HAT IS EVIDENCE?

Following the Rule of the Courts, the Letter of Mr. Arbour should be admitted as the best possible testi-

The law has provided that no man shall testify in court as to what he has heard others say, but only as to what he has seen or heard or felt himself personally.

The only evidence admissable

is this direct, positive personal experience and such is admitted as the best evidence and such is admitted as the best evidence a witness can offer by any court in the civilized worlh. In supporting the claim that Dodd's Dyspepsia Tablets will cure any case dyspepsia, indigestion or other stomrouble, except cancer, only unqualified statement of personal witnesses shall be offered.

This is not hearsay, it is not guess work, but the strong, truthful personal statements of men and women who suffered, and who have been cured.

Read this letter:—
"I suffered with dyspepsia. I was so bad that for weeks I would be obliged to abstain from all foodexcept milk, which seemed to be the only thing that did not give me terrible distreess Listress.

"I resolved to try Dodd's Dyspepsia Tablets, and am very grateful indeed to be able to say they have cured me completely.

"From the very commencement got relief and began to feel better, and now I can eat anything I wish for without the slightest fear of unpleas

ant after effects."
Mr. Josephi J. Arbour, the writer of the above letter, lives at Perce, Gaspe County, Quebec.

If Mr. Arbour's letter is not convincing, it would be very hard ito and any evidence that would convince.

Doubt and fear are symptoms of

dyspepsia it is true; and so many sufferers have tried for a cure many times and failed that it is no der perhaps that there are many who hesitate to try again, no matter what proof is offered.
But no one has ever tried Dodd's spepsia Tablets and been disap-inted. They will cure any case of omach trouble no matter how acute of how long standing. Indisputable idence has proven it a thousand

CRYING BABIES

The Cry of an Infant is Nature's Signal of Distress.

Bables never cry unless there some very good reason for it. The signal that there is something wrong. Every mother ought to get to work immediately to find out what that something wrong may be. If the fretfulness and irritation are not caused by exterior sources it is con-clusive evidence that the crying baby is ill. The only safe and judicious thing to do is to administer Baby's Own Tablets without the slightest

indigestion, sleeplessness, the irritation accompanying the cutting of teeth, diarrhoea, constipation, colic, and simple fevers, these marvellous little tablets have given relief in thousands of cases and saved many precious baby lives. Do not give a child so-called "soothing" medicines; such only stupify and produce unnatural sleep. Baby's Own Tablets are guaranteed to contain no opiate or other harmless drugs; they opiate or other harmless drugs; they promote sound, healthy sleep because they go directly to the root of baby troubles. Dissolved in water these tablets can be given to the youngest infant. Mrs. Walter Brown, Milby, Que., says:—"I have never used any medicine for baby that did as much good as Baby's Own Tablets. I would not be without them."

Baby's Own Tablets are for sale at all drug stores, or will be sent direct on receipt of price, 25 cents a box, by addressing the Dr. Williams' Medicine Co.. Brockville, Ont.

IS ONE TAUGHT US BY THE EX-PERIENCE OF OTHERS.

Learn This Lesson Well and the Rav ages of Disease Will No Longer be so Prevalent—The Story of One Who Has Been Benefitted and Who Offers Her Experience to Aid Others.

From L'Sorelois, Sorel, Que. Among the multitude of ailments that afflict humanity there are few that cause more acute misery than indigestion or dyspepsia, as it is variously called. Both young and old are susceptible to its attacks, and its victims throughout the country are numbered by tens of thousands. Among the disagreeable symptoms which accompany dyspepsia and make it easily recognizable, the weight, uneasiness and a heavy feeling in the stomach after eating, a feeling of weariness, sick headache and dizziness, pains in the stomach, offensive breath, iritability, etc. Ordinary medicines will not cure dyspepsia. They may relieve its symptoms temporarily, but the trouble always returns and each time in an intensified form. Dr. Williams' Pink Pills is the only medicine which will thoroughly and effectively cure dyspepsia. These pills act not merely upon the symptoms, but on the disease itself through the blood, hence through the stomach, which is strengthened and restored to its normal functions. Mrs. Alp. Lussier, a lady well

known in Sorel, Que., is one of the many who have been released from the clutches of dyspepsia through the use of Dr. Williams' Pink Pills, and in the hope that her experience will be of benefit to some other sufferer she gives the following story for publication: "For over two years I was a sufferer from dyspepsia or bad digestion. The disease became chronic and I was an almost continual sufferer from headaches, heartburn and heart palpitation. All sense of taste left me and at times my stomach was so weak that I was unable to keep any food on it, and this caused me more distress than one could im-Although I tried several remedies, none of them gave me any re-lief, and I began to regard my life as a burden, rather than a joy as it should be. One day while reading I came across a case similar to my own, cured through the use of Dr. Williams' Pink Pills, so in the hope that I would receive similar benefit decided to give the pills a trial. had not taken the pills long before I could see that my hopes for recovery were being realized. By the time I had taken half a dozen boxes all symptoms of the trouble had disap-peared and I was able to enjoy life as I did before being seized with the malady. I have no hesitation in saying that I think that Dr. Williams' Pink Pills are the best known cure for dyspepsia, and I would strongly advise all sufferers to give

DREADFUL DOINGS.

Toronto Mail. Mayor Prefontaine im attacking Tarte, is raising the rac ecry again. He should be ashamed of himself to hus assail the French Canadians. We know Mr. Prefentaine is raising the race cry, because it is always said that dissent from Tarte is a cry of that kind.

There will always be a debatable round as to whether, in respect of what had happened, we might not known better; but, in our thankfulness that we know better now, we can afford to leave that unsettled.

When you get into a tight place and everything goes against you, and it seems as if you could not hold out a minute longer, never give up then, for

NO ARGUMENT NEEDED

Every Sufferer From Catarrah Knows That Salves, Lotions, Washes, Sprays and Douches Do not Cure.

Powders, lotions, salves, sprays, inhalers, cannot really cure catarrh, be-cause this disease is a blood disease, and local applications, if they accomplish anything at all, simply give tran-

sient relief. The catarrhal poison is in the blood and the mucous membrane of the nose, throat and trachea tries to relieve the system by secreting large quantities of mucous, the discharge sometimes closing up the nostrils, dropping into the throat, causing deafness by closing the Wustachian tubes, and after time causing catarah or serious threat time causing catarrh or serious throat

A remedy to really cure Catarrh must bean internal remedy which will cleanse the blood from catarrhal pois-

on and remove the fever and congestion

The best and most modern remedies for this purpose are antiseptics scientifically known as Eucalyptol, Guaiacol, Sanguanaria and Hydrastin, and while each of these have been successfully used separately, yet it has been difficult to get them all combined in one palatable , convenient and efficient

The munfacturers of the new cai tarrh cure, Stuart's Catarrh Tablets, have succeeded admirably in accomthe throat and finally the stomach. Unlike many catarrh remedies, Stuart's Catarrn Tablets contain no cocaine, opiate or any injurious drug whatever, and are equally bene-

ficial for little children and adults. Mr. C. R. Rembrandt, of Rochester, N. Y., says: "I know of few people who have suffered as much as I from catarrh of the head, throat, and stomach. I used sprays, inhalers and powders for months at a time with only slight relief, and had no hope of cure. I had not the means to make a change of climate, which seemed my only cure. "Last spring I read an account of some remarkable cures made by Stuart's Catarrh Tablets and promptly bought a fifty cent box from my I all I could ask, and my hearing catarrh, has greatly improved until I feel I can hear as well a fever. They

are a household necessity in my fam-Stuart's Catarrh Tablets are sold by druggists at 50 cen's for complete treatment and for convenience, safety and prompt results they are undoubtedly the long looked for catarrh curs.

An old-fashioned country remedy that a village housewife recommends to drive out moths is tansy leaves. These sprinkled freely about woolens and furs prove efficient.

Fashion and Comfort.

For once fashion and common ense have joined in the cause of comfort in ladies' footwear The really fashionable shoe is wilt much like a man's shoe on womanly scale.

This fashion has the advantage of a fine appearance, combine with common-sense comfort, and will therefore be a permanent one. Won the gold medal at Paris Exposition.
