

# SEVENTH DAY'S PROCEEDINGS IN THE LEGISLATURE

## THE BUDGET DEBATE IN THE LEGISLATURE OVER AT LAST

### There is a Hope that the House Will Adjourn this Week—Hon. Dr. Roberts' Health Bill is to Come up for Consideration Soon—Statement Regarding Game Laws—Provincial Secretary Gets Into Rather Deep Water on Interest Collections.

Special to The Standard.  
Fredericton, April 21.—The budget debate is over. It closed on Saturday night without division and before adjournment at eleven o'clock the House had made good progress in supply. Honorable B. F. Smith finished his remarks shortly before the supper adjournment at six o'clock and Hon. Robert Murray, provincial secretary, arose to reply.

Mr. Murray's speech was a summing up of the arguments used in the debate. He got into rather deep water when he attempted to say that he had not made a certain statement attributed to him by the leader of the opposition in regard to the collection of interest by the former government. He finally admitted that the matter in dispute was simply a question of book-keeping, but did not tell the House that there were accounts in the auditor general's office which would prove the correctness of the contention of the opposition leader and which the provincial secretary could have seen had he cared to look for them.

The motion for supply was then carried and the House adjourned on Monday morning. Hon. Dr. Roberts' health bill was given a first reading and the House adjourned on Monday morning. Hon. Dr. Roberts' health bill was given a first reading and the House adjourned on Monday morning.

Some bouquets had been thrown at him regarding his stand in the last federal elections. He feared that he did not deserve them and he would explain why. He had not believed in conscription and did not know that he did so yet could fairly differ. He had considered it well and had decided finally to follow the Union government.

### Suffered Great Agony FROM PAIN IN STOMACH For Over 5 Years.

Most of the misery and ill-health that humanity is burdened with arise from disorders of the stomach, liver and bowels. If you are feeling out of sorts, have pains in the stomach, especially after eating, biliousness, headaches, sour stomach, coated tongue, sallow or muddy complexion, specks floating before the eyes, you should take a few doses of Milburn's Laxa-Liver Pills and note the change.

not know that more than \$25,000 would be expended. The work would be carried on under the supervision of Dr. J. W. Robertson. The government grant had been paid and if it were expended in full the provincial funds would be drawn upon but this might not be necessary. It was not the understanding that if the total expenditure were only \$25,000 that the province should pay half. The money for this work is in the treasury for the production of a food surplus five times as great as that of last year.

### Game Protection.

Mr. Murray (Kings) on the item of \$50,000 for game protection said he would like some explanation from the honorable minister as to how the money was to be spent.

Hon. Dr. Smith said that the new forestry act made some important changes in the outside service. Lumber scalers would become game wardens and be employed at an annual salary. They would attend to the scaling of lumber in the logging season, would act as fire wardens in the summer, and in the fall and winter look after the protection of game. He expected to get very efficient men for wardens under the new system. It had been suggested to him that all inspectors under the prohibition act be asked to serve as game wardens without pay. Deputy land surveyors and sheriffs of the province would also be sworn in as game wardens but without remuneration. He had heard of considerable game being slaughtered during the past winter and no doubt there was some ground for the reports as the severity of the winter had favored the illegal hunter. He believed that under the new act the illegal slaughter of game would be greatly reduced. He felt that it was the duty of every citizen to help enforce the game laws. He might say that more fines had been collected during the winter than ever before. Under the present act it was proposed that one half the fines imposed for game law violation would go to the parties paying information.

Hon. Mr. Murray (Kings) said he was glad to know that the honorable minister was making a reorganization in the matter of game protection. He thought good results were to be obtained in the enforcement of the law, it was very important that good men should be selected. He was glad to hear the honorable minister say that he was going to avail himself of the services of a high class of men, such as the sheriffs of the province and undoubtedly the plan would have satisfactory results.

Hon. Mr. Smith said that the amendments to the game act provided for an increased bounty on wild cats, and also a bounty on owls and hawks. Mr. Tilley on the item of \$10,000 for immigration, wanted to know how it was proposed to expend the amount.

Hon. Mr. Foster said he thought the expenses of the St. John office might be less than last year but that would not likely be any reduction at the London office. He was hopeful that the expense would be kept within the appropriation.

### Jordan Sanatorium.

Mr. Tilley on the item of \$52,000 for the Jordan Memorial Sanatorium said that the present was the third session that he had raised an objection to that item. He noticed that the receipts of the institution were but \$11,000 which meant that there was a tremendous deficit at the institution. It had been a free gift to the province, but it did not seem to him that it was fulfilling a service commensurate with its cost. He would hold up both hands for the expenditure of \$52,000 providing that the beds could be made free for the people of the province.

It would simply mean the dropping of about \$10,000 over what was now paid out of the government and he held that the benefit to the province would more than offset the additional outlay. If it was not possible to make all the beds free he hoped that a portion of them would be made free for the poor people of the province.

Hon. Mr. Robinson said that the institution which had been made for the building and grounds, and he said that a large ward being added at the expense of the Military Hospitals Commission and the government would have accommodation for forty returned soldiers.

Mr. Murray (Kings) said that the St. John Standard a statement that Mr. Baxter had said that it was on his recommendation that the government cancelled the order passed by the former administration and opening of the door for the revision of the stumpage rates.

## MEMORIAL SERVICE FOR FALLEN MEN AT CATHEDRAL

### Returned Soldiers, Boy Scouts and Societies Present—Edifice Crowded to Doors and Many Turned Away—Touching Address by Dean Neales.

Special to The Standard.  
Fredericton, April 21.—A memorial service to the Canadians who have fallen in the present war was held in Christ Church Cathedral this morning by the European War Veterans' Association. The returned soldiers, Boy Scouts and other societies paraded to the Cathedral, headed by the Fredericton Brass Band and Boy Scouts' Band. The Cathedral was packed to the doors and hundreds were turned away. Very Rev. Scott Neales gave a very touching address and paid a glowing tribute to the memory of the brave boys who have given their lives in the greatest war of history.

About one dozen of High School boys will leave in the morning for Woodstock where they will join the 6th Battery of Artillery. Premier Foster last week declared that there would be no week-end recess and in consequence many visitors are in the city. Some walked or rode to St. Anthony's church for divine service in the morning, where they were treated to a sermon which for clearness and eloquence they declare they have rarely ever heard.

## THE WAR VETERANS APPEAL FOR AID

"Elevated in hand and four to get" is the slogan of the Great War Veterans' Association in their effort to raise the balance of the money they need to purchase their memorial building. Eleven thousand dollars has already been secured and \$4,000 additional is needed. The "Vets" are giving those who contribute stock for their contributions and the sum of T. McAvity & Son has recently donated \$500 toward the fund, \$100 for each of the five members in the service, Lieut. Colonel McAvity, Majors Malcolm, Percy and Ronald and Sergeant Tom McAvity. The building will be the hub of all veterans' activities and the Rev. P. A. has taken quarters there. It will not be alone a recreation place but a home for the returned men. The association hopes to make arrangements so that any returned soldier who has no relatives and is living on his pension may make his home in the building. Donations may be sent to E. A. Schofield or his worship the mayor and stock in blocks of \$100 will be given in exchange. Large dividends of satisfaction in assisting in the most worthy of efforts are guaranteed with each stock certificate. The veterans themselves have raised \$4,000 toward the fund. Do your "bit."

## THE THIRD FIRE IN TWO WEEKS ON THE RYNDAM

An Atlantic Port, April 20.—The third fire in two weeks was discovered today on the steamship Ryndam, lying at her pier in this port. The blaze was confined to the paint shop of the vessel, where it originated, and an investigation has been started.

The Ryndam is one of the Dutch liners taken over by the United States government a few weeks ago and is the ship in which Count Tarnowski, the Austrian ambassador and his staff, sailed after war was declared against the dual monarchy.

## IN UNIVERSITY CIRCLES.

The University of New Brunswick is endeavoring to secure the services of Rev. John A. Morison, Ph.D., D. D. of this city as baccalaureate preacher this year. Dr. Morison has enjoyed a wide academic career, having, subsequent to graduation in McGill, pursued post-graduate studies for two years in the Universities of Edinburgh, Christ Church, Oxford, as well as in the Royal Prussian University, Berlin. During his ministry in Chicago as pastor of the old First Presbyterian church he was one of the preachers to the University of Chicago and for some time special lecturer to the Chicago Bible Training School. Since the outbreak of war Dr. Morison's intimate acquaintance with the war aims and spirit of the Prussians has proved of value to Canada, and the Empire through his addresses and writings.

Dear Sirs:—

I am 74 years of age, and had chronic constipation for years. Have suffered much at times trying to get relief by using physics. Now I use Nujol every morning just an hour before eating, and find it sure to give relief without griping pains of any kind. It leaves no bad results.

I cannot say too much in favor of Nujol as the best remedy for constipation, sour or burning stomach; it gets away with those troubles right away. My friends use it with the same results, never fails, no griping, no phyching, no inconvenience. I surely recommend it to all sufferers from constipation, old or young.

Hurley, South Dakota, Yours truly, J. B. GORTON, January 3, 1917.

Mr. Gorton's letter is a valuable endorsement of Nujol to every sufferer from constipation. In all cases Nujol is a gentle, natural aid to normal bowel-action.
