A Strainer.—It was a stage rehearsal. The principal lady came on the stage dressed in walking-out costume, and started to sing her great song. "My dear!" cried the manager, "you are surely not going to sing with your veil on?" "Of course I am," she replied. I want to hurry off as soon as I finish. I have to meet a friend." "But singing with a veil on!" expostulated the stranger. "Well, well," he added, in a resigned tone. "I can't help it if you want to strain your voice!"

Latest Type Of Tourist Cars

One of the Features in Canadian National Railways' Daily Service Toronto-Winnipeg-Vancouver

The Canadian National daily transcontinental train, Toronto-Winnipeg-Vancouver made its initial trip from Toronto, with one of the very latest type of steel tourist cars as part of its equipment, the first of an order of twenty such cars in whose construction every point has been considered for the safety and comfort of passengers. This modern type of tourist car, with antitelescopic device is of similar design to the standard sleeping coach, the exception being they are upholstered in leather instead of plush.

Electrically lighted throughout, all berths, upper and lower, are provided with berth lamps. A new feature for this class of car is that lamps have been installed under the seats in the aisles of the car, so that when the ceiling lamps are turned out for the night light may be provided under berth curtains, a great convenience for passengers when going through the car.

Phosphoric push buttons can be readily seen in the dark, should the passenger require to switch on the light or ring the bell, when the berth is in darkness.

A safety feature introduced is a device for holding down the upper berth which precludes any possibility of the upper berth closing when in use. Separate berth curtains are provided so that passengers in the upper berths will not disturb passengers in the lower.

The kitchen has the latest steel range, facilities for washing dishes, and lockers enable passengers to store their food. Lavatories have received special attention, and provide greater conveniences than the older type. An electric thermostatic heating control can be so adjusted as to regulate the temperature of the car, thus preventing overheating.

Thus with the introduction of the daily service of the Canadian National lines between Toronto-Winnipeg-Vancouver, is the added convenience of the second-class passengers who can enjoy a transcontinental trip in every comfort at minimum expense.

Licenses Under Prohibition Act

FREDERICTON, Oct. 23—While all wholesale and retail vendors licenses under the N. B. Prohibition Act will expire on Oct. 31, it will be impossible to have new licenses ready to become effective on Nov. 1, and Rev. W. D. Wilson has gone to St. John to try and reach some conclusion in the situation.

The new licenses will be issued with the regulations governing the vendors and stating the prices at which liquors are to be sold, but these regulations cannot be made effective until approved by the lieutenant governor in council, and the government will not meet before Nov. 4 or 5.

Meanwhile, the chief inspector has sent a circular letter to the present holders of licenses asking them whether they are preparing to accept renewals under the new regulations, which include the fixing of the wholesale profit by an account, placing the retail vendor's profit at 33 1/3 per cent on cost and allowing retailers to buy from the St. John wholesalers only.

Many Prizes For School Children

Every school child in New Brunswick has an interest in the Victory Loan Campaign because every school child has a chance to win one of the many prizes offered for the school essay competition on Why We Should Buy Victory Bonds. The prizes, and there are four for each county in the province, two of \$10 in War Savings Stamps, and two of \$5 in War Savings Stamps, in addition to a grand prize of \$25, are open to competition. One set of competitions will be the children from Grade I to VIII, and the other children from Grade IX to XI. The essays, which must be finished to reach St. John by the 14th of November, are to be of not more than five hundred words, written on one side of the paper only, the handwriting of the student, with statement of the pupils name, age, grade, post office address, and location of school and is to bear a certificate signed by the teacher that the writer is a school pupil as represented.

Prizes will be given as outlined for the two best essays in each class from each county, and the general prize will go to the best essay of all for the whole province.

The Central Committee, St. John, is sending to each school in the province a supply of three illustrated blotters containing valuable information about the loan. There is a sufficient supply of these to give each scholar two, and so create a home interest in the loan. The central committee is also selecting essay judges. All essays in this competition must be mailed to Miss Helen Sydney Smith, 147 Prince William street, so as to reach her by November 14.

Canada for all*

Canadians!
*This is a call to National Service—
The Victory Loan 1919
which opens to-day.*

YOU are citizens of no mean country.
Canada is a fair, free land.
Canada is your country.
Canada—now—has need to borrow from you—Lend:
Lend without restraint of politics or fine distinctions of creed or party.
The leaders of the political parties endorse the Loan.
It is CANADA that asks:
And why—
To clean up the last of the War's commitments and expenses;
To establish beyond all question the capacity and credit of your country;
To care for the wounded and maimed soldier;
To finance the bonus of the returned soldier already paid;
To enable the fruits of Victory to be garnered;
To ensure the prosperity of you, her citizens.
The guns of war are silent—but they are not yet cool.
The Victory Loan 1919 is a War Loan.
Canada's book of war is gloriously written—make this, the closing chapter, a worthy one. The responsibility is yours. **LEND!**

Lord Beaverbrook Advocates Tax On War Profits

Lord Beaverbrook contributes an article in the Daily Express advocating strongly a tax on war profits. He writes:

"The Labor Party are in favor of the scheme to a man; their only difficulty is that, while cooler heads would prefer a tax which they feel certain they can get, some of them are more anxious for a capital levy on the whole community—a more uncertain prospect—and some division of purpose is therefore discernible in their minds. And here let me drop a hint to the wise. The motto of the Romans, I am told by Cabinet Ministers, was 'divide and rule.' If the rulers will not have the war profits tax they will get a capital levy."

Lord Beaverbrook's proposal is as follows:

"There should be a valuation of the total increase, if any, in the wealth of an individual between August, 1914 and the present year, and the difference, as being due directly or indirectly to a state of war, should in justice accrue to the Exchequer."

After careful consideration of all the evidence Lord Beaverbrook ventures to predict that the War Profits Tax would produce for the Treasury more than a billion pounds.

Weekly Agricultural Report

Excellent weather has prevailed for harvesting the fall crops. Good progress has been made in getting these crops under cover. The potato crop is practically all harvested. Reports of rot in the late potatoes have come in from all sections of the province. The percentage of rot given varies from five per cent to as high as seventy-five per cent. Those who dug their crop early seem to have escaped loss from rot. The reduction in the total quantity of potatoes produced in the Province, as a result of the rot, will be quite considerable.

The Department of Agriculture Clover Seed Huller has been operating for the past two weeks. The seed is turning out well. There will be quite a quantity produced in the province this year. Prospects are that the supply of seed in Canada will be scarce and the price high.

The turnip crop is being harvested and the yield is well up to the average. Dairy cattle are reported in demand and selling at a good price, grade cows bringing from \$75.00 to \$90.00. The demand for young pigs is poor. The high price of feed is the reason given for this.
