

FINANCE DEPARTMENT, CUSTOMS,
OTTAWA, 12th March, 1867.

NOTICE TO MARINERS.

THE following important notice to Navigators has been issued by the Government of Mauritius, in reference to a floating light at the Bell Buoy Anchorage to be substituted to the harbour lights at the entrance of Port Louis, to which the attention of all concerned is specially directed.

By Command,
THOS. WORTHINGTON,
Asst. Com. of Customs & Excise

Governor Sir H. Barkly to Lord Carnarvon.

Mauritius, 15th Dec., 1866

Gov. Desp. No. 292, My Lord,
of 31 Oct., 1864
S. S. Desp. No. 361,
of 27 April, 1865.

Enclosure 1.

Notice.

With reference to the previous correspondence, noted in the margin, on the subject of the substitution of a Floating Light at the entrance of the Harbour of Port Louis for the present Shore Lights, I have the honor to forward, for the information of the Board of Trade, the accompanying copies of a Notice, announcing that the change in question will take effect from the 24th May next, and giving the necessary sailing directions for the guidance of vessels approaching the Port.

Copies of this notice have been forwarded to the different countries enumerated in the enclosed list, during the signature of the Colonial Secretary, and I beg that information may be given to the other Governments mentioned in the accompanying Copy of a letter from the Harbour Master, dated the 14th instant, as well as to any Departments of Her Majesty's Government whom the matter may concern.

I have, &c.,
(Signed) HENRY BARKLY.

The Right Honorable
the Earl of Carnarvon.
&c. &c. &c.

NOTICE.

On the 24th of May, 1867, the Harbour Lights at the entrance of Port Louis, Mauritius, will be done away with, and a Floating Light at the Bell Buoy Anchorage will be substituted.

The Floating Light Vessel will be moored a little to the N. Wrd. of the present well known Bell Buoy, with the following bearings:

Extreme of land to the northward: N. E. B. N.
Extreme of land to the westward: W. S. W.
Flagstaff on Fort George: S. E. $\frac{1}{2}$ S.
Depth of Water: 15 fathoms.

The light vessel will be painted white, which will enable her to be distinctly seen against the land during the day.

She will show a "flashing white light," from Sunset to Sunrise, which will be visible a distance of 9 miles every direction from Seaward from the poop of a large vessel.

The fact of this being a flashing Light, at short intervals, will sufficiently distinguish it from the Revolving Light at Flat Island, even were a mistake possible.

Vessels from the northward, after rounding Cannonier Point, must be careful not to bring Cannonier Point Light to the Westward of Flat Island Light, till the Floating Light at the Bell Buoy is seen: they may then steer for the latter on a S. S. W. $\frac{1}{2}$ W. bearing, and anchor on that bearing, from $\frac{1}{2}$ a mile to a mile from the Light.

Vessels approaching the Port from the Westward, may steer from the Floating Light on an E. b. N. $\frac{1}{2}$ N. bearing, and either anchor $\frac{1}{2}$ a mile from her on that bearing, or further to the Northward as convenient.

The mooring chain of the Floating Light runs about 150 fathoms in a N. N. W. direction: vessels must therefore be anchored in such a manner as to avoid hooking it.

The depths at the anchorage vary from 12 to 20 fathoms.

All the bearings are Compass bearings.
D. WALES,
Harbour Master.

Port Office, 14th December, 1866.

Colonial Secretary's Office,
Mauritius, 17th December, 1866.

Harbour Master to Colonial Secretary:

Port Office, Mauritius, 11th December, 1866,

Sir,

As it will be necessary to send intelligence to all parts of the world before substituting a Floating Light at the entrance of this port for the present Harbour Lights, I have the honor to request that His Excellency the Governor will authorize the printing of the annexed sailing directions, and the forwarding of them by the mail of the 15th instant to all parts of the world.

The rule is to allow such intelligence time to reach every important Port to the world, and give vessels that have left before its arrival time to reach the spot where the new Light is to be placed.

I have proposed, therefore, to light up on the 24th of next May, the anniversary of Her Majesty's Birthday, subject to His Excellency's approval, thus allowing five months and one week for the transmission of intelligence, which ought to be sufficient, if no time is lost in sending it from England to North and South America.

I recommended that copies of the notice should be sent to the Governments of the following countries:—Russia; Holland; Denmark, Sweden and Norway, Belgium, France, Spain, Portugal, Italy, Austria, Prussia, Turkey, British North America, United States, Mexico, Brazil, Calico; also to the Secretary of State for the Colonies, the Admiralty, and the Trinity House, for transmission to English, Scotch, and Irish Ports; to the Australian Ports, Cape of Good Hope, the Indian Governments, the Straits Ports and Batavia, Manila and China, together with any others that may be suggested; and that 100 copies may be sent to this office for distribution among the shipping.

I have, &c.,
(Signed) D. WALES,
Harbour Master,

The Hon. Colonial Secretary.
