Ed. Hiniker, who represented the agricultural society at the Alberta fair association convention, brought back the information that our fair dates have been fixed for October 2nd and 3rd. The convention was a very profitable one in many respects and it is to meet in Calgary next year. A motion from the Bowden society was carried, asking that the department be asked to give encouragement to farmers experimenting with Alfalfa, caused a great deal of valuable discussion. It was pointed out that in the Bowden district some farmers had been experimenting and had considerable success.

The expense of getting good seed, however, costs \$7.00 an acre, preventing more from going into it, and keeping those who did from making experiments extensive enough to be satisfactory. The idea is to ask the department to supply seed if the farmers would give time, labor and land for the experiment.

J. W. Stewart, of Ferrybank, has just completed the erection of the splendid residence. The building is one of the finest in the country, and stands on the banks of the lake is beautifully located. Such a home demonstrates that Alberta farming is a paying occupation.

The anniversary services will be held in the Methodist church next Sunday, the 12th. The Rev. A. Barner, of Red Deer, will preach at both services, 11 a.m. and 7:30 p.m., Sunday school at 3 p.m.

\$5.00 will be given as a prize at the Ponoka fall fair for the best collection of vegetables grown from the McKenke and Co. seeds of Brandon, Manitoba, and \$25.00 to the person taking the most prizes from the said seed in the provinces of Manitoba, Saskatchewan and Alberta.

Mr. Peterson and Paries of Springdale made application for patent of their homesteads last week.

If any one deserves mention, surely it is the mail drivers. They certainly have been up against it lately, but still get the mail through, breaking roads perchance all the way, as it is the habit easily attained to wait until the stage goes by before any one attempts to go anywhere, and through it all they are giving the best of satisfaction.

Walter Watson, just up from Saskatchewan, has arrived here and is come to work for Geo. Rogers, of Water Glen.

Ponoka, Feb. 16th.

NORTH BATTLEFORD.

Bulletin News Service. The Imperial Bank will erect a new building this year. This is the work started by A. T. Spohn, local manager. The business is increasing to such an extent that a larger bank building has become a necessity.

Two hundred cars of lumber and implements have been ordered for this point to be delivered before the first of April. One hundred and twenty-five cars of lumber and seventy-five cars of implements, exclusive of traction engines and outfits. Some of these are for resubmit to the North Battleford Athabasca line.

At a special meeting of the Town Council it was decided to give the board of health a grant of \$2000 for the year 1911 and a further grant of \$500 per member up to two hundred members. The town council also agreed to accept the recommendation of the health and relief committee that the Roman Catholic rectory be procured as a temporary hospital quarters for the winter of 1910-11.

A satisfactory agreement could be reached with the owners of the proposed hospital that it will be ready for occupation within twelve months from the date of their tenancy of the rectory.

That North Battleford will have the long distance telephone in the early spring is now assured. An official of the department of telephones arrived in town last Saturday and has completed the necessary arrangements for the line to North Battleford. The completion will be in the latter part of the early spring.

The overcast club has been organized. W. W. Johnson was president, and W. Bemerick as secretary. A large number of members have joined and enthusiasm is being shown by the members of this popular club.

A meeting of the directors of the Irma Agricultural Society will be held on Saturday, February 21st.

Mr. Pawcett Graham spent a few days last week in Edmonton.

WETASKWIN.

Bulletin News Service. On Wednesday last Mrs. H. I. Miller gave an afternoon bridge party, about 28 guests spending a most enjoyable time.

Mr. E. Davies, of the Wetsaskwin Hardware Co., has purchased the B. C. house. This was erected by the B. C. Mills Timber and Trading Co., Ltd., of Vancouver, as an advertisement for their saw-made houses.

Another saw-made property is reported. Mr. J. Call, of the Hercules Rotary Engine Co., Ltd., having purchased Mr. Cameron's house.

The local automobile dealers report having orders for upwards of 20 cars for spring delivery. Without doubt, for its size, Wetsaskwin can boast of more privately owned motor cars than any other place in the province.

On Thursday the long-looked-for Hercules roller up and arrived, and the investors in this company, for the first time, obtained a glimpse of the engine that is expected to do so much in the mechanical world. It can be said quite truthfully that the major portion of the finest spectators present, with the appearance of the engine. It seems to impress one with the idea of power. Large crowds gathered to watch the process of unloading and the subsequent removal to the engine house of the company, where it is to be installed and tested at the earliest possible date.

The city fathers have had another strenuous week, having two special meetings, one on Friday and the second Saturday. At the first meeting little of interest was transacted, with the exception of the appointment of an assessor for the year. Mr. A. T. Kinnaird, clerk of the District court, was selected at a salary of \$500. At the second meeting Mayor Fowler explained that the casing in the gas well had become jammed, so that it was impossible for the contractor to move it either up or down, and in consequence the contractor desired permission to finish the well with a 4 1/2-inch hole instead of 6 inch. This permission was granted on the understanding that the 6 inch pipe would be used as far as practicable.

Feb. 13th.

RYLEY.

Bulletin News Service. W. Thirkel accompanied by his sister, Miss Olive Thirkel, of Bow, spent the latter part of the week in town, as the guests of their brother, L. C. Thirkel.

Mr. Hill, living six miles west of Ryley, became lost, while making a trip to Tofield a short time ago, during the severe weather and had the misfortune to freeze three fingers on his right hand and two on the left. Although he is unable to use his fingers yet, they are healing quite nicely.

The carnival to be given at the rink on St. Valentine's evening, Feb. 14th, will no doubt be the best one of this season. A large number of costumes and a good big crowd will

be in attendance. The witches and sheils have charge of the program and will serve cake and coffee during the evening. The Casino band will be in attendance. Prizes will be awarded at 9 o'clock. Ryley, Feb. 11th.

INNSWILL.

Bulletin News Service. Since writing last, John Robinson of Eagle Ridge, Little Red Deer, has passed away at the Red Deer hospital. The funeral took place at the Mackay's Church, where the Rev. W. Whitehead officiated. Deceased, who was aged sixty-four, came from the county of Westmoreland, England. About 17 years ago and leaves a widow and family of grown up sons and daughters, all of them in good positions, the eldest son, Ed. Robinson, being Government homestead inspector for this division of Alberta.

The late Mr. J. Robinson was a man of great intelligence and a famous organizer and we are indebted to him for perhaps the finest spectacle presented ever seen in Innisfail, viz. that of the "Old Timers" last Dominion Day, and also the sports that followed. Besides being connected so long in offices of the agricultural society, he was a member of the Innisfail county board of health, and was one of the best bulls in the country. A large number of relatives and friends from all parts of the country followed the remains to the last resting place, mourned and respected by all.

Measurements of the town council and school board have taken place during the week. At the former nothing exceptional took place beyond the strict regulations being made for the sanitary condition of the town, discussion of cement sidewalks, and the application for the secretary-treasurership to be reported at the regular meeting in March. At the school board, Dr. Williams Pink Pills, the best medicine for trouble of this kind.

Dr. Williams' Pink Pills not only promptly cure the serious after-effects of a gripe, but they make well and strong all persons suffering from any form of debility. These Pills have no laxative or purgative action, they merely invigorate, new, rich, red blood, and thus fortify and strengthen every organ of the body. Dr. Williams' Pink Pills are sold by all medicine dealers or sent by mail for \$2.00 a box, six boxes for \$10.00 by addressing The Dr. Williams' Medicine Co., Brockton, Ont.

LA GRIPPE RAVAGES

The trouble Sweeping Over Canada is an Epidemic.

Weakened and Broken Constitutions Left Behind—How to Regain New Health and Strength.

La grippe is one of the most dangerous diseases that annually sweeps over Canada. It starts with a sneeze—a slight cold—and ends with a complication of troubles. It lays the strong down on his back; it tortures him with fever and chills, with headaches and spasms and often it is most dreaded of all diseases—constipation. You can avoid a gripe entirely by keeping the use of Dr. Williams' Pink Pills. The trouble takes as its victims those whose blood is in a poor condition, and its after-effects are more dangerous and more lasting than the trouble itself. For the after-effects of a gripe—loss of strength, depression, and a general feeling of weakness—Dr. Williams' Pink Pills are equal to any other medicine. They drive disease from the system and make weak, dependent, and women bright, cheerful and men strong. Dr. Williams' Pink Pills give this great health-restoring medicine a trial, and you will be disappointed you. Here is a proof of their power. A few weeks ago I was taken by a severe attack of a gripe, which completely broke me down. I was unable to sleep for several weeks, and although during that time I employed a doctor I did not seem to recover from the trouble. I was terribly weak, did not sleep well, had night sweats and little or no appetite. I was really a physical wreck. On a former occasion I had used Dr. Williams' Pink Pills for general debility with such great success, that I decided to try them again. I sent for a dozen and they began to take me all pills at once. When taking the second box I began to feel quite a change in my condition. I was able to walk about the house, and my appetite was improving. From that time on I gained strength every day and before the sixth box were done I was able to return to the office and resume the best of health, and think Dr. Williams' Pink Pills the best medicine for trouble of this kind.

Dr. Williams' Pink Pills not only promptly cure the serious after-effects of a gripe, but they make well and strong all persons suffering from any form of debility. These Pills have no laxative or purgative action, they merely invigorate, new, rich, red blood, and thus fortify and strengthen every organ of the body. TARIFF MEASURE BEFORE CONGR.

BY MAJORITY OF FIVE AND MEANS COMMITTEE REPORT FAVORABLE.

Washington, Feb. 12—The complete bill of the Senate taken by the New York Tribune yesterday afternoon showed that the measure is to reciprocity. The House already safe for the agreement. A complete victory for the measure is therefore assured.

Washington, Feb. 12—The bill, carrying out the provisions of the Canadian reciprocal trade agreement, was reported yesterday by Mr. McCall, of Vermont, acting chairman of the committee on ways and means. It came in with the favorable report of the nineteen members of the committee, who urged its passage as "a measure in the interest of the great mass of people of the country."

The seven members of the committee who opposed the bill at the committee's final session yesterday were given permission to report next week. Senatorial gains of West were asked for specifically in that statement next week. While the House agreed to Mr. McCall's declaration, it was bound by such action to do nothing until that time. A motion to be made Monday afternoon by Mr. McCall, to take up the measure for immediate discussion and final action, was opposed by Mr. McCall, who refused to consider the bill until it is likely to be finally passed before the day over.

Analysis of the report is an analysis not only of the per se reciprocity agreement, but of the situation between the two countries, the development that may be expected on each side of the measure, and the influence that tariff barriers had on the development of the country.

The agricultural interests, and the lumber industry from whom the primary benefit against the measure is expected, are handicapped at great length. The opinion is expressed that the fish catching industry in Gloucester will not be materially injured by the free trade of Canadian caught fish. The fish packing industry, and consumers of the country, are not benefited.

As to wheat, the final beneficiary of bread is placed in the interests of the wheat raisers. The wheat cent duty, which cannot help the farmer.
