

### WOMAN SICK FOR YEARS

Wants Other Women to Know How She was Finally Restored to Health.

Hammond, Ont. — "I am passing through the Change of Life and for two years had hot flushes very bad, headaches, soreness in the back of head, was constipated, and had weak, nervous feelings. The doctor who attended me for a number of years did not help me, but I have been entirely relieved of the above symptoms by Lydia E. Pinkham's Vegetable Compound, Blood Purifier and Liver Pills, and give you permission to publish my testimonial." — Mrs. LOUIS BEAUCAGE, Sr., Hammond, Ont., Canada.

New Brunswick, Canada. — "I can highly recommend Lydia E. Pinkham's Vegetable Compound to any suffering woman. I have taken it for female weakness and painful menstruation and it cured me." — Mrs. DEVERE BARBOUR, Harvey Bank, New Brunswick, Canada.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotic or harmful drugs, and to-day holds the record of being the most successful remedy for female ills we know of, and thousands of voluntary testimonials on file in the Pinkham laboratory at Lynn, Mass., seem to prove this fact. Every suffering woman owes it to herself to give Lydia E. Pinkham's Vegetable Compound a trial. If you want special advice write to Lydia E. Pinkham Medicine Co. (Confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

**NOTE AND COMMENT.**

With all the faults in the Canadian system of Government, we have not reached the stage where men of the same or different parties fight and curse in their convention hall.

Orillia's daylight savings by-law which came into operation a couple of weeks ago is proving a great success and very popular. Most all business and residence clocks have been changed so that they now show seven o'clock for instance when it is only six o'clock at other places. All the big factories have adopted the local time.

The Department of Agriculture and the Ontario Fruit Growers' Association have arranged to conduct an orchard competition this year. For the purpose the province has been divided into six districts, in each of which prizes will be given, ranging from \$15 to \$75, according to the acreage. The Western Ontario districts are: No. 3—Niagara, comprising Lincoln and Wentworth. No. 4—Lake Erie, comprising Essex, Kent, Elgin, Haldimand, Welland, Brant, Oxford, Middlesex. No. 5—Huron and Georgian Bay, comprising Lambton, Huron, Bruce, Grey and Simcoe. The competition will be limited to apples in all but the Niagara district, where grapes and other fruits will be included.

### BREAKFAST BACON.

No Need to Serve it Always in the Same Old Way.

There is a proper and an improper way to cook bacon. One unfortunately sees too much of the latter. Baked on a rack or a broiler it is considered more wholesome than when it is fried, but much of the trouble with fried bacon lies not in the fact that it is fried, but rather in the way it is fried. It is too often sent to the table either half cooked and floating in grease or else it is dried up and half burned.

To fry bacon ideally it should, after it has been cut into thin slices, be placed on ice to become thoroughly chilled. The pan must be very hot, so that the bacon curls into little rolls as soon as the pan is shaken. Fry it thoroughly, but not long enough to harden it.

Bacon baked as follows is free from grease: Cut it into thin slices and place them on a rack such as is used for roasting meat or upon a gridiron placed over a dripping pan. Have the oven very hot and let the slices remain in it until they are crisp and brown.

The following is a unique way of broiling bacon. Cut it into thin slices as usual, place cracked ice over them and let them stand in this way until they are chilled. After broiling the slices on one side place them again on the ice. In a moment or two put back on the fire and broil them on the other side until done. The sudden change of temperature is believed to improve bacon.

There are many nice ways of serving bacon as a breakfast dish. Tomatoes fried with bacon are a favorite dish in many English households. Cut the tomatoes in slices, season with salt and pepper and, if preferred, dip in egg and breadcrumbs before frying. Fried bacon with cream gravy makes a nice breakfast dish in spring with corn bread. After cooking the bacon free it from superfluous grease. Add a little flour and milk to the drippings that remain, cook the sauce on top of the stove and pour it over the bacon.

**FROCK OF GREEN TAFFETA.**  
 is, is this much puffed overskirt. On a short stout woman the effect would be unfortunate, but when there is height enough to give long lines the new drape is rather smart. This frock is made of green shot taffeta, with black velvet trimming. The bodice is of chantly draped over white chiffon.

**Wind Shields For Candles.** For lighting country homes the use of candles is becoming more and more popular, especially when the environment is in keeping and quaint old mahogany is employed as a background. But to use candles with comfort the glass wind guards are necessary; otherwise one is constantly tormented by the fear of their going out with the lightest draft.

The wind shields, which look like very large lamp chimneys, stand over the candle on the table or mantel and make it possible to use this picturesque means of illumination without a flicker of the light they give. They are at least a foot and a half in height and are not to be confused with the short chimney or globe which fits on to some candlesticks just where the

candle joins the socket. The glass may be either plain or etched.

**To Speed the Parting Bride.** Those who still cling to the time honored custom of throwing rice after the bride may fancy the idea of having the rice provided for them in tiny paper slippers and passed on a silver salver after the bride has retired to make ready for her wedding journey. This is a new idea and quite novel and pretty. One that is still newer is to have the florist provide a supply of flower petals to toss after the departing bride, and an idea borrowed from the English is to cast after her tiny silver paper horseshoes.

**The Guest Room Slat.** One of the greatest conveniences which a hostess can devise for her guests is a clearly written card set on the bedroom writing table detailing the hours of meals, the times of incoming and outgoing posts, the principal trains and other useful information.

It was some one's clever idea to provide a small china slate in each room on which might be written instructions for the housemaid. It is often difficult to find her during the day in order to ask for the hot bottle, the glass of warm milk, the necessary help when dressing for dinner or other needs that may be required and to ring for her often is not desirable.

**Bathing Suit For the Tot.** The little one who is constantly in and out of the water will be less likely to catch cold in a bathing suit that has a fair percentage of wool in its weave.

**WOOLEN BATHING SUIT.**  
 Tog out the wee lass or laddie in a wool bathing suit when the beach is reached and keep the dainty frock fresh for the homeward trip.

**The Finger Bowl.** The finger bowl usually terminates a dinner. It should be half filled with water and set upon a plate holding a small dolly. A dainty touch is given to the bowl by placing upon the surface of the water the leaf of some fragrant plant or a delicate flower. The finger bowl should be used only to wet the tips of the fingers and not for the purpose of taking a hand bath. After the soil of food has been rinsed from the fingers wipe them upon the napkin.

The Middlesex County Council has made a grant to each of the Agricultural Societies in the County of \$50.

Haynes' heading-mill, situated between the grist-mill opposite the M. C. R. station at Bridgeton, was burned to the ground Wednesday evening. The fire, which was first noticed at 4:45 p.m., broke out in the drying-kiln.

WATFORD merchants have the goods and meet all price competition.

Owing to an unprecedented rush of orders, which they are having some difficulty in filling, on account of inability to secure men, the Cameron-Dunn Manufacturing Company, Stratford, will not be able to build the proposed extension to their factory until the fall.

**\$100 Reward, \$100.**

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity, Catarrh being a constitutional disease requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

## Change of Business

Watford, June 14th, 1912.  
 Mr. Thomas Dodds desires to notify his customers and the public generally that he has taken his son **Claremont Dodds** into partnership with him in the Hardware, Furnace and Tinsmith business, and that the business in future will be conducted under the name of **T. Dodds & Son**.

Mr. Claremont Dodds is a thoroughly practical man, understanding every branch of the business, and has made a special study of the Furnace and Tinsmithing branch, so that customers will have the advantage of expert knowledge when an order is placed with this firm.

The new firm takes this opportunity of soliciting a continuance of the liberal patronage extended to the old firm. All orders entrusted to them will receive the most careful and prompt attention.

All accounts owing the old firm of T. Dodds must be paid without further notice so that the books may be closed as soon as possible.
