LOCAL AND PROVINCIAL.

From The Daily Colonist, May 31.

The way to the it. The by-law authorizing the borrowing of \$150,000 for city improvements in Vancouver, carried by a vote of 133 to 8.

An Epit. While the steamer Bagdad was entering the harbor on the morning of the 28th, three men who were in a flat-bottomed skiff attempted to get a tow by taking hold of the steamer. They only succeeded in upsetting their skiff, and were rescued from their cold bath by the people on the steamer.

The C. P. N. Co.'s steamer Maude left for Alberni and points on the west coast last evening with a large freight and the following passengers: For Alberni—Mrs. J. E. Finckler, Mrs. J. E. Finckler, Williams, Fred, Woods, J. Campbell, Fort Port San Juan—W. M. Halpeny and others.

Laid to Rest. The funeral of the late Alfred Henry King of Cedar Hill, took place yesterday afternoon and was attended by a large number of friends. The interment was made in Cedar Hill cemetery.

The Crops at Alberni. Crops in Alberni district are looking better than usual, the warm weather and heavy showers having caused a luxuriant growth, the grain in many places being nearly two feet high. Grain is in excellent condition. Fruit is well developed for this time of year. Garden stuff of all kinds have come up well and there is every appearance of a fine crop of vegetables. Stock in general is thriving.

An Excellent Appointment. In yesterday's Gazette is chronicled the appointment of Mr. Robert J. Skinner as forestry inspector. The appointee for many years was connected with the management of the H. B. Co. post at Queen's Head, and is a thorough business man. His selection for the position is a most happy one, and the Government is congratulated on securing so able an officer.

The following are the names of the players: James Bay (captain), McCool, Jackson, F. Smith, C. Moore, Spring, Haughton, Tideman, J. Wilson, W. Lawson, W. Frank Leslie's Popular Monthly for June. FRANK LESLIE'S POPULAR MONTHLY for June, SEBASTIAN, is a charming bit of descriptive from the pen of Mrs. Frank Leslie, one of the most notable women writers of the day, equally skillful in the management of great business and in literary effort. The magazine is published by the Century Co., New York.

Mr. D. L. Chalmers, on going to the post office last night, received a letter from his father at Innapore, near Calcutta, India, of which, after a hurried perusal, he was informed that his father was in the best of health.

"On the 23rd day of May, 1865," said a proser reciter this morning, "an excursion ran to Victoria to attend the Queen's birthday festivities. Snow fell in a depth of two inches and when the excursion reached Victoria it was four inches in depth. Of course it soon passed away, but that record has not yet been broken." To-day, after a hurried perusal, he was informed that his father was in the best of health.

Peter, an Indian, was charged with being drunk and was fined \$5. Frank Parsons, charged with being in a row with a woman, was discharged with a caution. A warrant was issued for the arrest of Frank Beagan, who failed to appear to answer a charge of obstructing passengers. Stewart and Wilson, who were caught while attempting to rob a passenger on the steamer Victoria, were sentenced, the former to four months and the latter to two months imprisonment in the provincial goal.

The Victoria Driving Park. At the Driving Park races yesterday afternoon to witness the two races. The first for buggy horses was won by the driver of the "Lumox," J. J. Campbell, in a time of 8:30. The second race was won by Shaw's "Johnny Mac."

The business of the Canadian Pacific steamship line to China and Japan has increased so much that the company has ordered the Zambesi and the Adelaide, have been chartered. The former sailed on the 18th inst. for Yokohama and San Francisco direct, thence to this port, from whence she will sail for Yokohama and Hongkong on June 24th. The Adelaide will sail from here on July 18th to the Orient. The s.s. Batavia, Capt. Watson, is expected to arrive here on June 28th and will then proceed to San Francisco sailing from this port on her return trip to Yokohama on July 3rd.

Domestic Cartridge Company, Ltd. We have before this date had occasion to mention of the general excellence of the above company's ammunition, and it has in the east lately been subjected to severe tests as compared with American made ammunition and has come out victorious at each trial. One of the tests to secure a prize of one hundred dollars was made under the direction of Col. Henry B. Smith, of the British Columbia Militia, and the Col. reported was strongly in their favor. The N. W. Mounted Police are to have made one million dollars profit on the sale of their cartridges. The American manufacturer of cartridges has a strong combination formed and although last year they claimed to have made one million dollars profit, less than two millions of capital they have this season advanced their price nearly 50 per cent, while one company will maintain their prices fully 30 per cent, below the Americans, which should secure them the British Columbia Militia. The Dominion will guarantee the quality of its ammunition and when required will make it to suit their customers with

MEVIN PRIOR.

The Famous War Artist Arrives Last Night. Letting for the Staff of Powder.

Melvin Prior, the celebrated war artist of the Illustrated London News, arrived on the Yosemite last evening and registered at the Hotel Vancouver. He is on his way to Australia to visit various points in the Northwest and in the mountains of British Columbia, and will go to Australia if he does not leave out before he starts. Although pleased with the trip he does not fancy the quiet life he is at present leading, and would prefer the smoke of battle, it being more congenial to his tastes. He has been in the campaign of the Ashanti, Abenaki, Herzegovinian, Serbian, Spanish, against the Chaldei, Turkmen, and the Boer, Egyptian, 1882, Baker Pasha expedition against Osman Digma, Soudan with Gen. Graham, Nile expedition with Lord Wolseley, Burmah war with Gen. Pendergrast. Unless Stanley is alive, Mr. Prior is the only survivor of the old newspaper men. He states that in the campaign of Soudan and the Nile seven out of eight correspondents were killed, a larger proportion than in any other campaign. The great trouble was that they were usually killed before they had done anything but to say: "Why, he was a newspaper correspondent; too bad." Mr. Prior has been hit seven times, twice seriously.

Power Magazine. Says the Vancouver Free Advertiser: The president of the Hamilton Power company, who has been in the city this week together with Mr. Gordon, the company's agent for the province, has, after examining the various places suggested for the location of a power station, selected and purchased 80 acres of land about 12 miles beyond Hastings near the railway track. A contract has been let for the construction of a dam, and the work of cleaning the timber off the land around the site and the building will be completed ready for use by the company within a short time. The C. P. N. Company has agreed to lay a C.P.N. line through the site, and the company will receive the receipt and delivery of the powder.

The Mystery of the Sea. From Capt. Mann of the steamer Kusler, which arrived last evening we learn that Mr. Ireland, on his arrival at the camp a few days ago found that he had been mistaken in the name. The steamer was not the Kusler, but the H. B. Co. steamer, the name of which was not known to him. He then again Mr. Ireland and parties left on the morning of Wednesday, April 28th, and arrived at the camp at Queen's Head, where he supposed to have arrived from New Westminster until the afternoon. There being some mistake in the identity of the steamer, it would now appear that the man, Yannie, did not go to the Kusler, and that the man who was supposed to have been on the Kusler, was the man who was on the H. B. Co. steamer, and that the man who was supposed to have been on the H. B. Co. steamer, was the man who was on the Kusler.
