CRIMINAL APPEALS

New Act Comes Into Force in England and Wales.

London, April 20.—The criminal appeal act came into force in England and Wales today. After today any one convicted of an indictable offence has the right to appeal both as to matters of law and fact. Neither Scotland nor Ireland possesses such a law, and the shrewdest lawyers are puzzled as to how the law will operate, whether for good or bad.

It introduces one new feature in all criminal trials, that is, the taking of full, verbatim, shorthand reports of the evidence. It is not intended as a rule that the appellate court shall hear the evidence, but the new law makes it necessary that the reviewing body shall have before it, in case of need, a complete and accurate record of the statements of witnesses.

CHADWICK'S FUNERAL.

Brooklyn, N. Y., April 21.—The date for the funeral of Henry Chadwick, known as the father of baseball, who died at his home here yesterday of pneumonia, has not yet been set. Until a week ago Mr. Chadwick was in good health, considering his 84 years, and it is thought that he contracted his fatal illness when he attended the opening game of the league yesterday. Mr. Chadwick was born at St. Thomas, Exeter, England, in 1824. When 13 years old he came to this city.

THAW BEGINS NEW CONTEST

Counsel Take the First Step To Have the Murderer Declared Sane.

New York, April 21.—The battle to have Harry K. Thaw, slayer of Stanford White, declared sane and set free from the State Asylum for the Criminal Insane at Matteawan, was started today.

As a result of a justice of the supreme court of New York State will be required to hear all persons interested in the case and decide whether it is in the public interest that Thaw should be released from duress. District Attorney Jerome will oppose the freeing of the prisoner and a stiff legal contest is inevitable.

Thaw's fight for liberty was opened by James C. Graham, of Newburgh, formerly secretary to Governor Odell, who appeared before Justice Morschauser, at White Plains, and asked for an order on the superintendent of the asylum to allow Thaw to sign an application for a writ of habeas corpus. The court granted the order, which will be served on the asylum head at once.

Writ Will Be Granted.

According to the usual procedure, when Thaw has signed the application, it will be submitted to a justice of the supreme court, probably Justice Morschauser. Such writs are always granted, and the date when the writ is returnable is fixed to suit the convenience of all parties concerned.

Thaw will then appear with others concerned before a justice of the supreme court for a hearing to determine whether he is sane or insane. Probably this hearing will be held before Justice Morschauser at Poughkeepsie.

This method of obtaining the release of a prisoner at the state asylum is the one usually taken when the state lunacy commission is unwilling to declare that the prisoner is sane. Whether an expression from the commission has been had could not be learned here.

Believe Thaw Sane.

James C. Graham, who was engaged by Harry K. Thaw about two weeks ago to take legal steps to bring about his release, said tonight that the application made today was a preliminary step. He added that it would probably be several weeks before the application was made for a writ of habeas corpus. Mr. Graham then said: "Since I was retained in the case by Mr. Thaw about two weeks ago I have made a careful study of his condition, and I feel perfectly satisfied that Harry Thaw is a sane man. There is a question in my mind whether he should ever have been sent to Matteawan, and when the hearing is held I have no doubt there will be produced sufficient evidence to show that he is sane and should be released."

"Mr. Thaw's physical condition, notwithstanding the morbid influence, to which he is subjected in Matteawan, is much better than it was. I cannot say just when the formal application for the writ of habeas corpus will be made, but the order will likely be returnable at either Newburgh or White Plains. There is nothing more that can be said about the case at this time."

Jerome Will Oppose.

When told tonight that an effort was being made to have Harry K. Thaw released from the asylum, District Attorney Jerome said that he and Assistant District Attorney Frank Garvan would go before Justice Morschauser at White Plains if the latter granted the writ of habeas corpus. District Attorney Jerome is opposed to Thaw's being released from the asylum.

HAYASHI ORDERED HOME.

Tokio, April 21.—Baron Hayashi, Japanese minister to China, has been ordered home from Peking, and will be sent to Rome.

Baron Hayashi, now consul of the embassy at London, will succeed to the vacant place in Peking. Baron Chinda will go to Berlin, and Baron Ishii will succeed him as vice-minister of agricultural affairs. The appointments are soon to be officially announced.

LAST SHOGUN IS QUIET OLD MAN

Survivor of Feudal Dynasty of Japan Dethroned By the Restoration.

Tokio, April 21.—Any fine afternoon in Tokio one may see an old gentleman with white hair riding a bicycle along the streets. He is Keiki, the fifteenth and last of the Tokugawa shoguns, a dynasty of military usurpers which ruled Japan for 265 years, until the restoration of the Mikado to actual power in 1868.

Keiki, whose official name is Prince Yoshinobu Tokugawa, came into power at a time when the shogunate was already trembling to its fall, and by his resignation in 1867 he saved the country a long civil war. For a time he was retired to a small place in the town of Shizuoka, deprived of rank and wholly without influence.

Not long ago, however, the Mikado honored him by creating him a prince in his own right, thus giving him a seat in the House of Peers. He lives quietly in Tokio, where he and his ancestors maintained their capital. He takes very little interest in the affairs of Government, devoting himself for amusement to his bicycle by day and his photograph by night. Once in a while he takes luncheon or dinner with the Emperor, and is always treated with the honors due to royalty. If he ever regrets his lost power he conceals his feelings, for outwardly he is as happy and contented as any man of 70 years could wish to be.

CAN CLOSE POOLROOMS

Public Service Commission Has Control of New York's Telephone.

Albany, April 21.—In a statement given out tonight after the passage of the bill by the senate, putting telephone and telegraph under the public service commission, Senator Page claims that the commission could, under its provision, put the poolrooms out of business.

He said in part:

"With a control over the telegraph and telephone business delegated to them by this bill, the public service commissions would be enabled to prevent the use of telephone and telegraph service in the poolroom business. Without such service poolrooms would be unable to exist."

"By this bill the commission is required to file with the commission agreements and arrangements relating to the maintenance and use of a telegraph or telephone line, or a service by or over such lines."

"As such companies are prohibited by law from aiding or abetting the commission of such crimes as gambling, it will be seen that the poolroom will be quickly stopped."

A BANDIT UPRISING

Situation in Persia Proving a Very Difficult One to Handle.

Tiflis, April 21.—On account of the threatening situation on the Persian frontier and the urgent demand for reinforcements received from the commanders of the Russian forces in that district, 3,000 men have been sent from here into the disturbed territory. These reinforcements will take several days to reach the scene of hostilities, which is sixty miles from the nearest railroad point, through a difficult mountainous country.

No further news from the commanders of the detachments at Belgrade and Shiraz, which are menaced by the Kurdish brigands, has been received here, but information has come that communication along an important trade route running southward from the Persian Sea into Persia has been interrupted by an uprising of the bandit population. As a result caravans are afraid to venture out of Lenkoran.

CHELSEA DEATH LIST

Number of Victims Who Perished in Fire Increased by Fifteen.

Chelsea, Mass., April 21.—The number of lives known to have been lost in the fire of April 12 was increased to fifteen today by the discovery of two bodies. One was found beneath a pile of brick in the cellar at 54 West street. It is not certain whether they were of a man or woman. Miss Annie Murphy, who has been missing since the fire, lived at the address.

At 114 Central avenue, where a body believed to be that of William Morris was found yesterday, another body was found today. Mrs. William Morris and John Gilbrook, both of whom are missing, lived in that house.

In an effort to run down persistent rumors that the start of Chelsea's disastrous fire was due to incendiaryism, and that the spread of the flames over and that a territory was due to the deliberate setting afire of many buildings, an inquest was begun in the courthouse today.

HEAVY SENTENCES

Judge Hands Out Stiff Sentence to Knife-Using Foreigners.

Montreal, Que., April 21.—Judge Lavergne, in the court of King's bench, today sentenced a number of convicted criminals, their terms of imprisonment aggregating 112 years in penitentiary. He made examples of three lawless Italians connected with the recent carnival of crime among Italians in this city. For 18 years, and Carboni and Fattori, who were mixed up in a St. David's Lane affray, got 12 and 15 years respectively. Hudson, a juvenile robber, with a bad record, got 10 years.

HEAD, ARMS AND LEGS COVERED WITH ECZEMA

Mrs. L. Elliott, of 41 Henry St., St. Catharines, Ont., says: "My little daughter Gladys, 4 years of age, was badly troubled from infancy with eczema on the back of her head, under her hair, the joints of her arms and on the back of her legs. This terrible disease first broke out on the side of her head in the form of a red rash and pimples, which, if rubbed or scratched sent forth a watery substance, and which later spread to the back of her head, joints of her arms and back of limbs. This proved a rather obstinate case and the child suffered intensely from itching and pain and was very restless and peevish. We tried all kinds of preparations, soaps, etc., but failed to bring about a cure. At last a friend who had been using Zam-Buk for small sores and wounds gave me a portion of her box to try. This seemed so good and showed such improvement so I bought a supply, and three perseverence in using the Eczema was cured and finally cured. I feel very grateful for the cure Zam-Buk has brought about."

BLOOD DISEASES CURED

He was surprised at how the sores healed. "I took your New Method Treatment for a serious blood disease with which I had been afflicted for twelve years. I had consulted scores of physicians, taken all kinds of blood medicine, visited Hot Springs and other mineral water resorts, but only got temporary relief. They would help me for a time, but after discontinuing the medicine the symptoms would break out again—running sores, blotches, rheumatic pains, looseness of the hair, swellings of the glands, pains of the hands and feet, itching of the skin, dyspeptic stomach, etc. I had given up in despair when a friend advised me to consult you, as you had cured him of a similar disease 8 years ago and I became encouraged. I continued the New Method Treatment for four months and at the end of that time every symptom had disappeared. I was cured 7 years ago and no one can recommend your treatment with all my heart. You can refer any person to me privately, but you can use this testimonial as you wish."
