SPRINGFIELD
(occasional)

November 10—On Monday evening,
November 2nd, the members of the
Baptist Church in Springfield, Falk-
land Ridge and Dalhousie assembled in
the vestry of the Springfield church,
to the number of about seventy, to say
good-bye to pastor Dron, who left
next day enroute to his home in Edin-
burgh, Scotland.

There was an impromptu enter-
tainment of music and readings. Mrs.
Louisa Mason, on behalf of the mem-
bers and friends gathered, presented
Mr. Dron with a box containing money
and the good wishes of all. Re-
freshments were served by the ladies.
Rev. Donald Dron has been with
this group of churches just one year.
There are many homes where he will
be greatly missed. With his genial
smile and cheery words, he was al-
ways a welcome guest. We found
him to be a lover of the Old Book and
his sermons were strong and helpful.
May the blessing of God go with him
as he goes back to his home for a
season. Mr. Dron expects to return
to Nova Scotia in the spring and
hope to bring his family with him.
Miss Bessie Lockhart, returned
missionary from India, spoke at the
Baptist Church, Sunday morning.
Crusade Day will be observed in the
Springfield church on Tuesday after-
noon and evening. A supper and enter-
tainment in the evening.
G. M. Durling sent a fine lot of
clothes to the Halifax market last
week.

The Annual Business Meeting of
the Springfield church was held at the
church Tuesday evening, November 3.
Reports were read and officers and
committees elected for ensuing year.
Quite a number from this place at-
tended the funeral of Mrs. Elton
Saunders, on Saturday of this week.
Our sympathy goes out to the bereav-
ed family.

Pure, Rich Blood
Means Good Health

Also it Means Bright Eyes, Red Lips
and Rosy Cheeks

The lack of sufficient red, health-
giving blood does not and merely in-
pale faces and listless eyes. It is
much more serious. Bloodless peo-
ple are the tired, languid, run-down
folk who have no enjoyment in life.
They have heart palpitation, head-
aches and backaches, no appetite,
sometimes fainting spells, and always
nervousness. Just a little more rich
red blood and these troubles vanish.
To get this new, rich red blood Dr.
Williams Pink Pills are just the
thing you need. That is why these
pills have a world-wide reputation as
a blood and nerve tonic. Among those
who have proved the truth of these
statements is Miss Annie M. Blomski,
Woodridge, Man., who says:—"I be-
came very weak and nervous, had
pains in the side and back and suf-
fered from frequent sick headaches.
I was hardly able to do anything
about the house and would awake
with a start at night, with my heart
pounding violently. If I walked up-
stairs I would be breathless and my
heart would flutter rapidly. I used
doctor's medicine but it did not do
me any permanent good. Then I was
advised to take Dr. Williams' Pink
Pills and decided to try them, and I
can now walk and strong and
again and able to do all my work,
and this is all due to Dr. Williams'
Pink Pills. I have recommended the
pills to others who have taken them
with equally good results."

You can get the pills from your
druggist or by mail at 50 cents a box
from The Dr. Williams Medicine Co.,
Brookville, Ont.

FRONTIER COLLEGE

The frontier calendar, just issued, of
Frontier College, Canada's "un-
iversity in overalls," tells the manual
workers, no matter how far out in the
frontier, how they may obtain a
university degree and what help is
available. For twenty-five years the
Frontier College has been taking
secondary education to the frontiers.
To our outer lines of settlement. It
is now prepared under Dominion
Charter to confer degrees in arts
upon those who have the pluck and
determination to complete courses.
Inspired by the principle that every
worker has a right to education be-
cause that given in the primary
schools, the Frontier College has
sent its instructors to the mines, the
forests, the fisheries, the outlying
communities, and the factories, and has
carried on educational work in remote
places. University men and students
in research departments engage in
the same hard manual labour as their
fellows by day and achieve success
in teaching after working hours.
Each year has seen an increasing
enrollment of students and instructors,
proving that success will follow ef-
fort to carry opportunity to the frontiers
when tact and courage are com-
bined with instruction. A little sup-
port from a provincial government, or
here, or from a railroad there, an oc-
casional gift by corporation or indi-
vidual, the Frontier College has
built up its courses and its reputa-
tion with only the pith of education
to stimulate it, and the glamour to
smooth the steps to Parnassus.

To the man, anywhere in Canada,
who works with a craving for knowl-
edge, this calendar, which may be
obtained from the College at 67
Tonge Street, Toronto 2, Ontario,
brings hope of achievement and
with friendly and practical assist-
ance, and under special conditions,
with some financial help in follow-
ships or prizes. To the ordinary man
who takes interest in practical phyl-
anthropic work the calendar is in-
spiring reading.

OBITUARY

Mrs. Susan Tutts
The death of Mrs. Susan Tutts oc-
curred at Kingston, Saturday evening,
November 7th. She was the widow
of the late Leander S. Tutts, who pre-
deceased her two years. Although
Mrs. Tutts had been in delicate health
for some time, the end came with sur-
prising suddenness. She was in her
80th year. Her life having been
spent in Christian usefulness she will
be greatly missed.

late residence Monday afternoon by

"Aleph in Jesus." A duet "God's

RECREATIONAL NOVA SCOTIA

It would appear from the Maritime
province reports that the tourist traf-
fic this season has been exceptionally
heavy, and the hotels have been cater-
ing to vast numbers of motorists.
These have come mostly from Ontario,
Quebec and the New England States,
and it is said their stay in the prov-
ince has been longer than usual.
The tourist trade is particularly
lucrative, have shown a keen interest
in Nova Scotia and its game and fish-
ery resources, and are asking as to the
location of points where hunting and
fishing may be indulged in. Unfortu-
nately, until recently, this informa-
tion was not in such form as to be
easily available. The Natural Re-
sources Intelligence Service of the De-
partment of the Interior, which has
been very active in promoting the
interests of the Maritimes, has just is-
sued a map of Nova Scotia, which
should be particularly valuable to
those who are interested in promoting
the tourist trade in that province.
The new map, which is called "Motor
Roads and Recreational Resources
Map of Nova Scotia," shows the dis-
tributions of game, and the location of
points where hunting and fishing may
be indulged in. The map also shows
the location of the various roads, and
the location of the various points of
interest. The map is printed in
folding form, and is of a size which
may be had on application to F. C. C.
Lynch, Director of the Natural Re-
sources Intelligence Service of the De-
partment of the Interior, Ottawa.

OBITUARY

Harvey Morse
The death occurred at Melville
Square on October 10th of Harvey
Morse, aged fifty years. His death
came as a shock to the community at
large, as he was a very well known
and favorably known by a large num-
ber of people having driven the mail
for a period of time, thus enlarging
his circle of friends.
The funeral took place on Wednes-
day afternoon from the residence of
his cousin, Harding Morse, Melville
Square and was attended by a large
number of friends. Rev. A. A. Mac-
Leod, pastor of the United Baptist
Church, of which the deceased was a
member, conducted the services at
the house and grave. The choir of
the Melville Square United Baptist
Church sang the hymns: "The Sands
of Time are slipping" and "Face to
Face." No immediate relatives sur-
vive him.

Robert E. Barlow, manager of
Walter Hagen, announces that the
British Open Championship winner
will make a golf tour of Western
Canada this summer visiting Win-
nipeg, Regina, Calgary and the
famous Rocky Mountain course at
Banff. Hagen has won the British
Open Championship twice and the
United States Open Cham-
pionship once.

Arrangements have been com-
pleted for staging the biggest In-
dian Pow-wow ever held on the
North American Continent at Mac-
leod, Alberta, early in July. Thou-
sands of Indians from the Bloods,
Blackfeet, Peigans, Crowes, Crees,
Stonies, Sioux and representatives
from the Six Nations, in the East
will take part in the historic and
picturesque pageant.

A Canadian Pacific Railway
freight train was recently held up
near Lemberg, Sask., by a swarm
of tent caterpillars which inter-
fered with the functioning of the
drive wheels on the greasy rails,
where the insects had gathered in
millions. All efforts to plow
through or remove the swarm were
unsuccessful and no progress could
be made until half the cars were
discharged.

Preparations are practically com-
plete for the 1925 Calgary Exhi-
bition and Stampede. It is antici-
pated that the stampede this year
will be the biggest ever held. It
has been extensively advertised in
Canada and the United States, and
a large number of inquiries have
been received from interested par-
ties, who anticipate being present.
Entries have been received from all
the best known riders and ropers
on the continent, and the large
number of valuable prizes offered
for competition ensure that the
spectator will see the best that can
be offered in the way of broncho
breaking, roping, wild steer riding
etc.
