To enumerate the "things"
or "powers" which may cause
a vacancy or bring about
expulsion, & except to declare
all the "Powers" of the Imperial
Commons in force at Ottawa,
renders his argument and
contention puerile.

I hope your efforts
in getting Haydon ousted
will not prove futile,
and that they will not
turn out ~~but~~ like an abortion,
and being Lone's labour lost.

Sincerely yours,
Robert A. Reid
