A RARE CHANCE.

Spring Bank Farm

FOR SALE.

THE subscriber offers for sale the above well-known and desirable property, situated near Spring, on the Erin and Guelph Gravel Road, 3 miles from Guelph, 3 miles from Everton, being the Easterly half of Lot No. 10, in the 2nd Concession, Township of Erin, 100 acres, more or less, between 60 and 70 acres cleared. It is well laid off with good fences, and in a very superior state of cultivation, with good suitable buildings, never-failing supply of water, the creek running alongside of it, and a good well of water and pump, the door.

The above is acknowledged to be one of the best wheat growing farms for its extent in the county of Wellington. Title indisputable.

Also a pleasantly situated property in the Township of Guelph, consisting of a good Dwelling House and a Stable, two-thirds of an acre of land attached, good garden and some fruit trees, &c. Title indisputable.

Terms and particulars apply person to whom the letter (pre-paid) to the subscriber at PETER MCGILVERA, Everton P. O., County of Wellington, Sept., 1867.

PROOFS OF THE SUPERIOR QUALITY

OF THE

AMERICAN WATCH

MADE AT
WALTHAM, MASS.

Referring to their advertisement in a previous issue of this paper, the American Watch Company, of Waltham, Mass., respectfully submit that their Watches are cheaper, more accurate, less complex, more durable, better adapted for general use, and more easily kept in order and repaired than any other watches in the market.

They are simpler in structure, and therefore stronger, and less likely to be injured than the majority of foreign watches. They are composed of from 125 to 300 pieces, while in an old English watch there are more than 700 parts.

How they run under the hardest trial watches can have, is shown by the following letters:

PENN. RAILROAD COMPANY.

Office of the General Superintendent,
Allentown, Pa., 15th Dec., 1866.

Gentlemen:—The watches manufactured by you have been in use on this railroad for several years by our engineers, to whom we furnish watches as part of our equipment. There are now some 500 of them in use on the line, and we consider them good and reliable time-keepers. Indeed, I have great satisfaction in saying your watches give us less trouble, and have worn out to wear much longer without repair than any watches we have ever had in use on this road. As you are aware, we formerly trusted to those of English manufacture, of acknowledged good reputation; but as a class they never kept time so correctly, nor have they done as good service as yours. In these statements I am sustained by my professional men. Mr. Lewis, whose experience extended over 25 years.

Respectfully,
EDWARD H. WILLIAMS,
General Superintendent.

American Watch Co., Waltham.

NEW YORK CENTRAL RAILROAD.

Locomotive Department, West Division,
Rochester, Dec. 24, 1866.

Gentlemen:—I have no hesitation in saying that I believe the great majority of Locomotive Engineers have found by experience that Waltham Watches are the most satisfactory of any for their uses. They run with the greatest accuracy and steadiness, notwithstanding the rough riding of an engine, and as I have never known one to wear out, they must be durable. I hope to see the time when Railway Companies will generally adopt your watches, and furnish them to all engineers and conductors. In this matter I would greatly like to promote regularity and safety.

Yours respectfully,
CHAS. WILSON, G. Chief Engineer,
Brotherhood of Locomotive Engineers,
American Watch Co., Waltham, Mass.

We now make five different grades of watches, named respectively as follows:

Appleton, Tracy & Co., Waltham, Mass.
Waltham Watch Co., Waltham, Mass.
P. S. Bartlett, Waltham, Mass.
Wm. Ellery, Boston, Mass.
Home Watch Company, Boston, Mass.

All of these, with the exception of the Home Watch Company, are warranted by the American Watch Company to be of the best material, on the most approved improved principle, and to possess every requisite for a reliable time-keeper.

Every dealer selling these watches is provided with the Company's printed card of guarantee, which should accompany each watch sold, so that buyers may feel sure that they are purchasing the genuine article. There are numerous counterfeiters and imitations of our watches sold throughout the country, and we would caution purchasers to be on their guard against imposition.

Any grades of Waltham Watches may be purchased of watch dealers.

Testimonials can be obtained on application from many persons in Canada who have worn the watches with the greatest satisfaction.

VALUABLE FARM PROPERTY

For Sale or to Exchange.

THE undersigned offers for sale, or to exchange for Real Estate in the town of Guelph, the undermentioned property, viz:

First—A valuable improved Farm North of the Durham Road, in the Township of Bentinck, three miles from the Village of Durham, containing about 200 acres, of which about 100 acres are cleared and under fence. On the premises are a substantial Frame Dwelling House with good cellar, garden and well, with many of excellent water. Also, a Frame Barn 60 x 30, with 18 feet posts and underground stabling, and a never-failing spring in the barn yard for the supply of water to cattle. This is a very eligible property, and well worth the attention of those who wish to obtain a good farm.

Also—Lot 42, in the 2nd Concession of Bentinck, West of the Garafraxa Road, 100 acres, about 12 acres cleared, with a Frame House on the premises. The Rocky Sargara River crosses one corner of this Lot, and has a valuable water power on it, capable of driving any machinery.

Also—Lot 45, in the 1st Concession, South of the Durham Road, three miles from the Village of Princesville, in the Township of Artemesia, containing about 100 acres, of which about 50 acres are cleared and under fence, with a good new Log House.

The above lands are well situated and timbered with the best kind of hard wood trees, and in dispute titles—the last two being direct grants from the Crown.

For further particulars, &c., apply to the proprietor.

Great Cure of Liver Complaint and Dyspepsia in Canada.

Concession, Prince Edward Co., C.W.,
March, 1867.

Meers, Young & Chamberlain, Sirs—Having proved within my own person that there is at least a medicine that will indeed cure Liver Complaint and Dyspepsia, I am induced to make this statement, under oath, which is to certify that I have been only afflicted for the last three years, according to the Doctors' statements, with Liver Complaint and Dyspepsia. I had a feeling of sinking, a vague uneasiness about the stomach, worse than pain, eructations of wind, occasional pain, drowsiness, constipation, uneasiness in the right side, headache, a poor appetite, &c., and was greatly reduced in strength. Hearing your new Indian medicine, the Great Shoshone Remedy, spoken of so highly, I tried a bottle with your Pills, from these I must say I found but little change, but I took another and then a third, my health improving, and I continued it until I have taken about ten bottles, using the Pills, and I find that I have quite recovered. I eat hearty without pain or uneasiness. I am well and have pleasure in attending to my business. The doctor remarked to me I was looking much better. I told him that the Great Shoshone Remedy was doing it. I have recommended the Remedy in several cases, and it has given good satisfaction, and I would strongly recommend it to all afflicted as I was.

Sworn before me at Concession, C.W., this 2nd day of March, 187.
