

NEWS OF THE DISTRICT

KILLAM.

Bulletin News Service. Large quantities of lumber are arriving here daily for transportation to the Globe Lumber company's yard at Meighen. Ten car loads arrived last week. J. W. Ratray has resigned his position with A. R. Forsyth & Co., to accept a partnership with father, J. T. Ratray, in the machine and grain business. Leroy Churchill has commenced the erection of a new blacksmith and machine shop on Minto street. A series of lectures is being given in the Presbyterian church during February and March by local talent. Rev. J. F. Edmunds will take his subject on Feb. 17th. "He can who thinks he can," while on Feb. 25th Rev. W. H. Marshall will speak on the subject "Gaul in History." On March 4th, E. H. Malcolm will lecture on "Canadian Institutions," and on March 11th, Dr. Duggan will deliver an address on "Iceland."

J. H. Saxe has commenced the erection of a large hall, 30x60, two stories in height, to be used as a public hall for public entertainments, balls, etc., while the upper story will be fitted up as an up-to-date lodge room. Mr. Saxe is commended for his enterprise, as since the Nichol hall was closed there has been no place available in Killam for public meetings, and as we have four society orders here, viz., D. P. L. O. L., M. E. O. L., W. M. A. of America, they will not doubt appreciate the enterprise of Mr. Saxe. A. Murphy, druggist, has let the contract for an addition to his present building which is at present too small for his accommodation.

A. E. Johnston, of the Bowman Lumber company, of Nevelstocke, spent the week end in Killam and incidentally disposed of several cars of lumber. W. J. Stewart, of Amiske, is visiting his brother, Chas. Stewart.

H. A. McGrandle, D.L.S., of Wetaskiwin, is in town, making the grade levels for the different streets. As soon as the levels are completed it is the intention of the contractor to call for tenders for sidewalk construction over the principal streets of the town. W. H. Shillington has accepted a position with A. R. Forsyth & Co. Mr. Forsyth, who has just arrived home from a trip to eastern wholesale concerns, states that the business in sales are looking forward to an extremely prosperous year.

H. A. Clark, of the C. P. R. construction department, at Winnipeg, who was here for a few days last week, says that the C. P. R. surveyors will arrive in Killam on the 1st of March for the purpose of beginning sectional work on the proposed Killam-Strathcona branch of the C. P. R. Mr. Clark stated that in all probability the line would be completed in 1910 as the contractor for the company had so much other work on other lines this year it would most probably not commence work until the spring of 1910.

Building lots for residential houses have been so much in demand lately that James L. MacGowan, of Ottawa, who owns the townsite, unsurveyed, has authorized E. W. Dav, of Dayland, to have ten blocks on the townsite surveyed into lots and put on the market at once.

A large crowd gathered from Killam and the surrounding country on Friday, the 5th inst., at the schoolhouse to listen to one of the best concerts that has ever attended the efforts of the people of Killam. George P. Smith, of Camrose, was expected to be present to occupy the chair, but as he was unavoidably detained from being present, Chas. Stewart was called upon to fill the place of the evening, which was performed in a manner that only Mr. Stewart is capable of. The concert was good in not only giving it justice, as every part of the programme brought forth rounds of applause, and the chairman had much difficulty in quieting the audience after repeated encores. Many of the numbers given reflected great credit on the principal, D. H. Aion, who has been indefatigable in his efforts to make this a successful and without whom, doubtless, the ordinary efforts of the school children would have not made it so brilliant a success of Friday. Outside of the school children, chief among the entertainers were the Jenkins family, in the comic character sketches; E. D. McMillan, in his comic songs; Mrs. Wm. Gibbs, with a humorous reading; and the Jenkins quartette, on the piano, 'cello and violins. The proceeds of the concert, amounting to about \$75, will be used in purchasing a school library.
