ISSUED ON WEDNESDAY, At Bridgetown, Annapolis Co., N. S. M. K. PIPER, Proprietor and Publisher

WEDNESDAY, OCTOBER 15th 1902

TELL YOUR NEIGHBOR

From now until January 1903, the MONITOR will be sent to New Subscribers till the end of 1903, for \$1.00 in advance.

CURRENT COMMENT

Anticipations of a strike by the miners of Cape Breton, it is authoritatively stated, are unfounded.

The probabilities are that the Pictou branch of the Nova Scotia Eastern Railway will make a junction with the I. C. E. at New Glasgow, thus putting a large section of Guysboro and Pictou counties in communication with the east and west at the most convenient point.

Says the Montreal Gazette: "Mr. Shidley, of the Dominion Coal Company, is quoted in a Sydney paper as saying that his company has not raised the price of coal at the point of shipment. In this he repeats what the United States operators say of the cost of their product. A coal strike period seems to be a retailer's harvest time."

The project of a county fair for Bridgetown in the fall of 1903 is introduced by Dr. Armstrong in our correspondence column. We believe the proposal will meet with the approval of our farmers and fruit growers. There is no doubt that such gatherings as the recent county fair held at Kingsville are beneficial in many ways, and besides being a stimulus individually, fairs held alternately in the two counties would tend to create a healthy rivalry between the counties. Correspondence hereafter on the subject will be welcomed by the Monitor.

Opposition to the liquor traffic in Sydney has received valuable stimulus from the action of the Dominion Iron and Steel and Dominion Coal companies, who are urging upon the Mayor and council the necessity of suppressing the liquor traffic which has assumed formidable proportions in that place. They claim that the drinking evil is seriously interfering with the successful operation of their works, as well as having a degrading influence on the character and reputation of the town. Public sentiment is enlisted, and it is expected a general crusade against the liquor sellers will be immediately begun.

Governor Odell of New York, gives it as his opinion, that the strike should be ended this week. If this much-to-be desired end is consummated, it will probably be on the basis of Governor Odell's recommendation of a five cents per ton increase for the miners, and a tacit if not formal recognition of the miners' union. J. Pierpont Morgan was in conference with President Bear and two other leading operators in New York on Monday, and proceeded the same day to Washington, where he interviewed the President that evening. The results of the interview may be made public today.

An association is being organized in Toronto to deal with labor troubles, to be called the Employers' Association of Toronto. Its object, as stated in the constitution, is to protect members in the right to conduct their business without undue interference, the adoption of a legitimate system whereby members may keep informed as to who are worthy of employment, to endeavor to make it possible for persons to obtain employment without being compelled to join a labor organization and to aid such persons to resist compulsory methods of such organizations and to protect members against unjust Dominion and Provincial legislation, and municipal enactments.

Amherst is vigorously enforcing the truant law. About sixty convictions and fines have been made, says the Amherst News, and several boys known to be confirmed truants, have been sent to jail for various periods. Important as is the necessity for compulsory education, it is a grave doubt whether in the latter case the penalty inflicted as a remedy is not worse than the evil itself. The moral effect on a young lad of even a very short term in jail is far from likely to have a beneficial result. On the contrary, the sense of degradation and disgrace the youthful offender will feel in the industrial school would be a penalty better fitting the offence and productive of better results.

SUPREME COURT

The October term of the Supreme Court, held at Annapolis last week closed on Thursday. Frank Sebason, found guilty on three charges, involving a conspiracy to procure, and assist on Constable Wright, was sentenced by Judge Westberry, to two years and six months imprisonment in penitentiary. Wagner, for assaulting after arrest, was sentenced to nine months in the charge of stealing a horse, was adjudged insane. DeLong, of Bear River, for criminal assault on a seven-year-old girl, released a short time ago from Dorchester penitentiary, where he had served a term of five years for a similar offence, was sentenced to life imprisonment.

The civil cases on the docket were held over till a special session convened to be held on Tuesday, January 6th, 1903. Literature, Art and Music, the new magazine, has the finest writers and the best stories. Every month it gives either a sheet of new music, worth fifty cents, or an art study in color, worth seventy-five cents, each separate from the magazine. It can be bought from the publishers, or sent ten cents for a month's copy. Publisher: Literature, Art and Music, 125 East 23rd Street, New York City. The subscription price is one dollar a year.

WEDDING BELLS.

DEBALINHART-STEWART. A very pretty wedding took place at Holy Trinity Church, Digby, on Wednesday last, when Miss Jessie, eldest daughter of W. B. Stewart, Esq., was united in the holy bonds of wedlock to Lieut. J. C. Debalinhart, nephew of Capt. J. A. C. Debalinhart, of this town. At high noon, the hour set for the ceremony, the church was filled with relatives and friends of the contracting parties, and interested spectators. The ceremony was performed by the rector, Rev. H. H. Harley, amid a veritable shower of flowers, the church having been most artistically decorated by loving friends. The bride, who was given away by her father, was tastefully attired in a tailor-made costume of navy blue cloth. Miss Agatha Stewart, sister of the bride, acted as bridesmaid, and Mr. George Nichols served in the capacity of best man. A reception and wedding breakfast, to which only the immediate relatives were invited, took place at the residence of the bride's parents, after which the happy couple left via Prince Rupert for St. John. They will spend a two weeks' honeymoon in the upper provinces, en route to the bride's home in Yorkton, N. W. T.
