Her Health.

"I was very weak, sick, and I felt sickly most of the time. I went to a doctor and he said I had nervous indigestion, which added to my weak condition. I could not get well. I heard so much about Lydia E. Pinkham's Vegetable Compound that I decided to try it. I felt a little better after three months, and I eat anything now without nervousness."—Mrs. A. 42 North Taylor St.,

After Effects
Of Enfluenza

Often as Serious as the Disease
Itself—How to Get Health.

There are few homes in Canada that were not touched by the sorrow that trailed in the wake of the Span- ish Influenza epidemic. Estimates of the loss of life caused by the epe- mic show that it was almost as great as the losses caused by the war, and these take no account of the baneful after-effects which are some- times as fatal as the disease itself.

Victims of the disease are generally left with impoverished blood and a weakened system. In this condition they are exposed to many dangers unless precautions are taken to en- rich the blood and strengthen the nerves. The debility that invariably follows influenza is not a disease of any organ. It is a general condition of unfitness. It must be met by a remedy whose good results will be quickly felt throughout the entire system. In this condition Dr. Williams' Pink Pills will be found invalu- able. The mission of this medicine is to enrich the blood, and this new, red blood carries renewed health and strength to every part of the body.

The case of Mrs. George Louder, Hamilton, Ont., proves the value of Dr. Williams' Pink Pills in cases of this kind. Mrs. Louder says:—"I had a very severe attack of Spanish In- fluenza which left me pale and very weak. My appetite completely failed me and the least noise would startle me and make me cry. I was under a doctor's care, and finally he advised me to take Dr. Williams' Pink Pills, and I had not been taking them long before I could tell they were help- ing me. I used altogether nine or ten boxes and am now feeling as well as ever I did in my life. I believe if it had not been for these pills I would have been a chronic invalid."

Such proof as this must be inter- esting to every one who suffered from an attack of influenza, and who still feel in any way weakened as the result of the trouble. It points the way to new health and strength, and if you are one of the sufferers you should avail yourself of this medi- cine at once. You can get Dr. Williams' Pink Pills through any dealer in medicine, or by mail at 50 cents a box or six boxes for \$2.50 from the Dr. Williams' Medicine Co., Brock- ville, Ont.

Lilly, of New England who died early on Wednesday morning, following an operation on Monday for appendi- citis. Besides her sorrowing parents she leaves two brothers who have the sincere sympathy of the entire com- munity. Interment was made in Eden cemetery.

SPRINGFIELD

Last Thursday evening in the I. O. O. F. Hall, the members of the Re-becca Lodge and the members of Ark Lodge, I. O. O. F. met and tendered a farewell to two members of their orders, Mr. and Mrs. Austin Win- ters. A pleasant evening was spent in music after which Mr. and Mrs. Winters were presented with tokens of friendship from their respective orders. Mr. Winters received a pair of I. O. O. F. cuff links and Mrs. Winters with a Rebecca Pin Mr. Winters in a few suitable words ex- pressed their regret in leaving old friends. A dainty lunch was served by the ladies.

Mrs. Winters and children left for their new home Monday, and Mr. Winters left with the household goods on Tuesday.

Mr. and Mrs. S. Charlton motored to London on Monday to meet their son, Norman, who was to arrive, but was held at the hospital where he will be detained for some time.

Dust! Dust! Nothing but dust. Springfield is certainly well blessed with this article. Strong hopes are being expressed that the streets will be oiled.

Wednesday is Springfield's first half-holiday, and from all appear- ances everybody is taking one. Near- ly every place being closed.

Mr. Reichheld is opening up a new ice cream parlor at his hotel, and ex- pects to be well patronized if this hot spell continues. This makes three parlors in Springfield. Everybody ought to be cool, even if there is no ice here.

The Carnation Milk Plant gave or- ders to have their milk delivered on Sunday last. There seems to be quite a lot of dissatisfaction expressed about it.

Mr. John Howick attended the or- dination services of his son-in-law, Rev. R. Taylor, last week.

Miss Grace Howick is visiting her sister, Mrs. (Rev.) Taylor, at Teeter- ville for a few days.

A dairy specialist visited the village last Tuesday in the person of Mr. Stonehouse, president of the milk producers' association. This gentle- man addressed a representative gath- ering of farmers in the evening. He evidently can say the last word about cows and milk. The lecture was most instructive. After discussion a local branch of the association was organized when the following officers were elected: Pres., T. M. Moore; vice-pres., Sylvester Charlton; sec'y- treas., Norman Martin; director, R. B. McKinney, F. E. Martin, James Williams, Wilson Moore. A large membership was enlisted and it looks as if every milk producer in the vic- inity will join.

VIENNA

Welcomes one of Her Heroes, Spr. Lawrence Soper, Home.

A right royal welcome was given Spr. Lawrence Soper who returned home on Sunday. He enlisted and went overseas with the 168th Batt., and spent the past two years in France. He was welcomed back to the Young Men's Progress Class again, of which he was a member. On Wednesday evening the Young Lad- ies' Sunshine Class and the Young Men's Progress Class will give a re- ception in honor of Spr. Soper at the home of his parents, Mr. and Mrs. Owen Soper.

GRAY DORT

Ask—and be Convinced

FOR three years we have been telling the motorists of Canada what we *knew* about the Gray Dort—we who cre- ated and built it.

Thousands were con- vinced—and bought Gray Dorts as fast as they became available.

Thousands were skepti- cal—rode in Gray Dorts and are now our enthusi- astic friends.

To those who still doubt, we say—talk to a Gray Dort owner and be con- vinced.

Ask him about the motor —that puts at your com-

mand a smooth, quiet flow of real power—in- stantly. Ask him about the comfort of this generously-large light car. Ask him about equipment—about econ- omy of tires, gasoline. And the longer he has had his Gray Dort, the more enthusiastic he will be.

The touring car is \$1245; the Gray Dort Special—the car with added refinements and extra equipment, is \$135 extra; there are also a coupe, and a sedan. All prices f.o.b. Chat- ham and are subject to change without notice.
