THE SUN for 1880.

THE SUN will deal with the events of the year 1880 in its own fashion, now pretty well understood by every body. From January 1 to December 31 it will be conducted as a newspaper, written in the English language and printed for the people.

As a newspaper, THE SUN believes in getting all the news of the world promptly, and presenting it in the most intelligible shape—the shape that will enable its readers to keep well abreast of the age with the least expenditure of time. The greatest interest upon the greatest number—that is the law controlling its daily make-up. It now has a circulation very much larger than that of any other American newspaper, and enjoys an income which is at all times prepared to spend liberally for the benefit of its readers.

Its comments on men and affairs, THE SUN believes that the only guide of policy should be common sense, inspired by genuine American principles and backed by honesty of purpose. For this reason it is, and will continue to be, absolutely independent of party, class, clique, organization, or interest. It is for all, but of none. It will continue to praise what is good and reprobate what is evil, taking care that its language is to the point and plain, beyond the possibility of being misunderstood. It is uninfluenced by motives that do not appear on the surface; it has no opinions to sell, save those which may be had by any purchaser for two cents. It hates injustice and cowardly even more than it hates unnecessary words. It abhors fraud, plies fools, and deplores sin.

It will continue throughout the year 1880 to chastise the first class, instruct the second, and discountenance the third. All honest men, with honest convictions, whether sound or mistaken, are its friends. And THE SUN makes no bones of telling the truth to its friends and about its friends whenever occasion arises for plain speaking. These are the principles upon which THE SUN will be conducted during the year to come. The year 1880 will be one in which no patriotic American can afford to close his eyes to public affairs. It
