CAPT. CURRY WAS KILLED ON FIRING LINE

Was son of Senator Curry of Amherst—Sailed from Canada on June 10.

Byron Bent of the Rhodes, Curry Co. here, yesterday received word that Captain Leon H. Curry, son of Senator Curry, of Amherst, had been instantly killed in action.

Captain Curry sailed from Canada on June 10 with the 92nd Battalion, (42nd Highlanders). The battalion formed part of a special body of troops known as army corps troops, being under the direct command of the army corps commander.

Captain Curry was one of the most popular officers of the 5th Royal Highlanders in which he held a lieutenant's commission prior to the outbreak of war. When the 42nd Battalion was raised for overseas service Lieut. Curry got his captaincy.

In private life he was assistant to the vice-president and managing director of the Canadian Steel Foundries Limited, of which his father, Senator Nathaniel Curry, is the president. He was also a director of the Canadian Steel Foundries. He was married less than two years ago, to Miss McKean, daughter of the former head of the Bank of Nova Scotia in Halifax, and later of Amherst, N. S. He resided in Sherbrooke apartments, Montreal.

His brother, Captain V. G. Curry, who is with the 1st Royal Montreal Regiment, came back to the city recently, having been invalided home. Capt. Curry was 30 years old, today being his birthday.

BULGARIANS MUST REGISTER WITH POLICE

Two taken to police headquarters yesterday—all alien enemies treated alike.

Two Bulgarians were taken to the police station yesterday afternoon and detained for examination by the proper officials. The chief of police has received official notice to treat Bulgarians in the same manner as the Germans, Austrians and Turks who are in the city.

A few weeks ago, when the news was received that Bulgaria and the allies would soon be at war, a couple of hundred Bulgarians, who were employed in the city did not wait until war was declared but purchased tickets for the United States and made a hasty departure. There is, however, remaining in the city over a hundred Bulgarians, and all will be obliged to register.

About two hundred Austrians are also in the city employed at laboring work and are reporting, and have been since the start of the war. If any one of those registered wishes to leave the city to take up his residence in any other Canadian city, he is obliged to ask permission, and on this being granted is furnished with a passport, and is obliged to immediately report to the chief of police or other proper official in the part of the country to which he goes.

TRAFALGAR DAY WAS GENERALLY OBSERVED HERE

Special service in Trinity church attended by members of patriotic societies

Trafalgar Day had more than ordinary significance in the city yesterday, because of the general desire to cooperate in the Empire-wide view that it should be made the occasion for special effort on behalf of the British Red Cross Society. In Trinity church an impressive service was held at noon to commemorate Lord Nelson's victory in 1805.

The service was conducted by Rev. L. Ralph Sherman, who spoke of the object of the gathering—that of offering special prayers for the Empire. He asked those present to unite with him in supplication for the Empire, Navy, the Red Cross and wounded and for Ourselves and Peace. Special music was provided and an offering for the Red Cross Society was taken.

It is not yet possible to state the amount realized for the Red Cross as a result of contributions placed in the ballot boxes attached to posts in the principal thoroughfares. The foggy, damp weather may have adversely affected the donations, but there is no reason to doubt that a good sum was realized by this method of aiding the cause. The amount to be granted by the city will be announced soon.

The silver tea held by members of Royal Standard Chapter, I.O.D.E., at the residence of Mrs. J. E. Moore, 211 Main street, resulted in the handsome addition of \$72 to the funds of the British Red Cross. The occasion proved most enjoyable. Many ladies prominent in social and patriotic spheres were present, the number approximating 200.

There was a good response to the request that flags should be flown in honor of the day, many of the public and business establishments, as well as some private residences being decorated in this way.
