

Whipple Humane Horse Collars

Will permit you to get more work from the horses you use than is possible from any other way. They are so constructed as to apply the greatest amount of pulling space on the animal, and yet leave all that part of the shoulder free from strain that was never intended for strain (study the illustration), and you will notice an ill-fitting collar will draw on the top and the bottom of the scapula bone. Nature intended the draft to come between these two trouble points. Whipple Humane Horse Collars work where nature intended the draft to work. See your best saddlery dealer, if he has not got them, write us, and we will tell you who will supply you.

Ideal Green Feed Silos

An "Ideal" on your farm means

Better feed, cheaper feed, more milk, larger profits

The most prosperous and successful dairymen in Canada all agree that one of the first, and certainly the most profitable, investments that a cow owner should make, is the erection of a good silo.

Leading dairymen also testify that the *Ideal Green Feed Silo* can be depended upon to give entire satisfaction. It has proved its worth by years of use upon Canadian farms.

The materials and construction throughout of the *Ideal Green Feed Silos* are of the very best, and everyone contemplating the erection of a silo this year will find it to his advantage to get our specifications and prices before contracting for the erection of a silo.
