever she speaks. The government forces are as confident as ever that they will sweep the province. One of the most conservative estimates put forward was advanced today, when a prominent Conservative admitted that at the worst the opposition might carry seventeen seats, leaving thirty-two to the government. These seventeen seats, it is said, include every weak government constituency and allow the Liberals three of the six Winnipeg seats. The opposition claim, on the other hand, they are going to win out.

A morning paper this morning said Mr. Norris, Liberal leader, had privately admitted he stood no chance. Norris came back this afternoon that this statement is false. On the contrary, he believes there is going to be a change.—The Roblin government is going to be beaten, and badly beaten on Friday," he added.

THE CANADIAN PRESS OFFICERS FOR 1914-15 H. M. ARNOLD'S MURDERER TO HANG TODAY

Toronto, July 8.—At the annual meeting of the Canadian Press, Limited, (The Associated Press of Canada), the following officers were today elected: President—E. F. Slack, the Gazette, Montreal. First vice-president—E. H. MacKinn, The Free Press, Winnipeg. Second vice-president—W. Blackburn, The Free Press, London. Secretary-treasurer—John Lewis, The Star, Montreal. Directors—J. Ross Robertson, Evening Telegram, Toronto; Jos. E. Atkinson, Daily Star, Toronto; J. P. MacKay, Globe, Toronto; E. H. Cressy, The Telegraph, St. John. Citizen, Ottawa; John Nelson, News-Advertiser, Vancouver; J. H. Woods, Herald, Calgary; W. P. Kerr, The Leader, Regina; W. L. Roblin, The Telegram, Winnipeg; G. Fred Pearson, The Chronicle, Halifax; E. V. McCready, The Telegraph, St. John. A resolution was passed expressing cordial appreciation of the service of J. F. MacKay and J. E. Atkinson, who have served respectively president and secretary of the organization since its formation four years ago.

VANCOUVER SELECTED FOR THE NEXT MEETING

Canadian Medical Association Spent a Busy Day Yesterday.

DISTINGUISHED DOCTORS ADDRESS MEETINGS.

Social Functions and Business Sessions Kept the Visitors Busy—Officers to Be Elected Today.

At the meeting of the Executive Council of the Canadian Medical Association yesterday it was decided to hold the meeting next year in Vancouver. In order to give eastern members a chance to attend the Pan-American exposition without the necessity of making two trips to the west, the date on which the meeting will take place will be fixed by the Vancouver branch of the association. Officers of the association who will be installed at the next annual meeting will be elected today.

The feature of yesterday's proceedings from the professional point of view was the general session in the evening, addressed by Dr. J. Rutherford Morrison of England, and Dr. H. Jellett of Ireland, who came here specially to speak on their respective specialties, that of surgery and obstetrics. This meeting was largely attended, and the addresses were evidently of much interest to the members of the association.

Dr. Murray MacLaren presided and on the platform with him besides a number of distinguished medical men was His Lordship the Bishop of Fredericton.

Senior Surgeon to the Royal Infirmary. J. Rutherford Morrison, F. R. C. S., professor of surgery at the University of Durham, Newcastle-on-Tyne, delivered the address in surgery. Dr. Morrison is senior surgeon to the Royal Infirmary and a honorable staff surgeon of the Royal Naval Volunteer Reserve. He is the author of many papers dealing with surgical matters, and has lectured on surgery for about 25 years. In his address he emphasized the importance of a surgeon having a good knowledge of general principles, saying that the special study of different parts of the body without relation to the whole rather hampered than helped surgery. He dealt at some length with important technical problems in surgery.

SOUTHAMPTON RAILWAY INQUIRY

Expert Engineer, David Kilburn, on Stand at Yesterday's Session—Seventeen Witnesses are Heard.

Special to The Standard. Fredericton, July 8.—Considerable progress was made at the inquiry into the affair of the Southampton Railway at its sessions in the York county court house here today. Seven witnesses were examined altogether and their evidence tended to show that many materials going into the line were over valued in Mr. Johnson's report to the federal department of railways and canals, on which the double subsidy of \$6,400 a mile was paid.

At the morning session Gordon S. Grant, Claude McDonald, W. Henry Maxwell, John Murray and Ernest Stears, contractors, were examined. Their evidence was completed before the noon adjournment.

Daniel Kilburn, of Ottawa, an expert civil engineer, was recalled at the afternoon session, and he provided the sensation of the day, when his report to the federal department of figures showed his estimate of majority of the construction to be \$85,132 lower than Mr. Johnson's. Commissioner Pringle took Mr. Johnson's statement up item by item and secured Mr. Kilburn's valuation of each. This work was not completed when adjournment was made for the day, and will be taken up tomorrow. E. V. Johnson was in court during the afternoon. He will probably go on the stand either tomorrow or Friday, and his evidence is being looked forward to with keen interest. Commissioner Pringle instructed Titus Carter, K. C., to have D. W. Brown, the engineer who had charge of the construction, in court Friday morning. Frank B. Carvell and E. S. Carter were in court for a few minutes during the afternoon.

MAY FIGHT STORSTAD CASE IN ADMIRALTY

Montreal, July 8.—The motion for pleadings in the action of the C. P. R. company against the owners of the S. S. Storstad, which rammed and sank the Empress of Ireland, was granted today by the judge in chambers. This is thought to indicate that the case will be fought in the admiralty court, notwithstanding rumors that it would be dropped or settled.

IN FAVOR OF DEPORTING UKRAINIANS

Head of Trades and Labor Congress Believes Government's Attitude Consistent—Question Discussed in Great Britain.

Ottawa, July 8.—The declaration of Mr. W. D. Scott, superintendent of immigration at Ottawa, that the unemployed Ukrainians in Canadian cities, who have been here less than three years, and are public charges should be deported, should the municipality make the request has engendered widespread discussion. Not only in the Dominion but in Great Britain, has the problem been talked of, and Mr. Scott's action is criticized freely. Various opinions as to the wisdom of this course have been expressed, but the prevailing feeling seems to be that the government should carry out their proposals. Among organized labor this latter opinion is generally held. The whole matter will be gone into at the St. John convention of the Dominion Trades and Labor Congress in September.

Mr. J. C. Watters, president of the Dominion Trades and Labor Congress, is of the opinion that the action of the government in deporting these men is absolutely consistent, and stated that the Dominion authorities only paid bonuses on farm laborers and domestic servants, and that deportation became necessary because dishonest agents and deportation companies often brought people here masquerading under these guises, who were neither class. They should be returned at the expense of the companies who carried them to Canada. Mr. W. Lodge, secretary of the Allied Trades and Labor Association, thinks also that deportation is a desirable course.

"It is just as well to remember," said Mr. Lodge, "that the deported are debarred from re-entering the country, and the stigma is thus attached through this very law. Therefore, no force of any description should be used in encouraging the alien who has reached these shores to give up the right of securing his living in Canada. They come by invitation, very often under misrepresentation, being more lured against than allying. They are induced to come here because it is acknowledged that their services have been needed, especially in construction work. It would appear, however, that they do not readily assimilate, but this is not from an inability to do so, as witness the foreign population in American cities. Rather, it is because we do not attempt to foster a means whereby the children of the alien become Canadians."

Letter Received by Judge Says Secret Society in Winnipeg Will Avenge Murderer's Death.

Winnipeg, July 8.—The following is a copy of a letter written in red ink received by Chief Justice Howell this morning: "The criminal judge: 'I herewith wish to notify the judge and everyone connected with judgment due to criminals, that should Krafczenko be hanged for the crime he is charged with, that there is at this present moment a secret society with 2,000 members (citizens) who are determined and will physically ruin the street constables, shoot the executioner, and give due punishment to all connected in the case, besides obnoxious city destructions, if the sentence is carried out. 'Please note this is no mere threat for we are, (Sign) 'A Determined Mob.

HON. MR. EMERSON IS SOMEWHAT IMPROVED

Moncton, N. B., July 8.—Reports from Dorchester this evening were to the effect that Hon. H. R. Emerson's condition showed some improvement.

THREATEN TO KILL JUDGE AND EXECUTIONER IF KRAFCHENKO HANGS

Letter Received by Judge Says Secret Society in Winnipeg Will Avenge Murderer's Death.

Winnipeg, July 8.—The following is a copy of a letter written in red ink received by Chief Justice Howell this morning: "The criminal judge: 'I herewith wish to notify the judge and everyone connected with judgment due to criminals, that should Krafczenko be hanged for the crime he is charged with, that there is at this present moment a secret society with 2,000 members (citizens) who are determined and will physically ruin the street constables, shoot the executioner, and give due punishment to all connected in the case, besides obnoxious city destructions, if the sentence is carried out. 'Please note this is no mere threat for we are, (Sign) 'A Determined Mob.
