Pride In Personal Appearance

Most men realize the value of neatness in personal appearance and what it means in the race for business and social success.

We do our part by laundering linen in such a way that it is both snowy white and attractive. Our domestic finish is refined and easy on linen. Makes collars, cuffs and shirt fronts wear twice as long. We Know How. Send a trial order.

GIVING YOURSELF FOR THEM

THE happiest man in the world is he who lives to make *others* happy. This fixed law may involve "self-sacrifice," but what married man, especially, calls a service sacrificial that brings happiness to his loved ones? It is a privilege, as well as a duty, to provide a continuous income for his own, who will probably live after him—to support his wife and keep the children clothed and at school, to give them a fair start in life. This can only be accomplished by securing a clear-deeded estate, which is possible only by means of life insurance. A paid-up Policy may be all that is left.

If you lack a sufficient amount, in these changed conditions of life, *now* is the right time to secure more, with *The Continental Life*. Our Twenty-Payment Life Policy—one of the most popular of many policies, provides: that all premiums shall cease in twenty years; that dividends will be paid during the twenty years, and afterwards; that such monthly payments will not be deducted from the policy at your death; that after three years or more you may take a paid-for policy, not requiring further premiums; that the policy cannot lapse while a sufficient cash value exists to pay at least one year's premium; that the policy is indisputable after two years; that you may reside or travel in any part of the world, or engage in any occupation. Don't delay, but
