TENNIS AND GOLF FLOURISH AT PETROLEA THIS SEASON

Special to The Advertiser

Petrolea, July 3.—Tennis is now taking an important part in Petrolea sports. Never was there so much tennis played here as there is this year. Fifteen courts have been established in town, and the game is becoming more popular every day. With such great enthusiasm being displayed, it is anticipated that a tennis club will be formed shortly, and tournaments will be staged with outside places.

Besides tennis, golf is also flourishing. A new clubhouse at the links is an added attraction, and the links are always occupied. Dances are held at the clubhouse every Saturday evening, and the membership is steadily increasing. A tournament will be staged shortly between the presidents and vice-presidents, and the event is already creating a growing interest among the members. Harry Vardon, golf's greatest sty-ist and perhaps the best known golfer in the world, originated what is called the "Vardon" or "over-lapping" grip. In this grip the tip of the lit-tle finger of the right hand rests on the knuckle of the forefinger of the left hand. The intention of this grip is to make more certain of the two hands working as one. There is always the chance that one hand may work against the other and Vardon discovering this, designed this grip for greater accuracy. Jock Hutchin-

WALTER KNOX IN CHARGE OF CAMP NEXT THURSDAY

Walter Knox, famous Canadian athlete, so well known as to need no introduction, will have charge of the big athletic program to be run off on Thursday afternoon at the cadet camp at Carling Heights. The program which is an embracing one, will consist of fourteen events.

in the fifth, advanced J. Smith a base, but the run was scored on an error. Pring also got on, but the former was cut off at the plate, while the latter was caught off second. A hit would have changed the color completely.

Pring pitched nice ball, too, and gave the Saints only six hits. It's very seldom that anyone is any stingier than that with George Nethercott's crew. Five errors, two of which he committed himself, however, increased the power of the half dozen taps.

The seniors' batting slump—if it's a slump—should be coaxed into correction as soon as possible. Woodstock took an easy mix from them late in the first series and the whole London.
