**Your Subscription** 

# **Canadian Thresherman** and Farmer

FIRST PRIZE-AVERY FARM TRACTOR-\$2500.

AND WIN SOME OF THESE

# **2000 FREE PRIZES**

Remember, unless renewed, all subscriptions are promptly discontinued when they expire.

One Dollar pays for a whole year's subscription, and entitles you to a guess on the number of kernels in eight pounds, eight and seven-sixteenths ounces of No. 2 Northern Wheat. To the two thousand subscribers who first guess nearest we will give the prizes as listed, valued at \$4,572.50. The contest is open to everyone in Canada except residents of Winnipeg.

The wheat used in the contest was procured from the Dominion Grain Inspector's Office, Winnipeg, and is partially cleaned. An ordinary gallon bottle was secured, and the wheat and bottle taken to the Dominion Weights and Measures Office, and the bottle filled right to the top with wheat. After deducting for the weight of the bottle, the wheat was found to weigh exactly 8 lbs., 8 and  $\tau_{\rm s}$  oz. The bottle was immediately sealed, photographed, and deposited with the National Trust Co. to be held by them until the contest closes May 31st, 1910.

Subscribe for two or more years, or send in additional subscriptions, and you obtain more estimates. Remember you may win a prize for every estimate you send in.

Send all subscriptions to E. H. Heath Co. Limited, Winnipeg, Canada. and be sure and write your estimate plainly.

#### You May Get More Estimates thus:
