**The Situation.**

At Verdun the French have once more resumed the offensive, and by a sudden thrust forced the Huns out of more than two hundred yards of trenches on the heights of the Meuse. It was a brilliant assault and once more serves to demonstrate that Joffre's men are still full of confidence and fighting vim.

There have been engagements at many points on the British front, with the foe repulsed on each occasion. The Belgians have also been fiercely attacked, but the line still holds.

The Russian official statement shows still further progress in the Caucasian operations. There is a new, important military position on the Tigris river. This makes in all five armies now under the direction of Grand Duke Nicholas, and no one doubts that he is thoroughly equal to the job.

**The Action of Mayor Church**

Mayor Church, of Toronto, may think that he has done a very smart thing in challenging the power of the Ontario Government to collect a war tax in that city, but in the opinion of this paper he has made an exhibition of himself, and put the people of the Queen City in a very false light.

Nobody outside of Toronto gives a flip what that place does, as affecting itself—they do some extraordinary things, and the crop of big men emanating from there could be stuck in the municipal eye without calling for the services of an oculist—but the trouble is that, as the largest centre in Ontario, it is regarded as representing the feelings of the Province. As a matter of fact it doesn't; God forbid.

Right now they are having a village squabble in the papers there as to who inspired Mayor Church to take his misguided course—whether he made the faux pas off his own bat, or was instigated thereto by this, that or 'tother gent.

Practically all the people of this Province, except those of Hun extraction, are agreed that the Provincial Government should do its part in connection with the war, and the feeling is general that the Hearst administration followed a common sense plan in the matter. An extra mill on the dollar to be levied on all communities, not only served to distribute the levy in an equal fashion, but also avoided any expensive extra machinery for collection.

Along comes Church and tries to upset the whole thing. It is to be hoped that he doesn't in reality represent Toronto feeling, and the Queen Cityites for the sake of their own reputation should repudiate the placing of themselves in any such false light.

The mischief of it is that the Germans will translate Toronto action as an evidence that the leading province in the greatest Overseas Dominion, is getting sick of the war and resenting any further levies for the carrying on of the same.

It is up to the people of Toronto to take an emphatic course to free themselves and incidentally the Province from this nasty and wholly unwarranted imputation.

**Notes and Comments**

Mayor Church of Toronto evidently isn't big enough to be ever taken for a cathedral.

Certain Grit sheets—the local Grit organ included—are trying to explain away Laurier's mischievous bilingual agitation. They can't do it. He has shown himself in his true colors, and no amount of plastering will hide that fact.

The head operator of the telephone exchange in Paterson, N.J., has ordered all the girls to wear long skirts. The fact that they have ankles is to be taken for granted without any display of same about up to the knee.

A New York farmer who fell into a swollen stream owes his life to the fact that his wooden leg enabled him to keep his head above water. The very reverse was the experience of a woman who wore a life preserver as a bustle.

**To the Grave**

**MRS. BONNEY.**  
The funeral took place on Monday afternoon of Mrs. H. Bonney from her late residence, 114 Sheridan St., to Grace Church, thence to Mt. Hope cemetery, where interment was made in the family plot. Rev. Archdeacon Mackenzie conducted the services at the house, also at the church, assisted by Rev. Patterson-Smythe. The floral tributes were very numerous, showing the esteem in which the late Mrs. Bonney was held. The pallbearers were: Messrs. I. Ogle, William Lake, D. Hutton, J. Dugdale, J. R. Valey, Wm. Hartwell.

**AUGUST BARCHÉ.**  
The funeral of the late August Barché took place yesterday afternoon from 8 Chestnut avenue to Mt. Hope cemetery, the services being conducted by Rev. Capt. A. E. Lavell of Brant Avenue Methodist church.

**Amount Raised.**  
Toronto, May 16.—A last minute change was reported today in the amusement tax scale, the 1-cent tariff being made to apply to tickets up to 15 cents, instead of 10 cents, as formerly.

who has been proved to be a German sympathizer, and the whole effect of his actions has been to place grave secrets in the hands of the Huns.

The evidence thus far adduced before the Royal Commission at Ottawa has not brought home in one single particular the allegation that money had to pass as the price of securing contracts. The only thing shown has been the existence of commissions, which as a matter of course always take place in connection with large transactions. It is further shown that in the earning of them there was the resultant advantage of greatly reduced prices.

The Expositor during the course of some biased criticism says:

"So that a little light is beginning to be shed on the story of Mr. Lloyd Harris that pressure was brought from men higher up to have the contracts placed in the United States."

As a matter of fact, there has not been one little of such testimony.

Mr. Harris and the Russell Company, whom he represented, have been depicted as a set of sacrificed lambs. The record shows that they were after war orders, and got some, which they afterwards partially let in the United States. They weren't seeking the same for the sake of their health, and the nature of the profits can be gauged by the way Russell stock has commenced to climb. The Shell Committee did not think them capable of making fuses, and there was nothing in the history of the concern to show that they could. The Russell enterprise as such has become much more of a reassuring business proposition than before the war contracts came to it.

As an illustration of the outside manner of looking at the whole thing, the Pittsburg Despatch, during the course of an editorial, says:

The investigation of the charges made against Sir Sam Hughes' shell committee in Canada has developed one extraordinary phase, proof that his appointees had an opportunity to collect \$42,000,000 of "honest" graft, yet conscientiously spurned it. When the committee undertook to furnish munitions for the British war office as agents, the London department, in keeping with traditional red-tape methods, refused to deal with them as agents, but insisted upon dealing with them as contractors. Virtually the war office said it would give the committee contracts for no much munitions and pay \$392,000,000 for the goods. The London authorities appear to have thought this a smart move designed to prevent their being classed by greedy Canadian contractors. As it turned out, the committee thus forced to be contractors found it could obtain the supplies for \$350,000,000.

Between the Canadians who are placing orders in the United States that Canadians would have liked to profit by, and the committee members who have by a chance to collect \$42,000,000 of "honest" graft, real Canadian patriotism should have no hesitation in deciding.

To the above it might be added that the amount saved the British authorities was in reality \$32,000,000.

It will thus be seen that the Expositor, in its worship of Carvell and his charges, is in exceedingly poor business.

**Local News**

**SOLDIERS' DANCE.**  
All the indications point to the big success of this dance to be held on Friday evening in the Armories under the auspices of the Brant Chapter, I. O. D. E. For those who do not dance, progressive euchre will be provided.

**WESLEY E. L.**  
"Kindness and Friendship" was the topic at Wesley Epworth League at the regular weekly meeting last night. Mr. John Bowden was the speaker of the evening and delivered an excellent discourse. The lesson was read by Miss Edna Graham, while Pte. Clayton Smale of the 125th Batt., presided.

**"CUBS" MET.**  
At an enthusiastic meeting of the supporters of the Holmedale "Cubs" held last evening at Waterworks place, the regular weekly meeting last night, Mr. John Bowden was the speaker of the evening and delivered an excellent discourse. The lesson was read by Miss Edna Graham, while Pte. Clayton Smale of the 125th Batt., presided.

**POLICE COURT.**  
Contraband of war, in the form of alcoholic beverages, was in the possession of Wm. Clouse, a proscribed person, and was bartered by him without the necessary formality of taking out a license. Arraigned in the police this morning on this charge, Clouse was remanded until Monday next.

**THE BRANT.**  
Despite, or possibly because of, the new war tax tickets, one of the largest Monday night audiences seen for some time assembled at the Brant last night, to witness a good all-around programme strengthened most by the moving pictures presented.

**DEMONSTRATION FARMS.**  
The demonstration farms which the Canadian Pacific has set up, both east and west, have been employed with signal success in one special direction—the setting up of higher standards. Through precept and example the company has brought about a most desirable change in values. In other words, the example and encouragement of the railway company, through these farms and by other means, have caused those who have food products to sell to give closer attention to quality than was their former habit. The company insists upon the first-rate quality of food products on the cars; and has taught the farmers, both east and west, how best to supply it. Quality in butter, eggs, fowl, etc. in the neat and tidy putting up of food products, too, there has been decided improvements. The farmers have been seen, right at their elbow, that values can be greatly enhanced by careful attention to details.

**SUCCESSFUL STUDENTS.**  
In the examination results of the Faculty of Arts, U. of T., which are announced this morning, the names of several Brantford and Brant County students appear, and a noteworthy fact is that all are now on active service. The names are as follows: General course: D. K. Hamilton. Mr. Hamilton is a son of Rev. Dr. Hamilton, formerly of Wellington Street Church here, and is now a subaltern in the 125th battalion of this city. Political Science: Earl L. Biggar, of Mount Pleasant, now overseas. Commerce and Finance: L. S. Rehder of Paris, who now holds a commission in the 125th. Mathematics and Physics, Division I: Edgar W. Patten of St. George, now overseas. He ranks first in his class. When a student at the Brantford Collegiate Institute, Patten won the Edward Blake general proficiency scholarship for Ontario.

**Obituary**

**ALEX. STEELE.**  
An old resident of Cathcart passed away Sunday evening in the person of Alexander Steele, aged 88 years. He leaves three daughters, Mrs. P. H. Stewart, Mrs. McIsaac of Detroit, and one son, Alex. of Cathcart. The funeral will take place to-morrow afternoon from the home of Mrs. Padfield, 76 Brant street, to Burford cemetery.

**Yes! Sir! I want BENSON'S CORN STARCH**

"Why, I have been using BENSON'S for years and I know how good it is. These are the only corn starch brands made for some people—but NOT FOR US! BENSON'S is the good housewife."

Our recipe book is full of practical suggestions—lots of good things to try. Write for a copy to our Montreal Office.

THE CANADA STARCH CO. LIMITED  
BRANTFORD, ONT. PORTLAND, CAN.

**SHALL WE PLANT DISEASED POTATOES**

No doubt many tubers that are intended for seed purposes for 1916 will be affected more or less with one of the several potato diseases. The weather conditions of 1916 may not be so favorable as during 1915, but to guarantee a maximum crop this year only the most carefully selected tubers should be planted. They should be inspected very carefully and any showing the least signs of disease or discoloration should be discarded and only the sound tubers planted on well drained land.

The black discoloration and rot of the lower part of the potato stems commonly known as Black Leg, may be due to either fungus, which grows mostly outside of the stem or a bacillus which develops within the tissue of the stem.

The former may be present in a dormant condition on the surface of perfectly sound potatoes. Here it often appears as dark brown roughened spots resembling pieces of soil and are easily overlooked. Rub these spots with the finger and dip the tubers in water. When these potatoes are planted these dark spots germinate with the potato and penetrating the soil attack the tiny plants causing brown rotter discoloration, which continues to grow. If that plant does not die, the potatoes will be found very small. This is known as the EARLY BLIGHT. Potato tubers showing these dark spots should never be used. If they are used they should be soaked for 3 hours in a corrosive sublimate solution 1-1000. USE A CROCK OR WOODEN VESSEL.

The bacillus previously mentioned also causing rotting of tubers, gains entrance to the plant either through diseased seed tubers or from infected soil. Any tuber when cut, if darkened, may indicate the presence of this bacillus. This disease is known as the LATE BLIGHT OF POTATOES, and is the most serious, and appears about July 15th.

Both the Early and Late Blight can be largely controlled by thoroughly spraying with Bordeaux mixture throughout the season.

One must keep the plants covered from the time they are six inches high until beginning to ripen.

For the Late Blight only spray early in July until plants ripen.

For further information write: Department of Agriculture, Paris.

**HONOR ROLL UNVEILED IN PARIS CHURCH**

List of Names From Northern Town of Those Who Have Joined Colors.

**S.O.E. ATTENDED DIVINE SERVICE**

Methodist Sunday School Held Anniversary Services.

Paris, May 16.—The Presbyterian church was crowded to capacity Sunday morning when a very solemn service was observed in the church of the "honor roll" of the names of 50 or more of the congregation who had enlisted for overseas service. The honor roll consists of two large tablets, suitably designed in dark mission frames, and placed on either side of the pulpit. They were the gift of Mr. John Penman to the congregation. The service was conducted by the pastor, Rev. J. C. Nicholson, assisted by Rev. B. B. Williams.

Lieut.-Colonel Cockshut of Brantford was in charge of the 215th Battalion, which acted as a guard of honor for the occasion. The Presbyterian members of the 125th Paris Co., in charge of Capt. Patterson, were also present. The boys scouts were represented by Com. C. B. Robinson.

Rev. B. B. Williams preached a very impressive and eloquent sermon from 1st Cor. 16 chapter, 13th verse. The roll of honor were then unveiled by Col. Cockshut and Captain W. W. Patterson, after which Rev. J. C. Nicholson gave a most earnest address, in which he spoke of the self-sacrifice that the men whose names were on the roll were making, and also that it was a silent but uncompromising challenge to the members of the congregation to respond to all the higher calls of life, Empire and God. Further, it would remind all of Him who laid down His life for a lost world, and inspire us to meet the crisis of life with Christ in unwavering faith.

The following is the Paris Presbyterian honor roll: Miss Florence M. Nichol, nurse; A. Harper Cua; Geo. R. Inkster; Richard Thomson; Ivor H. Murray (killed); A. E. Coutts; John Green; W. R. Patterson; Norman C. Taylor; Leslie Cook; Percy James; A. E. Robinson; Frank Rousell; Robert E. Davidson; W. A. Richardson; Kenneth E. Robinson; F. W. Burnette; Roy Sewell; Howard Inkster; Charles L. Lewis; Jas. Davidson; Archie Peels; Eric Lillie; Alexander Lowe; W. H. Adeney; Alfred Richardson; Mack Stewart; Fraser Hillborn; Edgar Harold; Percy Cook; Arthur Taylor; Leslie Cook; J. H. Pearce; J. Barker; P. S. Branton; Frank J. Brown; D. Murray. C. L. Myers; J. M. Peters; R. M. Ross; N. H. Wickson; F. W. Oldham; W. C. Weir; Geo. B. Dowie; A. J. Henderson; J. A. Patterson; George E. Franks; William Sutherland; George Wishart; James Ingram; Andrew M. Dowie.

At the close of the unveiling, Lt.-Col. Cockshut made a few remarks in which he referred to the honor roll young men had brought to the church by enlisting in the service of the Empire and in closing said that this roll would be a patriotic showing of its young men.

After the service the soldiers were entertained to lunch in the banquet room of the church by the ladies, the Brantford contingent returning by two special cars about 2 o'clock.

Sunday evening the members of Lodge Derbyshire, Sons of England, attended divine service in St. James' church in a body, together with several visiting brethren from Brantford. The pastor, Rev. R. J. Seton-Adamson preached a splendid sermon from Numbers xxiii and xxiv verse. The Lord his God with him, and the shout of a king is among them." There was also special music by the choir during the evening.

Sunday afternoon the Methodist Sunday school celebrated their anniversary service. Rev. F. M. Wootton of Galt was the special preacher for the occasion and gave a very instructive address to the scholars. Bright hymns were rendered by the children and choir. The Misses Williams of Brantford sang several selections.

Mr. Harry Evans of Portage la Prairie, is the guest of his parents, Mr. and Mrs. T. Evans.

Mr. and Mrs. James Hicks and little daughter of Dundas, are holidaying with relatives in town.

Mr. Bert Springate has returned to Hamilton after spending a few days in town.

Mrs. Howard Inkster and little sons James and Don, have returned home for a pleasant holiday spent in St. Catharines.

Mrs. M. A. Colquhoun is in Toronto to-day, representing the Dufferin Rifles Chapter, I. O. D. E., at the meeting of the National Chapter of that order which is meeting to-day.

**TONIC TREATMENT FOR THE STOMACH**

The Modern Method is Most Successful in Treating Indigestion.

The old-fashioned methods of treating indigestion and stomach troubles are being discarded. The trouble with the old fashioned methods was that when the treatment was stopped the trouble returned in an aggravated form. The modern method of curing indigestion and other stomach troubles is to tone up the stomach to do nature's work. Every step toward recovery is a step gained, not to be lost again. The recovery of the appetite, the disappearance of pain, the absence of gas—all signs on the road to health that those who have tried the tonic treatment remember distinctly. Dr. Williams' Pink Pills are a blood-builder, tonic medicine, every constituent of which is helpful in building up the digestive organs, and is therefore the very best remedy for chronic cases of stomach trouble. Thousands of cases like the following prove how successful this treatment is—Miss Amy Browning, Cornith, Ont. says: "I have found such great benefit from Dr. Williams' Pink Pills that I would be ungrateful if I did not publicly say a good word in my favor. I was badly run down and my stomach was in a very bad condition. All food distressed me, and left me disinclined to eat. I suffered from nausea and dizziness and frequent sick headaches, and this was further aggravated by pains in the back and sides. I was in this condition for several years, and although I had got medicine from several doctors it did not help me. Then I heard of Dr. Williams' Pink Pills and began taking them. I am glad to say that they soon helped me, and now I am as well as ever; can eat all kinds of food, with relish, and have not an ache or pain."

You can get these Pills through any dealer in medicine or by mail, post paid, at 50 cents a box or six boxes for \$2.50 from the Dr. Williams Medicine Co., Brockville, Ont.

**PARIS**

**BAD ACCIDENT**

A very exciting runaway occurred last evening about 7:30, when Pte. Jack Latimore of the 125th Battalion met with a severe accident. He was driving a horse that belonged to Chas. Durham, liverman, down River street when the holdback broke, causing the horse to run away, throwing out Pte. Latimore. Latimore was picked up by some soldiers and carried into Dr. Dunton's office, when it was found he had sprained his left ankle and fractured his right wrist, as well as getting a shaking. He was later taken to his home in Knills' auto, and at the time of writing was resting quietly, although he will be laid up for some weeks. The horse in its mad chase down River street, ran into the hydrant opposite Blackhurst and Gills street, and turning the buggy over three times and frightened another horse which was standing near by, before finally being captured.

On Sunday, anniversary services were held in the Congregational church, when Rev. Mr. Morley of Stratford, preached two powerful and eloquent sermons, and the choir also sang several anthems. Last night the annual supper was held. The room was prettily decorated with flags and bunting, while the tables looked sweet with cut flowers and house plants. After ample justice had been done to all the good things provided by the ladies, a social hour was spent, interspersed with music and song.

**TONIC TREATMENT FOR THE STOMACH**

The Modern Method is Most Successful in Treating Indigestion.

The old-fashioned methods of treating indigestion and stomach troubles are being discarded. The trouble with the old fashioned methods was that when the treatment was stopped the trouble returned in an aggravated form. The modern method of curing indigestion and other stomach troubles is to tone up the stomach to do nature's work. Every step toward recovery is a step gained, not to be lost again. The recovery of the appetite, the disappearance of pain, the absence of gas—all signs on the road to health that those who have tried the tonic treatment remember distinctly. Dr. Williams' Pink Pills are a blood-builder, tonic medicine, every constituent of which is helpful in building up the digestive organs, and is therefore the very best remedy for chronic cases of stomach trouble. Thousands of cases like the following prove how successful this treatment is—Miss Amy Browning, Cornith, Ont. says: "I have found such great benefit from Dr. Williams' Pink Pills that I would be ungrateful if I did not publicly say a good word in my favor. I was badly run down and my stomach was in a very bad condition. All food distressed me, and left me disinclined to eat. I suffered from nausea and dizziness and frequent sick headaches, and this was further aggravated by pains in the back and sides. I was in this condition for several years, and although I had got medicine from several doctors it did not help me. Then I heard of Dr. Williams' Pink Pills and began taking them. I am glad to say that they soon helped me, and now I am as well as ever; can eat all kinds of food, with relish, and have not an ache or pain."

You can get these Pills through any dealer in medicine or by mail, post paid, at 50 cents a box or six boxes for \$2.50 from the Dr. Williams Medicine Co., Brockville, Ont.

**BAD ACCIDENT**

A very exciting runaway occurred last evening about 7:30, when Pte. Jack Latimore of the 125th Battalion met with a severe accident. He was driving a horse that belonged to Chas. Durham, liverman, down River street when the holdback broke, causing the horse to run away, throwing out Pte. Latimore. Latimore was picked up by some soldiers and carried into Dr. Dunton's office, when it was found he had sprained his left ankle and fractured his right wrist, as well as getting a shaking. He was later taken to his home in Knills' auto, and at the time of writing was resting quietly, although he will be laid up for some weeks. The horse in its mad chase down River street, ran into the hydrant opposite Blackhurst and Gills street, and turning the buggy over three times and frightened another horse which was standing near by, before finally being captured.

On Sunday, anniversary services were held in the Congregational church, when Rev. Mr. Morley of Stratford, preached two powerful and eloquent sermons, and the choir also sang several anthems. Last night the annual supper was held. The room was prettily decorated with flags and bunting, while the tables looked sweet with cut flowers and house plants. After ample justice had been done to all the good things provided by the ladies, a social hour was spent, interspersed with music and song.
