SYNOPSIS OF COAL MINING REGULATIONS

Coal mining rights in the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the Northwest Territories and in a portion of the Province of British Columbia may be leased for a term of twenty-one years at an annual rental of \$1 an acre. Not more than 2,500 acres will be leased to one applicant.

Applications for a lease must be made by the applicant in person to the Agent or Sub-Agent in the district in which the rights applied are situated.

In surveyed territory the land must be described by sections, or legal subdivisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of \$5 which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only, but the leasee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of \$10.00 an acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any agent or sub-agent of Dominion Lands.

COLD IN SEATTLE.

Seattle, Dec. 29.—The first cold weather of the season in Western Washington arrived last night, the temperature in Seattle falling to 32 degrees and in Tacoma to 34. The tender garden plants were frozen. A high pressure wave moved southward from Alaska yesterday and is now central over British Columbia. Fair and continued cold weather is forecasted for Western Washington, with a fall of temperature of 26 degrees in Seattle tonight.

IN SQUARED CIRCLES

Fred Fulton announces that he has learned a new punch. Wouldn't do Fred any harm to learn some of the old ones.

Charley White declares that his income from the ring is \$30,000 a year. And yet some people think that "box fighting" is no business.

Packey McFarland wants to box again. Now the question is—not whom will Packey box, but who will give him \$17,500 for so doing.

Freddie Welsh is not particular where he fights, but if his private tastes were consulted he would fight in one of the United States milit.

Willie Ritchie is studying to be a farmer. Billy Murray will raise cattle. Why all this back-to-the-country business?

Jess Willard, the noted temperance lecturer, has arrived in New York.

The four-round game has been shut down in Tacoma. Some more down-trodden fighters must go to work.

London, Dec. 29.—S. S. Dickson, British consul at Port Madryn, reports that the situation in Patagonia is favorable for British trade. The point which he especially emphasizes is that the market of Patagonia is worthy of attention, as it has been a British one in the past and should be in the future, and that the time is propitious for an effort to check the German and Austro-Hungarian competition which, coming in through neutral countries, has assumed large proportions in recent years.

NORWEGIAN STEAMER LOST.
London, Dec. 29.—A despatch from Bergen dated Tuesday says: "The Norwegian Fjord steamer Homelen has been sunk at Stavoeen, North Bergen, with the loss of one man drowned."

2,000,000 Belgians Depend on us for Bread!

Since shortly after the German invasion, the Belgians have depended for food entirely on the "Commission for Relief in Belgium". Their own store of food, even if not destroyed or pillaged, would last only three weeks—they have had no chance to raise more—and the ruthless Germans refuse to supply them!

Backed by the

Belgian Relief Fund

so generously contributed in the British Empire and the United States, the neutral Belgian Relief Commission has imported enough wheat, flour and other foods to feed the whole nation so far. The great majority of the 7,000,000 Belgians left in the country have been able to pay their daily allowance of bread—but a steadily growing number have no money left.

Unless we are willing to let these hundreds of thousands of women, children and old men starve, they must be fed at the expense of the Belgian Relief Fund. To make this possible someone must contribute nearly \$3,000,000 a month—every month—all this winter!

No people under the Allied Flags are as well able to contribute generously as we Canadians! No cause has ever been more deserving of help! In the name of Justice and Humanity—for the sake of our own self-respect—let us give all we can to help our martyred Allies!

Send your subscriptions weekly, monthly or in one lump sum to Local or Provincial Committees, or to the
