Ottawa, June 2.—The fuse enquiry will end next week. It ran out of witnesses at an early hour yesterday and adjourned at noon until to-day. Mr. T. A. Russell was cross examined yesterday and to-day Col. David Carnegie will probably be recalled to the stand to clear up several points raised by testimony given since his first appearance in the witness box. The witnesses still remaining to be heard include Messrs. Sise and Hathaway, of the Northern Electric Co., of Montreal; Mr. Ohmer of Dayton, O., fuse manufacturer; Messrs. Bassick and Eugene Lignanti, and possibly Miss M. G. Edwards, Col. Allison's sister-in-law and the recipient of \$105,000 from his commissions on the fuse contract. The others, Messrs. Bassick and Lignanti, have been communicated with by Mr. Hellmuth, commission counsel, but have not yet replied to the request for their appearance and testimony. Mr. G. W. Kyte, M.P., the man whose speech in Parliament and the accusations made therein caused the appointment of the Meredith-Duff Commission, will not be summoned to the stand. This announcement was made by Mr. Hellmuth this morning. Counsel for the commission stated his only object in calling Mr. Kyte was to ascertain whether he could produce any correspondence or give any evidence which would throw further light on the matters being enquired into. Mr. Carvell had assured him this was not the case, and accordingly he would not call for his evidence. His charges would have to stand as made in Parliament. Mr. J. S. Ewart stated that while he had no desire to require Mr. Kyte's appearance he proposed, on behalf of his client, General Hughes, to make certain observations as to the statements made by Mr. Kyte in Parliament, and did not wish to be debarred from any criticisms by the statement that Mr. Kyte was not present. Mr. Justice Duff at this juncture stated he would strongly object to

Crisis Reached in Lockout of Garment Makers in New York.

By Special Wire to the Courier.  
New York, June 2.—A crisis in the struggle between the garment makers and their employees was precipitated yesterday by the action of the Cloak, Suit and Skirt Manufacturers Protective Association instructing its members to open their shops and give an opportunity for the return of their employees who were locked out on April 29. The manufacturers' busy season begins the first of July, and today's move was taken as a determined effort to get the shops running regularly by the middle of June. The employers gave no intimation of any intention to grant the union's chief demand, which is for a preferential union shop. Union officials adopt a defiant attitude to-day, and sent a swarm of pickets to persuade workers who might be inclined to accept the manufacturers' offer not to return.

any member of Parliament, which was the highest court in the land being asked to testify as to his reasons for making statements in parliament or the information on which he based them. A grave question of public policy was involved.

**FORM OF ARGUMENT BY  
COUNSEL**

There was also some discussion as to the form which final argument by counsel will take. Mr. E. F. B. Johnston suggested that it be put in written form, like that of the Supreme Court factum. Mr. Hellmuth said that as commission counsel he did not propose to make any lengthy argument, but simply to state what he considered had been the charges made, but thought that it would be preferable if counsel should address the court orally, as a written argument was a dead thing. Such oral argument might be confined to an hour and a half. Mr. J. S. Ewart, however, as representing the Minister of Militia, stated that he would not care to confine himself to any such definite time, pointing out that in the Supreme Court a much longer period was allowed. Sir William Meredith finally decided to allow counsel to set their own limits.

Outbreak Against General Garcia, Recently Appointed State Head.

By Special Wire to the Courier.  
Willemstad, Curacao, June 2.—Twenty persons were killed or wounded in an outbreak at Maracaibo, Venezuela, against General Garcia, who has been appointed president of the State of Sulia, succeeding temporary President Aranguren. Troops fired on citizens who tried to prevent Garcia landing from the steamer Merida, which had taken him to Maracaibo. The action of the troops quelled the disturbance. Many persons were taken prisoner, including Senor Aranguren, whose popularity led to the outbreak against his successor.

Cotton Crop of United States is Two Points Below Ten Years' Standard.

By Special Wire to the Courier.  
Washington, June 2.—The cotton crop of the United States showed a condition of 77.5 per cent. of a normal on May 25, the department of agriculture announced yesterday in its condition report of the season, awaited with interest by cotton, textile and other interests. That condition compares with 80.0 on May 25 last year and 79.8 the average of the last ten years on May 25. Until the government's official report estimating the area planted to cotton this year is issued on July 1, no calculation will be made by the department's experts as to the probable size of the crop.

The Trouble Due to Nerves Starved for Lack of Good Blood.

An eminent medical writer has said that "neuralgia is the cry of starved nerves for better blood." The one great symptom of this trouble is pain, fierce, stabbing pain, that almost drives the sufferer frantic. The one cause is poor blood; the only cure is to enrich the blood. Heat applied to the inflamed nerves will give relief, but does not cure. Dr. Williams' Pink Pills furnish the blood all the needed elements, and the blood conveys them to the nerves. The only way of getting food for medicine to the nerves is through the blood, and the only way to enrich the blood is through a fair use of Dr. Williams' Pink Pills. In this way neuralgia, sciatica, and other nerve disorders are promptly cured, and the whole system benefited and strengthened. Mrs. M. Gleason, R.R. No. 1, Ukridge, Ont. who was a great sufferer from neuralgia says: "I suffered intensely from neuralgia for four years. My blood was thin and I was completely run down. I suffered intense pain all the time. At different times I consulted three doctors, but their treatment did no more than give me temporary relief. Then I tried different medicines, but the result was the same—they seemed no good in my case. I was growing steadily worse, and finally reached a life of pain. Then one of Dr. Williams' almanacs came to our house and I read of similar cases cured through the use of Pink Pills. I got three boxes and before I was cured the pain began to decrease, and I began to have a better appetite. By the time I had taken six boxes I was again a well woman, and my neighbors could hardly realize that such a change could be made in so short a time. Later I was bothered with eczema and Dr. Williams' Pink Pills cured me. I have found these Pills worth their weight in gold and I cheerfully recommend them to all who are ailing."

You can get these Pills from any medicine dealer or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

Adjutant Grober, an Alsatian, in Despatches 27 Times Before He Died.

Paris June 2.—The record for citations for gallant conduct at the front in the French army was held until recently by Adjutant Grober of Alsatian origin, who had been mentioned in the orders of the regiment and the army 27 times before he died of his wounds at Belfort. The living record man for citation is now Adje Chavel of the regiment to which Grober also belonged. Chavel has been mentioned 21 times and his war cross is attached to a ribbon nearly a foot long to accommodate all the laurels and stars that his citations entitle him to wear.

**Bible University  
Fulfils Condition**

Has Raised \$200,000, and Will Therefore Receive \$50,000 From J. J. Hill Estate.

By Special Wire to the Courier.  
Eugene, Ore., June 1.—The conditions imposed on the Eugene Bible University by the late James J. Hill, pioneer railroad builder, that in order to enjoy a gift of \$50,000, an additional \$200,000 would have to be raised by May 31, have been fulfilled and members of Mr. Hill's family were informed today by President E. C. Sanderson of the University. Mr. Hill made the offer March 31, 1914 and placed a time limit of two years upon the gift. Two months ago he granted the university an additional 60 days in which to fulfill the conditions.

The will of Dr. J. William White, of Philadelphia, was admitted to probate yesterday. It is believed the value of the estate will reach \$1,000,000. His wife is the beneficiary.
