

## WORLD'S FAIR AT ROCKTON.

One of the Best of Long Line of  
Good Shows.

Stock of All Sorts High Class,  
Especially Horses.

Excellent Racing and Sporting  
Events Enjoyed by All.

One of the best township fairs of the season, that of the Beverley Agricultural Society—the World's Fair—held annually at Rockton, closed yesterday, after two enjoyable and successful days. Notwithstanding the unfavorable weather of the opening day, Tuesday, the entries in all departments arrived on time, and with one or two exceptions were as large as in previous years. Wednesday, the second and last day of the fair, was the big day, and the village was well filled with visitors from surrounding places. The 77th Band, of Dundas, was present, and added greatly to the pleasure of the day by playing an excellent programme. A number of special attractions, held on Wednesday afternoon, were a pleasing feature, and included boys' and men's races, which were all keenly contested.

The grounds were dotted with booths of various kinds, and the constant calling of "two for five," and "every time you hit the doll you get a good cigar" men added to the excitement, and incidentally made the money pass freely. This year's fair was remarkable for the large exhibit of horses. All the classes were well filled, and the judging was a hard job, but it was done to the satisfaction of all concerned. The cattle were all of superior quality, and were the centre of attraction for farmers and stockmen. In the swine work department, and numerous prizes were carried off by C. Currie, who had an excellent showing of Tamworths. Rockton upheld its reputation in the poultry line, the exhibits exceeding all expectations. C. A. R. Tilt had a large number of birds which were highly praised by the judges. The entries in the vegetable exhibit were extra large this year, and included a choice lot of potatoes and numerous small vegetables. The best and greatest exhibit was that of fruit, and the Rockton locality deserves much credit for the excellent display. The best apples seen in years were shown. The ladies work department attracted the usual large crowd, and some very fine lace work was shown. Miss B. Jackson received several prizes for some large Japanese quilts she displayed, and much favorable comment was made on them. This class also contained excellent embroidery work, and each piece was a credit to the owner. The exhibit of home-made bread, cakes, pies, etc., was very tempting, and one's mouth fairly watered when looking upon some of the big pumpkin pies. A large vine fence and a determined looking constable prevented many a person from enjoying those excellent delicacies. In the special attractions the foot races resulted as follows:

Boys under 16 years—R. Bondman, J. Newton, A. Tutton.  
Beverly boys under 12 years, 100 yards—W. Henderson, W. Gilbert, W. Lethian.  
Men's race, 100 yards—L. Newton, J. Fletcher, J. Christman.  
Men's race, once around track—L. Newton, J. Fletcher.  
Men's jockey race—Turnbull and Bawtineimer, Patrick and Tucker.

The horse races, a special attraction for the finishing of the day, were of considerable interest, and provided much pleasure and excitement for the society's patrons. The winners were:  
Green race, open, trot or pace, one mile, three out of five—  
Dr. Brown, J. Kennedy, Hamilton.  
Pansy Girl, J. Teifer, Milton, 2 1 1  
Johnnie, J. Boyle, Rockton, 3 3 2  
Single horse, to harness, open, trot or pace—  
Vera B. A. Turner, Barton, 1 1 2  
Miss Philadelphia Springs, M.  
Smith, Waterton, 4 2 1 3  
Billy H., V. Fleming, Dundas, 3 5 3 2  
Green race, trot or pace, for horses owned in Beverley—  
Johnnie, J. Boyle, Rockton, 2 1 1 1  
Alma, J. Burt, Rockton, 1 2 2 2  
Jessie Scott, T. Smith, Rockton, 3 3 3 3  
Single horse, trot or pace, free to all—  
Lady Baxter, A. Baxter, Hamilton.  
ton, 1 1 1  
Vera B. M. Turner, Rockton, 3 2 2  
Miss Philadelphia Springs, Smith.  
Bros., Waterton, 2 2 3 3  
There were a number of also runs in each of these races, and the finishes were hotly contested, and created much excitement among the large number who lined the track.

The special prizes were awarded as follows:  
Best looking ladies on the grounds—Mrs. Charles Wilson, Hamilton road; Miss Hattie Derby, Rockton.  
Tallest man on grounds—William Brown.

Lady who had attended every Rockton Fair since its incorporation—Mrs. A. Kerman, age 72 years. Mrs. D. Main, age 86 years, was awarded a second prize, having attended every fair for over forty years.

President William J. Burgess, Secretary David Bell, assisted by all the other officers of the society, were on hand both days of the fair, and did all in their power to make the event the big success it was. They had been untiring in their efforts, and will have a nice balance on hand after all the prizes have been paid, which will be done immediately after the next meeting of the directors to arrange matters. The directors are well pleased with this year's fair, but hope for even greater things next year.

Those in charge were:  
Wm. J. Burgess, President.  
Anthony Garroch, First Vice-President.  
Wm. Sager, Second Vice-President.  
David Bell, Secretary-Treasurer.

Directors—Reuben Wedge, D. Wyer, W. R. Boyle, Daniel Ward, John Malcolm, Jas. George, Jos. Betzner, Stephen Nisbet, James Nicholson, Wm. McClure, Wm. Thompson, William Menzies, T. B. Armstrong, H. Auditors—John Ireland and Daniel Wray.

## A HORSE IN A LAUNDRY

New York.—A horse, attached to a laundry wagon, became frightened and made a wild dash up Broadway. Spraying a sign with a shirt on it, the horse plunged into the laundry, and, riding itself of the wagon, landed with all four feet upon the lingerie and shirts that a dozen laundresses were sorting.

When the horse went through the door, the laundresses went out the windows amid a shower of hot irons, starch and bluing bottles. When the excitement was over, the horse was found calmly launching a bundle of laundry tickets.

It is "a horse of another color" when there is pain in the back, when the legs ache, when the stomach is upset and there is indication of kidney trouble. "Fruit-a-tives," the famous fruit juice medicine, is giving wonderful results in all cases of weak and strained kidneys. "Fruit-a-tives" act directly on the kidneys, relieving the inflammation, and at the same time regulating bowels, stomach and skin.

## THE KILTIES.

Fine Turnout For Bad Night—  
The Sham Fight.

Last night was the Kilties' parade night, and despite the cold weather 366 of the Heelmen turned out. Instead of the regular outdoor parade the soldiers were drilled in the armory, and for over an hour Sergt-Majors Gilmore instructed them in squad, company and regimental drill. The parade state was as follows: Lieut. Colonel Bruce, Majors McLaren and Roberts, Capt. Bell, adjutant; Capt. Chisholm, paymaster; Capt. Dixon and Lieut. McEdwards, surgeons; Capt. Somerville, quartermaster; Capt. Drummond, chaplain; A 26, B 27, C 34, D 25, G 29, H 34, Buglers 26, pipers 14, band 33, bearers 14, total 366.

The regiment is preparing for the sham fight on Thanksgiving Day, and although it will not be as large as some of the previous ones, there will be sufficient men engaged to make it interesting.

## THE NORMAL SCHOOL.

Should an Unqualified Person be  
Engineer?

To the Editor of the Times:  
Dear Sir,—Some three or four weeks ago the engineer of the Normal School died. A few days after an announcement was made in the Herald that the principal of the Normal School had appointed a son of the deceased as engineer of the school.

During the past few days a meeting of a few of the faithful was held and presided over by President Milne, and during the discussion over this matter Mr. Milne said that owing to the appointment having been commented on by the Deputy Minister of Education for having the brass all shining and the dust all cleaned up, it would not be wise to interfere with this appointment as it was a ward four boss and a certain other busy body to have the Deputy Minister make this appointment temporary pending further advice.

No, Mr. Editor, what I complain of is this, the law passed by the Whitney Government and put in force by them last year, says a man must have an engineer's certificate before he can be in charge of boilers supplying 50 h. p. and over. Now, here is a man, a common laborer, who helped his father for two or three months last winter during the cold weather, with no other practical experience whatever with boilers, has been appointed engineer at the new Normal School where two boilers, capable of generating 60 to 70 h.p., and other expensive machinery, costing 25 or 30 thousand dollars, why? Because he is the son of the deceased.

Now, Mr. Editor, the Whitney Government says to Mr. John Milne and other owners of factories that you can't put a man like this in charge of your boilers, he is dangerous; he has not had practical experience of two years and over. Yet Mr. Milne says he is all right to look after boilers at the Normal School, where over 200 teachers are studying. They don't want practical experience, they want a son of the deceased.

Mr. Member for West Hamilton, don't you think it is time for you to interfere for the safety of these students and follow out the laws you helped to make, and give us all a good, honest square deal in the matter? There were several good, practical men, and men that worked hard for your election last summer, applicants for this position, who held as many as ten certificates. Why are they treated thus? Thanking you, Mr. Editor, for publishing this, I remain, A Tory Worker for 25 Years.

YOUNMAN'S W. C. T. U.

YOUNMAN'S W. C. T. U. met on Tuesday of this week at the home of Mrs. Warner, 139 Grand avenue, with a good attendance, notwithstanding the inclement weather. The devotional exercises were conducted by Mrs. Silebald. Some of those who were at the county convention held last week in Oakville, gave interesting accounts of the same. A few matters of business were attended to, and also a solo was sweetly sung by Miss Brethour, and the hostess served light refreshments, bringing to a close a very interesting meeting.

WOMAN'S EXCHANGE AT HOME

One of the social events of the season will be the at-home and musicale to be held at the Waldorf, on Friday afternoon, in aid of the Woman's Exchange, from 4 to 6 o'clock. The officers are Miss Hendrie, President. Miss Ridley and Miss Buchanan, Vice-Presidents. Committee—Mrs. Gerald Glasscock, Mrs. R. A. Robertson, Mrs. George Lynch-Staunton, Mrs. J. W. Nesbitt, Mrs. David Gillies, Mrs. H. H. Robertson, Mrs. Storer, Mrs. R. Hobson, Mrs. Olmsted, Mrs. Alex. Beasley, Mrs. Baldwin, Mrs. John Eastwood, Mrs. Labatt, Miss Amy Gaviller, Miss Leggett, Miss Jean Hobson and Miss Bell.

The following artists will assist: Mrs. H. Mullin, Miss Crerar, Miss Gladys Marshall, Miss Esther Horne, Miss Laidlaw, Miss Jean Findlay and Miss Pringle.

Every one is requested to bring the "little sock" as there is no other contribution asked.

BANK OF ENGLAND RATE.

London, Oct. 14.—The governors of the Bank of England to-day raised the minimum rate of discount from 3 to 4 per cent.

# FIRE SALE

## Sale of Water-Soiled Shoes

The dictum has gone forth;

This store must be cleaned of every pair of shoes—every single pair of shoes that stood on the shelves on the July evening of the fire. There were shoes that did not suffer the slightest damage,

but they have lost their reputation as new, fine shoes, for they were in fire company on that evening.

SO OUT THEY GO, some at HALF PRICE, and all at great reductions.

## BANQUET AND ROLL CALL.

Successful Annual Event at Victoria Baptist Church.

Victoria Avenue Baptist Church last night held its annual banquet and roll call in the Sunday school building. The attendance was the largest in the history of the church, and the reports presented by the various secretaries and treasurers were most encouraging, showing progress all along the line. The tables were beautifully arranged, and the ladies certainly kept up their enviable reputation for providing a most elaborate menu of good things, which need not say, all did ample justice to. During the supper the Sunday School orchestra, under the leadership of Mr. Geo. Cousins, supplied appropriate music, which was thoroughly enjoyed.

After the banquet the pastor took the chair and the church roll was called, each member present replying by testimony or a verse of scripture. A number of non-resident members were also heard from. After roll call Mr. John Pebles, the retiring chairman of the Board of Management, who has occupied this position for many years in a most capable and acceptable manner, took the chair, and the various reports of the church were presented and adopted. Music was interspersed during the reception of the reports. Miss Nettie Bradt sang very sweetly. The pastor presented his annual letter, which was attentively listened to and much appreciated. Following this the various reports for the past nine months of the church were presented, the church year having been changed from Dec. 31st to Sept. 30th.

The chairman then introduced the newly elected chairman of the Board of Management, Mr. W. E. Blandford, who in a few words expressed his appreciation of the honor they had conferred upon him in electing him to such an important position, and hoped that the mantle of his predecessor would fall on him, and that he would be able to serve the church as faithfully if not as efficiently as his retiring brother.

Two recommendations of the new board were then presented, viz., that the pastor's salary be increased \$100 per year, and that the church's salary be increased \$2 per month. Both recommendations were enthusiastically carried. The estimates of the year were then presented and adopted. The appointment of Mr. Lloyd Holding as president of the B. Y. P. U., was confirmed.

After singing "Praise God From Whom All Blessings Flow," the meeting came to a close, all well pleased with the excellent time they had enjoyed, and the encouraging report received.

A full report of the election of officers was printed at the time of the annual meeting, two weeks ago. The financial reports showed the total present liabilities of the church to be \$4,500. The weekly offerings have increased \$227.90 over the corresponding nine months of last year. The Sunday School raised \$386.75 and the church gave \$297.80 to missions.

WORLD'S HARVEST.

Canada's Good But Europe's is Not So Good in Spots.

Washington, Oct. 14.—In its review of the foreign crop conditions the Crop Reporter, issued by U. S. Bureau of Statistics of the Department of Agriculture, to-day states that the results of this year's harvest came well up to expectations in Canada. In Europe the situation is somewhat mixed.

Russia, Hungary and the Balkan States experienced considerable disappointment in the actual yields while in France, and even more in Germany where only moderate returns were looked for, the harvest much surpassed the hopes entertained a month ago.

Miss Laura Hecox has just completed the sixth vacation she has taken during the 27 years of her service as tender of the Santa Cruz lighthouse. During the time she has been in charge of the big lantern it has never gone out between sunset and sunrise.

## Amusements

"DAVID COPPERFIELD."

On Tuesday evening next, at the Grand, play-goers will be given an opportunity of witnessing Charles Dickens' masterpiece, "David Copperfield." Edward C. White has a carefully selected company, aided by a cast of scenery, showing Yarmouth harbor, Canterbury Cathedral, street scene in London, and the wharf landing at Gravesend.

"SWEET INNISFALEN."

Bernard Daly, in the Irish romance, "Sweet Innisfallen," will appear at the Grand on Thursday evening of next week. The play is produced on a more elaborate scale than Mr. Daly has yet been surrounded with, and as the scenes are laid among the hills and dales of the islands in the Lanes of Killarney, excellent opportunity is given the scenic artist. Mr. Daly has a number of songs that are sure to please all lovers of Irish ballads.

FREE CLASSES.

The keen interest being manifested this year by Conservatory students in the special classes in form, history, sight singing, theory and rudiments speaks much for the broadening influence of Conservatory work. Only in a large, thorough-going school can such branches, so necessary to the serious student, be given a proper performance. Each instructor has specialized in his or her particular subject, so that the class is made interesting as well as profitable. Added to this there is the stimulus and legitimate rivalry aroused by meeting other students and exchanging ideas.

BENNETT'S THEATRE.

An exceptionally attractive vaudeville entertainment is granted by the Bennett management next week, when the chief attraction will be "The Vital Question," a great dramatic sketch, which is making a most sensational hit this week at Montreal. Manager Driscoll, of the Bennett house there, says the cast is one of the best he has ever seen in a vaudeville offering, and the act has received five and six curtain calls at every performance. The sketch is based on a topic of the hour, and the American papers describe it as one of the best dramatic offerings of the season. "At Hensfoot Corners," the new farce in which Mr. and Mrs. Jimmy Barry will be seen, if it is as funny as the act in which this clever pair were last seen here, will be appreciated.

The bill will also include the Sisters Gash, remarkable gymnasts, who make a big hit last season heading the bill at Shea's Toronto theatre; Happy Jack Gardner, who has been featured with Dockstader's minstrels and is recognized as one of the best burnt cork artists in the business; Eckhoff and Gordon, the well-known musical comedians; dainty Netta Vesta, and the Leanders, in their great bicycle act.

The bill this week continues to please the patrons of the house. The novelty of the offerings of the English Mermaids and Marabini, the ice sculptor, make them very attractive drawing cards.

HEAD CUT OFF.

Awful Fate of a Yardman at Belleville Last Night.

(Special Despatch to the Times.)  
Belleville, Ont., Oct. 14.—James Stoller, a yardman employed in the Grand Trunk yards here, was instantly killed at 9 o'clock last night by being run over by a freight train from Lindsay, in charge of Engineer R. Young and Conductor J. Ashton. Stoller was crossing the track on his way to work when he was struck. His head was completely severed. He was 26 years old and resided with his wife on Mill street. No inquest was necessary.

## W. F. M. S.

Miss Martin, of Toronto, at the  
Erskine Church Yesterday.

There was a fair attendance at the annual thank-offering meeting of the W. F. M. S. in Erskine Church school-room last evening. Mrs. Chumas presided, and gave a pleasing talk along missionary lines. Mrs. Martin, Toronto, gave an excellent address, setting forth the work already accomplished by the society, and the wide open field for a far greater work to be done. There are some 300,000 members of the Presbyterian Church in Canada, and if all members did their part it would add materially to extending this work already established. Mrs. John Pringle, in a fitting remarks, moved a vote of thanks to Miss Martin. Rev. S. Burnside Russell commended the work of the W. F. M. S., and expressed interest in the excellent address of Miss Martin. The Misses Whyte and Armstrong contributed solos, Dr. C. L. M. Harris playing the accompaniments. The W. F. M. S. has been in existence for thirty-three years, and has a membership of 29,000. The collection was \$82.78.

Mrs. Russell and Mrs. Montgomery were made life members.

Mrs. McBean closed the meeting with a dedicatory prayer. Miss Jean Souter, Rochester, N. Y., a former member, and active worker in the society, was present, and the President, Mrs. Chumas, expressed the pleasure of the society in having her with them.

FIRST CLASS.

Cemetery Board Committee Could  
Suggest No Improvement.

Very little business was taken up at the meeting of the Cemetery Board last night. It started sharp on time with F. C. Fearmain in the chair.

At the last meeting of the Board Board Messrs. Wright and Daly were appointed a committee to inspect the cemetery and report. They stated that they had made the inspection and found everything in a first class condition, in fact in so good that they could not suggest any way by which it could be improved upon. One of the cities in the United States wrote asking for information in regard to the local cemetery and Mr. Rutherford gave the necessary information.

Some of the members thought two gate posts should be erected at the entrance to the cemetery, but the matter was left over on the understanding that it should be carefully looked into.

SCOTT & BOWNE  
128 Wellington St., West, Toronto, Ont.

Not long ago the Treasury at Washington received a letter from a Pittsburgh man who had made a bet, asking "how many cents are there in a bushel?" The answer was not easy to refer. If the man had asked about pounds he might have received a definite answer. As it was, he got in reply a guess from a clerk; that "roughly there is something like \$320, or 32,000 pennies."
