

A Constipation Cure

A druggist says: "For nearly thirty years I have recommended the Extract of Roots, known as *Medicine*, for the radical cure of constipation and indigestion. It is an old reliable remedy that never fails to do the work. 30 drops three times daily. Get the Genuine at druggists."

A BRIEF HISTORY OF BATH

(Continued from page 1)

tory Lodge, Knights of Pythias. The members of this lodge can be congratulated on the possession of one of the best locations in the province. Facial cleanliness is looked after by two expert tonsorial artists. We have an efficient fire and water department, a telephone office, depot, and extensive warehouses, and Post Office. Eventually we hope to acquire a Highway Bridge, and plans are made for a permanent Soldiers' Memorial in the form of a community drinking fountain, which will be erected in the near future. While we have progressed materially, it must also be remembered that we have advanced mentally and spiritually. Marshall P. Wilder used to tell a story of a little girl who went to the drug store and said: I want some Brown's pills. The proprietor said—We have a great variety of Brown's pills, which kind do you want, anti-bilious? No, said the little girl, my uncle is sick. In like manner we have a variety of denominations to cater to our religious needs. First we mention the Church of St. John the Evangelist at Johnville. This church had its birth 60 years ago. We mention this church because it is the mother church of the new Catholic church, recently erected in Bath, which is more accessible to the members of that community residing at or near Bath. An aged lady tells of the first mass said in Johnville, in the open air amid the trees, under the shade of which the first altar was erected. The sun was shining brightly and the wild birds furnished sweet music. The first priest to attend the mission at Johnville and Clearview was Rev. Fr. Connelly stationed at Woodstock. The three men who stand out prominently in Catholic history were Revs. Chapman, Murray and Coughlin. The Bishop who was instrumental in settling Johnville was Bishop Sweeney. The priest in charge at the present time is Rev. W. Donohoe. This is largest rural parish in the province and probably the most prosperous. Two of our local young men qualified for priests order were Revs. Daniel Gallagher and M. O'Brien. Then we have the United Baptist church, now under the able ministrations of Rev. C. O. Howlett, B.A., B.D. While this church is not of great size, it is tastefully furnished for the comfort of the congregation at all seasons of the year. What is most important is that there is a splendid spirit of cordial co-operation manifest in all departments of Christian work. All working together harmoniously for the common good. Especially do we commend the workers in the Sunday School. Primitive Baptists under the charge of Rev. G. A. Giberson are conducting an aggressive campaign. Mr. Giberson is known over a large territory. We have also a Methodist church, Pentecostal, Russel, Bible Christians, Lincolnians, and others. As a fitting conclusion to this history of Bath, it would perhaps be well to mention some things that are required to hasten the growth of Bath, so that it may presently enjoy the status and privileges of an incorporated town. First we want more houses built. The need is great and the demand is insistent. We are promised a cheese factory and grist mill as soon as the Highway Bridge across the River St. John is built. In addition we want a starch factory, canning factory, lumber mill and wood working factory, and there are many openings for a variety of manufacturing concerns.

What is especially needed at this time, is an electric light and power plant to light and operate these factories, as well as the village of Bath. Sites are available, with every convenience and facilities for the export of various manufactured products. The Monquart River waits to be harnessed for the benefit of the people, and the people are waiting for the men who will undertake the job and render that service. Any one interested in these propositions should get in touch with the Parish Clerk, B. D. Second, or the Post Master, S. W. Tompkins.

As I write this, a proposition comes from Fredericton who see the possibilities of Bath. This firm wants a big building erected at once, and are willing to pay an equitable rent for a lease not less than 10 years. This shows a faith in the ability of Bath to provide the necessary business. It has long been stated, and it is true that Bath is the collecting and distributing point for a big and rich territory. All roads from North, East and West, and from the South, North of Bristol, lead to Bath. The farmers made Bath and they keep it going.

As they accumulate wealth, they sell their farms and migrate to the village, which is the right thing to do. Especially if they spend their money where they made it. Right to him.

HAD RHEUMATISM FOR FIVE YEARS

No Return of the Trouble Since Taking "FRUIT-A-TIVES"

MR. JOHN E. GUILDERSON

P. O. Box 123, Parrsboro, N. S.

"I suffered with Rheumatism for five years, having it so badly at times I was unable to get on without assistance. I tried different medicines I saw advertised and was treated by doctors in Amherst, also in my home town, but the Rheumatism came back.

In 1916, I saw in an advertisement that 'Fruit-a-tives' would stop Rheumatism, and took one box and got relief; then I took them right along for about six months and the Rheumatism was all gone and I have never felt it since.

Anyone who would care to write me as regards 'Fruit-a-tives' I would be glad to tell them what 'Fruit-a-tives' did for me."

PRICE vs. VALUE IN SHOES

In buying shoes (and everything else as well), it's value you want. Imported shoes cost more because of the freight, duty and exchange. These things don't add to the value of a shoe. They only increase its cost.

This store has one mission in life. That is to give you the best values. Made-in-Canada shoes are today better value, grade for grade, than shoes imported from any country. They reflect the very latest and best styles and shapes. The material is honest. Workmanship is high grade. And so, because the prosperity of this store depends upon service to our customers, we sell and recommend Made-in-Canada Footwear, knowing that we can thereby give you the best value and satisfaction.
