Dr. Chase's Ointment

Some contrary people would rather have a pint of trouble than a bushel of happiness.

SOME PERSONS have periodical attacks of Canadian cholera, dysentery or diarrhea, and have to use great precautions to avoid the disease. A dose of water, cooling and green fruit is sure to bring on the attacks. To such persons we would recommend Dr. J. D. Kellogg's Dysentery Cordial as being the best medicine in the market for all summer complaints. If a few drops are taken in water when the symptoms are noticed, no further trouble will be experienced.

A young man may induce the girl's father to take the mark by posing as a cholera.

CHOLERA and all summer complaints are so quick in their action that the old hand of death is upon the victims before they are aware that danger is near. If attacked do not delay in getting the proper medicine. Try a dose of Dr. J. D. Kellogg's Dysentery Cordial, and you will get immediate relief. It acts with wonderful rapidity, and never fails to effect a cure.
