Funds Raised. The principal's report also showed that the Y. W. C. A. of the Seminary had raised funds amounting to \$214.60, while the Seminary Red Cross Society by regular contributions and special entertainments had raised during the year \$350. Since war was declared in 1914, the Seminary Red Cross Society has raised approximately \$1,000. This is a splendid showing. A unique gift to the school was the presentation of two large flags, a Union Jack and a Canadian ensign.

Last evening was held in Alumnae Hall the business meeting and social reunion of the Associated Alumnae of the Seminary. The society, which was organized in 1892, has raised in recent years nearly \$5,000. The officers elected for the ensuing year were: President, Mrs. V. L. Miller, Halifax, N. S.; first and second vice-presidents, Mrs. F. H. Beels, Mrs. R. W. Ford, Wolfville; secretary, Mrs. H. D. Johnson, Wolfville; treasurer and assistant treasurers, Mrs. C. M. Vaughan, Mrs. Donald Grout, Wolfville.

After the regular business of the society was transacted a short programme was presented by Miss Gaines, reader, and Miss Lella Bailey, singer, both of the Seminary staff. Mrs. Vernon Miller of Halifax has proved, in her position as president, a most indefatigable and enthusiastic worker and to her efforts the success of the gathering was largely due.

The events of interest this morning were the field and track events, carried on on the college campus under the direction of Miss Boone, director of physical expression.

Interest was awakened in this new departure. But this is the day of woman, and she shares with man even in his sports.

Last Night's Event. The event of the week is of course the closing exercises of the Seminary which were held last evening. Principal DeWolfe and the Seminary faculty occupied seats on the platform.

The Programme. The programme included an essay on "The Panoply of War" by Miss Violet D. Jacques, on "Prehistoric Indian Relics of New Brunswick" by Miss Gerda A. Holman of St. John, and on "The Poets and the War" by Miss Eileta M. Colpitts of Lewisville, N. B., and on "Canada in the Councils of Great Britain" by Miss Henrietta Duncan Duren of Boston.

Principal DeWolfe delivered an address on "Duty."

The following diplomas were awarded: Diplomas in stenography and typewriting, Marjorie Bertman, Evelyn Bowly, Dorothy Clarke, Nellie Fader, Jennie Freeman, Russell McCurdy, Elma Smiley.

Certificates in stenography and typewriting, Dorothy Christie, Marjorie Harrington, Maye Holden, Luella Howe, Faye Marshall, Ermina Merser, Mary Hunt.

Principal DeWolfe then proceeded to announce the prize list.

The Prize List. St. Clair prize of \$50 was awarded to Miss Violet Jacques, Wilmot, N. S., for the highest standing in scholarship and deportment in the collegiate course throughout the year.

The Payzant prize of \$20, for highest standing in English studies, was awarded to Miss Ada Boyer, Victoria, N. B.

The Payzant prize of \$20, for excellence in French, was awarded to Miss Eileta Colpitts, Lewisville, N. B.

The Payzant music prize of \$20 was awarded to Miss Lillian Russell, Wolfville, N. S.

The Governor-General's bronze medal, for excellence in English essay work, was awarded to Miss Violet Jacques, Wilmot, N. S.

The Amherst Alumnae prize: The first prize of \$10 was awarded to Miss Winnie Baker, Yarmouth, N. S., for highest standing in household science in the senior year.

The second prize of \$5 was awarded to Miss Dorothy Christie, Amherst, N. S., for highest standing in household

PROHIBITORY LAW IS WORKING WONDERS IN NORTH OF PROVINCE

Rev. W. D. Wilson in City—Says North of Province is Practically Bone Dry Where Act is in Force — Will Watch Amendments by Foster-Carter Combine.

Rev. W. D. Wilson, provincial inspector under the Prohibition Act, was in the city yesterday. He informed The Standard that prohibition in the province has proved satisfactory so far. He said that he had received a communication from the inspector in Kent county and his report was most encouraging. With reference to the North Shore the inspector said he was more than pleased. "In fact," said he, "the enforcement of the prohibitory law throughout the province is meeting with better success than was at first anticipated. This he said was noticeable in Gloucester county, where there are several small railway junctions. At Bathurst the other day, in conversation with a conductor on one of the railways in that section, the inspector learned that a party of lumberjacks, numbering 150, who as a rule celebrate the closing of the lumber camps, were passengers on the conductor's train, and he said it was like a Sunday school picnic compared with former years.

Mr. Wilson said that one case was up before the magistrate at Edmundston last week and the full penalty was imposed.

There are a few minor leaks, said the inspector, "but we have our eye on such cases and the guilty parties will soon be apprehended."

Mr. Wilson left last night for Fredericton to attend the meeting of the legislature, as several amendments to the Prohibition Act recommended by the Foster-Carter combination will be brought in for discussion. It is Mr. Wilson's intention to keep both eyes upon any attempt to defeat the aims of the prohibitionists in New Brunswick.

At this point Miss Eileta Colpitts, president of the senior class, presented Miss Geraldine Reid, for greatest improvement in English composition; to Miss Marian Grant, for excellence in English essay writing; to Miss Evelyn Cogswell, for Pierian short stories; and books as prizes for standing in Biblical study to Misses Jean MacQuarrie, Lella Giberson, Ruth Ward, Hazel Birmingham.

At this point Miss Eileta Colpitts, president of the senior class, presented Principal DeWolfe with the sum of \$25 to be used by him for such incidental improvements as might be indicated, for this gift from the class, Dr. DeWolfe in a few words thanked the donors.

Answered by answer to question 1. 5. Is it true that Michael Nugent and George Amland have been appointed to the board of censors? If so, when?

Answer: Michael Nugent and George Amland were appointed to the board of censors on April 26, and were notified to that effect by the clerk of the executive council and by publication in the Royal Gazette of May 9. Their qualifications were quite equal, if not superior, to those of the former officials holding that office, and they were appointed upon the recommendation of those having the patronage of the city of St. John.

6. Have they been notified of their appointment? If so, when and how?

Answered by answer to question 5. 7. Were said Nugent and Amland appointed because they possessed educational and mental qualifications for the position superior to those of those who were political supporters of the party in power?

SUCCESSFUL RAIDS BY ENTENTE

French Capture German Post North of Vacherville in Verdun Region.

London, May 29.—Hostile raiding parties were driven off during the night southwest of Lens and west of Messines, says today's official statement. "We made a successful raid north of Ploegstreet Woods. The enemy's artillery was active last night in the neighborhood of Bullecourt and on both banks of the Scarpe."

Paris, May 29.—The French have captured a German post north of Vacherville in the Verdun region, according to an official announcement issued by the war office this morning. Two German attacks in the region of Hurbise, on the Champagne front, were repulsed. The Germans attacked after a violent bombardment.

Seven German airplanes were brought down in aerial engagements by French pilots yesterday, and twelve others, seriously damaged, were compelled to land within the enemy lines.

DIDN'T LIKE RULING BY MR. CURRIE

(Continued from page 1) During the consideration of the amendments to the Murray government's strong prohibitory measure, Hon. Mr. Baxter, who was leading the opposition, came out with an equivocal declaration of his party's policy to stand behind the measure as it had been enacted. Hon. Mr. Baxter professed the assistance of the opposition, came out with an equivocal declaration of his party's policy to stand behind the measure as it had been enacted.

Hon. Mr. Baxter agreed that something should be done in this connection. He suggested that the process be left with the chief inspector to determine, expressing confidence in that gentleman's honesty and integrity. The debate was participated in by Hon. Mr. Sweeney, Messrs. Tilley, Campbell, Pinder and other members who made practical suggestions. The measure will likely be amended along the lines indicated.

Who'll Pay That Mortgage?

That mortgage—or other indebtedness—may cause you no worry. You know you can repay it if all goes well. But there's the rub. What if things go wrong? Supposing you should die—could your wife pay the mortgage without your income? An Imperial Endowment Policy for the amount of the indebtedness will insure its repayment, whether you live or die. There is no other means of meeting the case that is quite so certain—that leaves nothing to chance. And the annual investment required is very moderate—moderate at least when you consider the peace of mind it will afford you. Look at this problem squarely—don't dodge—don't wait. The advantages of life insurance are available only to those in good health. Send to-day for information about a policy to suit your particular need. To-morrow may be too late.

committee, promptly accepted them. One of the features of the discussion on the amendments to the prohibitory law was Mr. Potts' appeal to the government to control the prices charged by the vendors of liquor who sold for medicinal purposes on the prescription of a physician. The member for St. John protested against the exorbitant prices which had been exacted by those appointed vendors by the present administration. He wanted something done to prevent this practice of "fleeing the public."

Hon. Mr. Baxter made an admirable suggestion when the government bill to consolidate the acts relating to the solemnization of marriage was under consideration. He came out strongly in favor of the prevailing principle in continental Europe of "legitimation per subsequens matrimonium," claiming that it was only fair to the unfortunate children that the subsequent marriage of the parents would operate to establish its legitimacy. This suggestion commended itself to the government to thwart the desire of deserving parties to become married.

Hon. Mr. Sweeney wanted more stringent provisions in regard to the marriage bonds. The bill providing for the granting of the suffrage to women of twenty-
