

### MAKE THE COWS WORK

The difference between cows with a separator, and cows without a separator, is just the difference between "keeping" cows and the cows "keeping" YOU.

and produce, in comfort, two pounds of butter from the same source, which, with drudgery, yields one to-day. Don't have cows around simply as part of the farm picture: make them work for you.

The De Laval lasts a lifetime, and is exclusively used in creameries and model dairies.

### ROBSON THE CREAM OF THE

# KOOTENAY

Messrs. McDermid & McHardy, Nelson, B. C.

Robson, B. C., 22-4-07

Dear Sirs:—

I bought a lot from you 1st Jan., 1907, not seeing it until I moved on it 27th March. I wish to state the quality of soil, and the location of the property far surpasses my greatest expectations. I have lived on the prairie for twenty years, in southeastern Saskatchewan. I travelled over a considerable portion of B. C. before locating here. People on the prairie imagine living in the Rockies means obtaining a very short glimpse of the sun during the daytime. In fact, according to their ideas, the length of time it takes the sun to traverse the space from behind one mountain until it hides itself in obscurity behind the next, is all the sunshine we are entitled to. I was agreeably surprised myself to find we have just as bright sunny days here at Robson as we had on the Prairie.

People in the East, who are intending moving to some other part of the country, where they can enjoy a more favorable climate, and surroundings, would save themselves a great deal of expense and travel, if they would come to Robson. After they had thoroughly examined the property and the location, they would undoubtedly conclude, "They could not possibly wish a better place to live."

I find all prices for produce and the general description of the property exactly as stated in advertising matter, and not in the least exaggerated.

Yours sincerely  
(Signed) H. Hedley.

MENTION THIS PAPER

## DIVIDENDS

It is on account of the high dividends paid by the Great-West Life to its Policyholders that the Company's Policies are so widely popular - this, and the low rates of premium charged.

Three declarations of profit have been made. The first gave a dividend of \$50 per \$1,000 - the full estimate made. The second gave \$75 per \$1,000. The third dividend, being paid this year, gives \$100 per \$1,000, just double the first dividend and estimate.

Ask for rates at your own age. Remember - there is no substitute for the protection of Life Insurance.
