

Could scarcely walk or talk—Legs and arms were paralyzed— Could do no work of any kind— NERVOUS SYSTEM COMPLETELY EXHAUSTED People surprised to see him around again, a living witness to the marvellous up-building influence of DR. CHASE'S NERVE FOOD.

MR. JAS. A. DEAL

Mr. Jas. A. Deal, a respected resident of Bridgewater, N.S., writes: "About a year ago I suffered a stroke of paralysis, which left me in a very bad state of health. To add to my troubles, last winter I took a gripper, which completely exhausted my nervous system. I could scarcely walk or talk, my legs and arms were partially paralyzed, my blood did not circulate properly, and I could not do any work. In fact, I was so bad that the doctors gave me up and thought I could not live through the summer."

"I began the use of Dr. Chase's Nerve Food, and persevered in the treatment, until now I am at work again. The change in my condition has been most remarkable. It is a surprise to everyone to know that I am able to be around again. My nervous system has been built up wonderfully by this remedy. I am able to get well, my circulation is normal, and my general health good. My appetite is first-class, and I have gained considerably in flesh."

"The results I have obtained from Dr. Chase's Nerve Food have been most gratifying, and I have no hesitation in stating that I believe I owe my life to this preparation. I am willing that you publish this letter, with the hope that it may be the means of helping others to regain their health."

DRUGGIST CERTIFIES.

Mr. B. H. PORTER, Druggist, Bridgewater, N. S., certifies to this extraordinary cure by Dr. Chase's Nerve Food and states that at one time "no one expected Mr. Deal to live for a month."

DR. CHASE'S NERVE FOOD

Like other nervous diseases paralysis and locomotor ataxia are slow in coming on and dreadful in results. The warning comes by way of headache, sleeplessness, twitching of the muscles, irritability, nervousness, impaired memory, inability to concentrate thoughts, and general weakness. Then is the time to prevent the further development of nervous exhaustion by the use of Dr. Chase's Nerve Food. By increasing the quantity and quality of the blood it
