

aware, and I fear very much that his inspection of the schools would be not at all as thorough as that of Dr. Kelly, who appears to be a thoroughly competent officer and accustomed to the work of school inspections.

I have written to the authorities of the Methodist Church renewing the application of the Board and the recommendation of this Dept. that the schools of that Church on the Six Nation Reserve should be placed under the administration of the School Board and that their resident Missionary should become a representative on the Board.
