Rev. J. V. Smith, of the Metropolitan Church, Toronto, formerly of this city, presided. Two months ago Mr. Lanceley had asked his congregation to give a liberal collection at the anniversary, and the result has been that the trustees have now in hand a sum of \$2,125, and a promise of an equal sum at next anniversary. This will more than liquidate the debt of \$4,000 on the new and beautiful church edifice.

Judge Hughes, of St. Thomas, has given a written judgment in the case which was tried at the last Division Court and argued Frank Counter and Charles Counter, were under age at the time they purchased a binder from Eillott & Son, of London, and gave the note sued upon in payment. The defendant, C. Counter, is still under age and could not be held liable, but as to Frank Counter, the judge holds him liable to pay the note, because he did not within a reasonable time after he came of age repudiate the transaction.

DETROIT, Mich., Jan. 29, 1892 .- A case has just come to light here, the particulars of which are published in the Evening News, which will be read with considerable

peared in the News a short time ago, furnished the basis of this information—a case that was so wonderfully remarkable that it demanded further explanation. It is of sufficient importance to the News' readers to report it to them fully. It was so important then that it attracted considerable attention at the time. The following is the paragraph in question:

"C. E. Northrop, for 28 years one of the best known merchants on Woodward avenue, who was supposed to be dying last spring of locomotor ataxia, or creeping paralysis, has secured a new lease of life and returned to work at his store. The disease has always been supposed to be incurable, but Mr. Northrop's condition is greatly improved, and it looks now as if the grave would be cheated out of its prey."

Since that time Mr. Northrop has steadily improved, and it looks now as if to condition, till he has gained his old-time strength.

In had been hinted to the writer of this article, who was acquainted with Mr. Northrop, that this miraculous change had been wrought by a very simple remedy called Dr. Williams' Pink Pills for Pale People. When asked about it Mr. Northrop fully verified the statement, and not only so, but he had taken pains to inform any one who was suffering in a similar manner when he heard of any such case. Mr. Northrop was enthusiastic at the result in his own case of Dr. Williams' Pink Pills. Northrop was enthusiastic at the result in his own case of Dr. Williams' Pink Pills. It was a remedy that he had heard of after he had tried everything he could hope to give him any relief. He had been in the care of the best physicians who did all they could to alleviate this terrible malady, but without any avail. He had given up hope, when a friend in Lockport, N. Y., wrote him of the case of a person there who had been cured in similar circumstances by Dr. Williams' Pink Pills for Pale People. The person cured at Lockport had obtained hir information respecting Dr. Williams' Pink Pills for man article published in the Hamilton, Ont., Times, The case was called "The Hamilton Miracle," and told the story of a man in that city, who, after almost incredible suffering, was pronounced by the most eminent physicians to be incurable and permanently disabled. He had spent hundreds of dollars in all sorts of treatment and appliances, only to be told in the end that there was no hope for him, and that cure was impossible. The person aluded to (Mr. John Marshall, of 25 Little Williams treet, Hamilton, Ont.,) was a member of the Royal Tenpiars of Temperance, and after having been pronounced permanently disabled and incurable by the physicians, was paid the \$1,000 disability insurance provided by the order for its members in such cases, for years Mr. Marshall had been utterly helpless, and was barely able to drag himself around his house with the aid of crutches. His agonies were almost unbearable and life was a burden to him, when at last relief came. Some months after he had been paid the disability claim he heard of Dr. Williams' Pink Pills and was incurable, was going about the city healthier and stronger than before. Mr. Marshall was so well known in Hamilton that all the city newspapers wrote up his wonderful recovery in detail, and it was thus, as before stated, that Mr. Northycon came into It was a remedy that he had heard of after

stronger than before. Mr. Marshall was so well knewn in Hamilton that all the city newspapers wrote up his wonderful recovery in detail, and it was thus, as before stated, that Mr. Northrop came into possession of the information that led to his equally marvelous recovery. One could acarcely conceive a case more hopeless than that of Mr. Northrop. His injury came about in this way: One day nearly four years ago he stumbled and fell the complete length of a steep flight of stairs which were at the rear of his store. His head and spine were severely injured. He was picked up and taken to his home. Creeping paralysis very soon developed itself, and in spite of the most strenuous efforts of friends and physicians the terrible affliction fastened itself upon him. For nearly two years he was perfectly helpless. He could do nothing to support his strength in the least effort. He had to be wheeled about in an invalid's chair. He was weak, pale and fast sinking when his timely information came that veritably snatched his life from the jaws of death. Those, who at that time saw a feeble old man wheeled into his store on an invalid's chair, would not recognize the man now, so great is the change that Dr. Williams' Pink Pills have wrought. When Mr. Northrep learned of the remedy that had cured Mr. Marshall in Hamilton, and the person in Lockport, he procured a supply of Dr. William's Pink Pills three ward avenue, and from the outset found an improvement. He faithfully adhered to

Messrs. Bassett & L'Hommedieu, 95 Wouward avenue, and from the outset found an
improvement. He faithfully adhered to
the use of the remedy until now he is sompletely restored. Mr. Northrop declares
there can be no doubt as to the Pink Pills
being the cause of his restoration to health,
as all other remedies and medical treatment
left him in a condition rapidly going from
bad to worse, until at last it was declared
there was no hope for him and he was pronounced incurable. He was in this terrible
condition when he began to use Dr.
William's Pink Pills, and they have restored him to health.

Mr. Northrop was asked what was
claimed for this wonderful remedy, and replied that he understood the proprietors
