

North-West

Territories, with their chief characters.—Continued.

Time of Seeding.	Colour, Size, Arrangement of Flowers and other Characters of the Plant	Method of Propagation and Distribution.	Place of Growth and Products injured.	Methods of Eradication.
August....	Purplish, 1 in., whorled heads strongly scented	Seeds, running root stocks.	Summer fallows, newly cleared land	Summer fallow early, cultivate.
July-Aug.	Lilac, ¼ in., terminal spikes.	Seeds.....	Summer fallows, grain crops.	Summer fallow early.
July-Sept.	Purplish, ¾ in., axillary whorls; stems swollen below joints; bristly.	"	Rich land, all crops.	Hoe, pull, cultivate.
"	Spikes dense; pods 7-16 seeded; leaves inclined to lie down.	"	Meadows, pastures, lawns.	Break up sod, spud.
Aug.-Nov.	Green, 1/12 in., panicle; whole plant mealy white.	Seeds, in grain, clover and grass seed.	Rich soil, all crops	Cultivate, harrow grain fields.
"	Deep green, 1/12 in., slender terminal panicle; whole plant smooth, stems reddish	"	"	"
"	Purplish, ¼ in., axillary; a prickly tumble weed.	Seeds, wind, floods	Fields, railway banks, all crops.	Hoe, cultivate, burn
"	Green, 1/16 in., male flowers in terminal spikes, female axillary.	"	"	"
Aug.-Sept.	Green, 1/12 in., panicle of crowded spikes; root pink.	Seeds, in grain and grass seed, wind	Rich land, every where.	Cultivate late, burn.
"	Green, 1/12 in., spikes along the whitish stems; a tumble weed.	"	"	"
July-Sept.	Green, 1/12 in., spikes along the reddish fleshy stems; seeds twice the size of the preceding.	"	Rich land, where there is some alkali.	"
"	Pink and green, 1/12 in., axillary along the stems.	Seeds, floods.....	Rich low land, grain and other crops.	Hoe, cultivate.
Aug.-Sept.	White, 1/12., racemes.....	Seeds, in grain...	Grain fields, summer-fallows.	Summer fallow early, cultivate.
August....	Green, ¼ in., panicle; seed valves with conspicuous white grains; leaves not waved, pale green.	Seeds, in hay, in clover and grass seeds, wind.	Summer fallows low fields, pastures.	Summer fallow, spud, cultivate,
July-Aug.	Yellow, ½ in., very fragrant.	Seeds, running roots.	Pastures.....	Break early, cultivate
July 10-20	Panicle very loose, purplish; leaves very short.	Seeds, winds.....	Summer-fallows..	Summer fallow early.
Aug.-Sept.	Panicle contracted, awns 4-6 inches long, blackish.	Seeds, carried by animals.	Prairie, seeding freely in wet seasons.	Break up prairie.
July-Oct.	Spikes.....	Seeds, rootstocks carried by cultivating implements	Fields, all crops..	Plough shallow in summer, hoe crops
July-Aug	Pale green, sometimes purplish by cold weather; spikes; flowers long-awned (2 in.).	Seeds, wind, animals.	Meadows, pastures, the barbed seeds injuring stock when eaten	Mow, burn, break land.
ne	Seed hairy and bearing a long twisted awn.	Seeds, in seed grain.	Fields, grain crops	Seed down with early barley or oats and cut for hay, follow with rape or millet.
	Spikelets brown; whole plant sweetly scented	Seeds, running rootstocks.	Fields, all crops.	Plough deep, cultivate often.
