Darken Gray Hair,
Look Young, Pretty
by Sage Tea and Sulphur Dark-
ens So Naturally That
Nobody Can Tell.

Hair that loses its color and lustre,
or when it fades, turns gray, dull and
lifeless is caused by a lack of sulphur
in the hair. Our grandmother made up
a mixture of Sage Tea and Sulphur
to keep her locks dark and beau-
tiful and thousands of women and
men who value that even color, that
beautiful, dark shade of hair which
is so attractive, use only this old-time
recipe.
Nowadays we get this famous mix-
ture improved by the addition of oth-
er ingredients by asking at any drug
store for a bottle of "Wyle's Sage
and Sulphur Compound," which dark-
ens the hair so naturally, so evenly,
that nobody can possibly tell it has
been applied. You just dampen a
sponge or soft brush with it and draw
this through your hair, taking one
small strand at a time. By morning
the gray hair disappears, but what
delights the ladies with Wyle's Sage
and Sulphur Compound is that, be-
side beautifully darkening the hair
after a few applications, it also brings
back the gloss and lustre and gives
it an appearance of abundance.

Dunlop Maritime Five Mile Race

Y.M.C.A. Team Almost Completed for Championship at Moncton November 12th.

The line-up of the Y.M.C.A. team which is to compete in the Dunlop Maritime Five Mile Road Championship has been completed with the exception of one man, those chosen are Norval Lampert, Maritime Five Mile champion, Fred Giggrey, Edwin Yeo, Ronald Thomas, and Herb Wetmore.

The race will be held at Moncton on Saturday the 12th and is open to any relay team of six men in the Maritime Provinces. According to the rule which governs the race, the first team which gets four of its members over the line first, will win the cup. Each man will be obliged to run the full five miles. The Dunlop Co. have placed four shields into competition and have divided the Dominion into four districts, the race for the four trophies will be run off in the different sections on Saturday the 12th.

The local Y.M.C.A. boys feel that their chances of winning the shield are of the very best.

Hermann Sees Ruth Suspended For 1922

Former Chairman of Commission is Positive "Home Run King" Will Get Rest.

That Babe Ruth will be suspended for all next season for his violation of organized baseball rules concerning a world's series player engaging in a barnstorming tour, was the opinion expressed by August Hermann, president of the National Baseball Commission.

"I am positive that Commissioner Landis will not condone Ruth's action to any great extent," said Hermann. "I am sure the player will be suspended and possibly for all of next season. It is certain in my mind that he will not start the season with the Yankees, at any rate."

Makes Big Pay.
"Many fans are inclined to support a ball player in any action he may take against the officials and managers," Hermann went on to say. "I think it is no more than fair to call attention to the fact that if it were not for organized ball as conducted today no player could begin to earn the large salaries now paid by the stars."

"I understand that Ruth received a salary of \$20,000 a year. Such a figure would be utterly impossible without the organization under which baseball is operated."

Ruth Broke Word.
"Ruth has given an excuse for his action that he had fulfilled his contract with the Yankees and was under no further obligations to his team until next season."

It is true that his contract expired October 2. If he cared to go on a barnstorming tour at that time instead of taking part in the world series he would have been quite within his agreement that he would not play in an exhibition game after the world's series, and he has not only defied Commissioner Landis, his own club owners and manager, but has also violated his own signed agreement.

ST. JOHN WILL HAVE
NEW HOCKEY RINK
Report on Sites Received and One Decided Suitable Will be Secured.

St. John will have a new hockey rink, was the word given out after a conference held in the mayor's office yesterday of the advisory and investigating committees. Mayor Schofield presided. A report on sites was submitted by the investigating committee and after some discussion one was fixed on as suitable and it was decided to procure it. A further report on the cost of a building on this site will be presented at a meeting to be held on Thursday morning.

There were present Frank White, L. S. MacGowan, H. L. Macdonald and Bernard Mooney of the investigating committee, and A. W. Covay, H. G. Ellis, William Vassie, P. W. Thomson and P. P. Starr of the advisory committee. G. G. Hare, city engineer, who is acting in an advisory capacity on technical questions, was also in attendance.

AROUND THE WORLD HIKERS ARRIVED HERE YESTERDAY

CHARLES BURKMAN

Charlie Burkman, who made the successful hike from Halifax to Vancouver early last winter and spring in 149 days, averaging 26 miles a day for the 3,540 miles hike, arrived in the city yesterday afternoon. The two hikers walked from Hampton yesterday morning and will remain in the city until tomorrow noon when they start for Fredericton. They will call on Mayor Schofield to day for his signature and will appear at the Opera House tonight.

So far the hikers have walked 399 miles, stopping at among other places Windsor, New Glasgow, Pictou, Oxford, Springhill Mines, Amherst, Moncton, Sussex and Hampton.

Burkman and Shubley are on a hike round the world. After leaving Fredericton they will walk to Boston, thence to New York and keep on going until they reach San Francisco, California, where they will take a steamer to Australia, walk through that country and take a steamer for Japan. After hiking through China they will tour India, Southern Asia, Europe and the British Isles. They will stop at all important cities, and gather signatures of all important persons they meet during their hike, and when finished will have about 25,000 names.

They expect to be away three years and six months, and intend to average twenty miles a day.

The hikers are in the very best of condition and say they are happy while they walk.

Power Boat Racing
Rules Are Changed

Modern Hydroplane Types Will be Eliminated by American Power Boat Assn.

Elimination of the modern hydroplane type of speed boats from the Gold Cup races in 1922, in order to stimulate competition in the event have been agreed upon by the American Power Boat Association. A rule limiting the piston displacements of boats entered for the event at 625 cubic inches, was adopted, to remain in force one year.

Gar Wood, Detroit, who drove his Miss America II, to victory in the Gold Cup this year, suggested the rule revision. Mr. Wood's boat averaged about 80 miles an hour in some of the heats.

Mr. Wood said he thought the new rule would cause many owners of boats of the displacement runabout type to enter next year's races. These craft have an average speed of about forty miles an hour.

The association also changed its ruling in the matter of professionalism. Heretofore, power boatmen who needed for small cash prizes were barred from events under the association's management. The clause placing this restriction on entrants was stricken from the rules.

The Basketball Players Ready

City League Meets Wednesday to Arrange Schedule—Intermediates Divided.

The final preliminary meeting of the City Basketball League will be held at the Y.M.C.A. next Wednesday night when all the players must be registered and dues paid up. A schedule will then be arranged for the season. It is anticipated that the league will be in swing again by the 16th.

It is doubtful if there will be any girls section of the league this year, the Y.M.C.A. Young Ladies League are not entering a team, and the Y. M. C. I. Girls will not feature in the league this season either.

In the intermediate section, however, because of the number of teams entered, it has been found advisable to divide this section in two, so there will be two intermediate games a week, the champions of each section playing-off for the intermediate championship at the close of the season.

Miss Hollins Is A Real Champion

Chick Evans Says She Drives as Far as a Man—Miss Leitch Marvelous Player.

By CHICK EVANS.
Returning from the British amateur tourney on board the Aquitania last summer, I had an interesting talk with Miss Marion Hollins, who a few weeks ago was returned winner of the women's national championship at Hollywood, N. Y.

At the time of our conversation Miss Cecil Leitch had just beaten Miss Hollins by the narrowest of margins in the British ladies' championship, but Miss Hollins was in no way cast down by this event, and of all the American entrants she made by far the best showing. In any event, to be beaten by Miss Leitch is no disaster, for the British woman champion is a marvelous player. And I may say here that, despite her defeat in America, I believe she is the greatest living woman golfer.

Miss Hollins is a splendid champion and makes warm friends wherever she plays. In the west and middle west she is regarded as one of the few eastern women who mixes well enough to be very popular. Modesty is also one of the attributes of Miss Hollins, and so it was with difficulty that I learned from her that she planned to win the women's national this year—a feat which she has since accomplished.

There was something more than personal glory that prompted her to make this remark, for she added with patriotic feeling that "every American woman golfer should do her utmost to keep the championship cup on the shores of the water." At that time golfing opinion picked Miss Cecil Leitch

as the very probable winner.

Drives As Far As Evans.
Speaking of Miss Leitch, Marion said: "I drive as far as she does; play as long as I can, do nearly as well on the approach and usually putt as well as Miss Leitch." This description of Miss Hollins' playing by herself describes the quality of her golf as well as can be done. Miss Hollins enjoys one advantage, that she is very strong physically, with powerful hands and forearms.

She drives as long a ball as I do usually, although I think I can get more shots straight down the course than she. She has great power in her strokes and gets out of trouble easily. Miss Hollins will be an exceedingly popular champion for she has the most delightful smile for every one whether she is up or down. Indeed, one of the best parts of Miss Hollins' game is her disposition.

All golfers will rejoice that fortune favored Miss Hollins this year, for she is another of those players who have been striving for some years to come through. In personality, skill, appearance and every other standard she is a splendid champion and a great credit to the game.

Mrs. Letts Deserves Much Credit.
And while on the subject of the women's national I want to mention how proud the west, and particularly Chicago, is of Mrs. Letts, who so valiantly withstood the superb play of Miss Leitch. While, of course, it was a great disappointment to Miss Leitch to lose the American championship, nevertheless it was a wonderful thing for the game.

The greatest golfers are beaten at times by plucky players, and that is the reason why results in golf championship are so interesting. I think Mrs. Letts does not have enough encouragement for her game locally, and she deserves the congratulations of the American public on her great victory. When her short game is work-

Many Entries For Garrison Sports

Y.M.C.A. Have Entered Ten and Y.M.C.I. Two for Events Next Monday Night.

The Y. M. C. A. have entered ten men, and the Y. M. C. I. two, in the Garrison Sports to be held on next Monday, Thanksgiving night, at the armories. The Y. M. C. A. will have two relay teams entered for the distance relay race, and in addition they will have Fred Giggrey and Ed. Weeds in the mile, Harry Evans in the shot put, Forest Allen and Arnold Kee in the high jump, Ed. Yeomans in the half mile, G. C. Cunningham in the running broad jump, and Maynard McLean in the 135 lbs wrestling event. McLean holds the provincial wrestling championship for this weight.

The Y. M. C. I. will have Allen McLean entered in the shot put, and Frank Garnet in the sprints, both men have given a good account of themselves in their respective departments in the past, and should prove hard men to beat.

Ruth In Vaudeville
20 Weeks For \$60,000

Signs Contract With the Keith Circuit—Will Appear in Boston on Monday 7th.

"Babe" Ruth, whose first name is George—if he ever uses it—signed contracts yesterday calling for his appearance for twenty weeks in the B. F. Keith theatres as a vaudeville headliner at a salary of \$3,000 a week, or \$60,000 for the engagement, said to be the highest paid in the business. His engagement is also unusually long for a baseball player. The home run king will open at Keith's Theatre, Boston, on Monday, November 7, and after a few days polishing up in his tryst before opening in Boston. Standing on the Palace stage, trying his voice, he remarked that "the back fence seems an awful long way off."

As Cross was playing in the Davis Theatre, Pittsburgh, last week, Ruth, author Gray and Harry Weber, Ruth's theatrical manager, boarded a train and went to Smoky City to meet Cross to begin work on the act, remaining in Pittsburgh for the rest of the week. Ruth has turned over his home run bats and balls to the Keith management to be exhibited in their theatre for advertising purposes during his engagement. He was represented in the final negotiations by Weber, while the Keith interest was handled by E. F. Albee, circuit, and J. J. Murdoch.

Other baseball stars, of different variety, have been in the Keith string. Nick Al Schacht, noted as come diamond, open at Keith's Theatre, Brooklyn, this dialogue on the national written by Thomas J. G.
