TEN YEARS OF UPPER CANADA

IN PEACE AND WAR,

(1806—1815.)

Being the Ridout Letters, with Annotations

By **MATILDA EDGAR,**

Demy 8vo, 396 pp. Price, postpaid, \$2.00.

"This book will be read with the greatest pleasure by all Canadians, and by a great many people who are not Canadians. From the papers of the Ridout family, Mrs. Edgar has obtained the material for one of the most interesting works of Canadian history which has been our good fortune to read. It treats directly of a few eventful years only, but indirectly it covers by its references and explanations that classic period of time which lays two generations of men. Necessarily there is much original matter in the volume, but it is all essential to a proper understanding of the time, and is remarkably well done. Mrs. Edgar has so arranged her story and the methods of telling it, that the difficulty is to lay the book down. In the chapters which precede the outbreak of the war are found pictures of the times, painted with all the ease and fidelity which familiar correspondence permits, and are lit's less interesting than the narrative of more exciting national occurrences. Were Thackeray alive and in search of a subject for a companion novel to his Virginians, he could hardly find equal material to subject and matter than he would discover in Mrs. Edgar's volume. The letters of Mr. T. G. Ridout are literary accomplishments in themselves, and Mrs. Edgar's compilation of these and other documents, with her own contributions, have resulted in a most valuable addition to the library of Canada. The book will be read a first time for its romance, and be constantly referred to for its accurate and valuable information."—Montreal Herald, Dec. 30th, 1890.
