

WORLD'S GREATEST KIDNEY REMEDY

"Fruit-a-tives" Have Proved
Their Value In Thousands of
Cases

WONDERFUL RECORD OF A
WONDERFUL CURE

Only Remedy That Acts On All Three
Of The Organs Responsible For The
Formation Of Urine And In The Blood.

Many people do not realize that the
Skin is one of the three great elimina-
tors of waste matter from the body.
As a matter of fact, the Skin rids the
system of more Urea (or waste matter)
than the Kidneys. When there is
Kidney Trouble, Pain In The Back and
Acrid Urine, it may not be the fault of
the kidneys at all, but be due to faulty
Skin Action, or Constipation of the
bowels.

"Fruit-a-tives" cures weak, sore,
aching Kidneys, not only because it
strengthens these organs but also be-
cause "Fruit-a-tives" opens the bowels,
sweetens the stomach and stimulates
the action of the skin.

"Fruit-a-tives" is sold by all dealers
at 50c. a box, 6 for \$2.50, trial size,
25c. or will be sent postpaid on receipt
of price by Fruit-a-tives Limited,
Ottawa.

PASSENGER JUMPED FROM THE LIMITED

Soldier on the Ocean Limited
Saturday Tries to Get Off at
Station not a Stopping Place.

Moncton Times, Saturday:—Pas-
sengers on the Ocean Limited express
from Montreal yesterday, were rather
startled when one of them noticed that
a man had apparently fallen from the
rear end of the train. The train was
about five miles above Rogersville,
when one of the passengers happened to
glance out of the rear coach, and
noticed a man in the snow alongside
the track, as though he had just fallen
from the train. The porter, in his ex-
citement, in pulling the bell cord gave
the signal to go ahead, and the train
travelled about two miles before
brought to a standstill. Then the
train was backed up, and the man, ap-
parently unharmed, was taken on
board. He proved to be a soldier who
wished to leave the train at Rogers-
ville, and, knowing it was not a regu-
lar stopping place, had jumped. When
the train neared Rogersville he again
jumped, and managed to keep his feet,
but he was still a mile from the town,
and had to walk in.

REAL LADY NICOTINE COMES FROM
FRANCE AS ANGEL OF MAN AT FRONT

MRS. CLARA WASHINGTON LOPP

That tobacco is an incentive in battle is the firm conviction of Mrs. Clara
Washington-Lopp, the French wife of an American, who has come to America
to collect smoking supplies for "her boys," as she puts it, at the front in the
great European conflict.
In her pretty French way this charming matron of France said:—"Deprive
a smoker of the solace of a cigar, a cigarette or his pipe, and you make a dis-
interested, irritable man. And such men never win battles. They don't make
good soldiers in a fight."
And Mrs. Washington-Lopp knows. She has been at the front as a nurse.
She has heard the pleas of the boys in the muddy trenches for something to
smoke. She has listened to the plaints of the wounded in the hospitals.
As one of the nurses connected with the American Hospital in Paris she is
enthusiastic in her praise of that institution—especially its attitude toward
tobacco.

COL. LANDRY WILL BE IN COMMAND

Heads 5th Brigade, in Which N.
B. Battalion is Incorporated
ated

Official notification comes from Ot-
tawa that Col. Septimus Denison of
Montreal and Col. J. P. Landry of
Quebec, will each command an infan-
try brigade in the Second Contingent.
Col Denison formerly commanding the
4th Division, has been acting since the
war as adjutant-general at the capital.
He will command the 4th Infantry
Brigade, consisting of the 18th Balli-
on, London; the 19th and 20th, Toron-
to; and the 21st Kingston. Col. Land-
ry's 5th Infantry Brigade will include
the 24th Battalion (Victoria Rifles),
Montreal; the 22nd (French-Canadian
Regiment), St. John's, Que.; the 25th
Battalion, Halifax; and the 26th, St.
John, N. B.

THE WAR LORDS ARE EATING WAR BREAD

To Popularize New War Food
Which Consists of Potato
Flakes and Rye

(Canadian Press Despatch)
Berlin, Jan. 5.—(Via London).—His
Majesty Emperor William has given
orders that the so-called war bread
be served to himself and the members
of his entourage.

This bread, styled also "K" bread,
consists of 85 percent of rye flour,
and 15 percent of potato flakes. It
is being consumed in accordance with
a war time proclamation with the
idea of making the supply of food-
stuffs in the empire last longer. Up
to the present time it has not been
bought readily by the general public.
It is hoped, however, that the deci-
sion of the Emperor to eat his bread
himself will influence the people to
follow his example. The newspapers
are giving much attention to the
course of His Majesty in connection.

THE TIME TO SAVE YOUR HAIR IS NOW

Newbro's Herpicide is the one reme-
dy on your druggist's shelves which
may always be depended upon.

CONDEMNATION OF INVESTMENT COY.

Strong Indictment Against Can-
adian Home Investment Co.,
Ordered Wound up

Vancouver, B. C., Jan. 5.—Strong
condemnation of the scheme of busi-
ness and management of the Canadian
Home Investment Company was made
by Chief Justice Hunter, in ordering
a winding-up of the company under
the provisional liquidatorship of
James G. Forrester, manager of the
Standard Trust Company.

"It is apparent this company is in a
hopelessly insolvent condition, and
further that it is dishonestly insolvent.
A more rotten case was never brought
into court. The concern was obviously
designed to swindle these people who
put their savings into it. There
should be a law reaching this class of
company. It is a swindle from begin-
ning to end," said the Chief Justice.

The reports of the auditors of the
Canadian Home Investment Company
showed that a total of \$105,000 out of
\$140,000 had disappeared because it
had been put to wrong uses by the
company.

Justice Martin, K. C., said: "The
directors had to make a payment of
\$25,000 to enable them to do business
in the province of Nova Scotia. They
had only \$21,500 capital to start with
and this had been lost, so they decided
to steal the \$25,000 from the contract
holders fund. That deposit should
have been paid out of capital, with the
contract trust holders trust money.—

SOWING WEEDS IN SEED GRAIN

In the spring of 1913 officers of the
Seed Branch took samples, represent-
ing as accurately as possible the aver-
age seed used in the districts visited,
from over 2000 farmers throughout
Canada. 978 samples of oats were
analysed at the Ottawa Seed Labora-
tory and 547 of these, of 56 per cent,
contained an average of 76 noxious
weed seeds per pound, the highest
number being 4,838 in the pound. 860
or 88 per cent of the samples contained
an average of 289 of other weed seeds,
the highest number being 6,954 per
pound. With this weed seed content
and the rate of seeding reported an
average of 6,400 noxious and 20,800
other sorts of weed seeds would be
sown on each acre of land in oats.
Barley and wheat showed similar re-
sults. Some of these weed seeds are
difficult to clean out, but most of them
can be separated by a fanning mill
properly equipped and well operated.

PAPER MILL WAS BURNED ON FRIDAY

The New Brunswick Pulp and Paper
Company's mill at Millerton, N. B.,
eight miles from Newcastle, was total-
ly destroyed by fire Friday morning, at
a loss estimated at \$150,000. Of the
many buildings the chemical plant and
a portion of the boiler house alone re-
main standing. The fire broke out ap-
parently in the office and spread rapid-
ly. The mill was built by James Be-
veridge, pioneer of the paper-making
industry in New Brunswick. The mill
had not been running lately, but new
machinery was being ordered.
It is understood the insurance is in
the vicinity of \$125,000.

Begin Billeting

Salisbury Plain, January 1.—The
artillery and cavalry units begin bil-
leting at the houses in the village
round and about the Plain today, and
much relief is felt by all concerned,
as the weather conditions continue
atrocious. The bad effect on the health
of the troops makes the change ur-
gently needed, and it is felt that Otta-
wa should press the complete adoption
of the billeting system. Since
cases of spinal meningitis and sin-
gle deaths resulting are reported by the
