EFFORT TO SAVE THE ASSASSIN CZOLGOSZ

Sentimental Bostonians Start a Petition to Gov. Odell—The Murderer Becomes Studious.

Boston, Oct. 5.—Although Governor Odell of New York, has stated emphatically that he will not consider any petition for a commutation of Czolgosz's death sentence to life imprisonment, the Social Alliance of this city is circulating a petition of this nature for signatures in Boston. Its secretary is Theodore W. Curtis. The petition is a long one and includes this sentence:

"The motive of the petition is not sentimental sympathy with a condemned man, much less the upholding of any form of anarchism of which he is said to have been a disciple, but the belief that the ends of justice, the vindication of the law and the higher interests of civilization will be better served by this change in the form of the penalty."

NOW HE READS. Auburn, N. Y., Oct. 5.—The only new developments in the Czolgosz case is that he has begun to read, and asks for books from the prison library. The assassin is hated by other occupants of the condemned ward, who consider themselves in another class. Warden Mead has given orders to the gatekeeper not to allow any man to enter the prison who is unknown to him, unless properly vouched for, or has undoubted credentials.

David Lewis goes to jail in Rutland, Vt., for seven years for taking \$30,000 from a bank of which he was cashier. A new Italian immigration law makes Naples, Genoa and Palermo the only Italian ports from which immigration will be permitted.

"77" BREAKS UP WRETCHED COLDS

It is not for us to alarm you about your cold; you are wretched enough as it is. Our province is to supply the cure, and we do so with confidence. Dr. Humphreys' "SEVENTY-SEVEN" breaks up a cold by acting directly on the affected parts, restores the checked circulation, starts the blood coursing through the veins, awakens the number of glands of respiration and digestion, cleanses the system, soothes the mucous membrane, and the cold passes off as if by magic.

It is a small vial of pleasant pellets, each just fits the vest pocket. A box of 12 packets, 50 cents, or mailed on order. Doctor's Book mailed on order. Homeopathic Medicine Co., 101 William and John streets, New York.

LONDON TOWNSHIP'S FALL FAIR

The Annual Show Yesterday a Big Success.

Fine Display of Horses and Cattle—The Prize List.

The Township of London Agricultural Society held their annual fall fair in the thriving village of Ilderton yesterday, and, like many held in bygone years, it was in every particular an unqualified success. The crowd was large and good-natured, the number of exhibits was in excess of last year, while the judges performed their duties promptly and without showing the least partiality, the latter fact being an important one in a small show retaining its popularity especially among its own people.

J. H. McTear (president), G. Long (vice-president), and P. Bowey (secretary-treasurer) deserve praise for the perfect arrangements and the smooth way in which the fair machinery ran. The names of the directors are: R. W. Jackson, W. Fleming, R. A. Powell, G. A. Scott, E. Porter, Dr. Orme, R. H. Little, H. Needham, J. Beacon.

The day was all times rather too cold for comfort, but as nobody could be blamed the crowd took no notice of the fact and went in a neighborly fashion to enjoy each other's company, which, after all, is one of the main features that attract people for miles around to the average country fair. The Lucan Band enlivened the occasion with various melodies, played in good style, and were accorded a good deal of applause during the day. There were a number of visitors from London, some of whom are as regular in attendance as the villagers themselves.

J. M. Hickey, manager of Grafton & Co., had an attractive display on the grounds that interested a big crowd. While the exhibits in general were numerous and of a good quality, perhaps the show of live stock has never been so good. Horses were entered in large numbers, making a splendid showing also in the breed, and several admirers ventured the opinion that some of the animals were almost perfect specimens of their kind.

Grafton & Co.'s special prize of \$18 brought in competition three spanking bay teams of general purpose horses, the entire outfit to be awarded to the prize, W. Scott won first, Ed. Guest second and E. McLaughlin third. The past year many thousands of dollars have been lost in the pockets of farmers in this district for horses, the prices of which are quite satisfactory, and those interested in the fair regarded with pride the splendid exhibit in this important branch of farming, which seemed to indicate the progressiveness of London township farmers.

Cattle-raising is also another industry in which the wide-awake farmer is vitally interested. The quality of the entries yesterday was commented upon as being exceptionally good. Large amounts are annually paid in this section for stock of various kinds and the importance of the industry is realized. The display of sheep was not large, but of a splendid quality.

The display of fruit was rather small. Many curious ones were on at the splendid display of home-made food and about the entire exhibit was purchased perhaps by hundreds who took it home to share with their families. Some delicious pies and cakes tempted many visitors to sample them, and the exhibitors seemed pleased at the attention bestowed on their handiwork.

The display of grain was small; so was that of vegetables. A few giant pumpkins fringed with frost, and a few looking pumpkins, but the display was not large. Chickens did not cut out for a figure in this year's show. There was a small number of sick-tongued fakes, some of whom had attractive games, whereby people could become suddenly rich, but few seemed anxious about the matter. They kept their money secure. Following is
