WEEKLY REVIEW. December 27th, 1878.

OUR MONEY MARKETS continues without any material change. Good paper is discounted at from 7 to 8 per cent., and stock loans at 5 to a per cent, on call, 7 per cent, on time. Sterling Exchange is solid at s_{π}^{\pm} to s_{π}^{\pm} premium between banks, 84 premium cash over the counter. Gold draits at 1-10 premium.

AT THE STOCK EXCHANGE the business is very slack and weak. Taking the market on a whole, the falling off of almost all the stock lately has been remarkable.

OUR TRADING CIRCLES.

Wholesale business continues extremely dull, and there has been no movement of any consequence in any particular department. The flour market is in particular remarkable for its dullness. The snow both in the city and country has greatly added to our markets.

RAW FURS.—Very few furs are arriving. Prices are unchanged, although the demand is brisker. Skunks continue to come in such quantities as will no doubt flood the markets. DRY GOODS are at their dullest period, and

the warehouses are devoid of activity. Several travellers are now on the road with samples of Canadian spring tweeds, and others will follow in the course of a few days. American osnabarg and Philadelphia cottons are also flooding our markets, but with little sales. Remittances are slow and indefinite. The furtrade is also very dull, retailing for almost nothing.

GROCERIES—Slow trade but quick purchases. Sorting parcels are in quick demand. Sugar is, however, slightly declined. TEA-About 350 half chests of Japan have been disposed of at from 28 cents to 30 cents between jobbers. A sale of 400 half chests is expected to arrive during the course of next week. Japan, Assam and Congon are at the same price, while others are a little weaker. Coffee remains dull, the common grades being quite unsaleable. Mild grades are meeting with a quiet demand at steady prices; Mocha and Java are, however, on the average. Sugar has declined, and the quotations to-day are very low. The present quotation is one of the very lowest ever known on our markets. There is, how-ever, but little demand for the stock which refiners have on hand, and the reductions made in value have failed to create any American yellow is even relatively lower than granulated, and has completely shut Scotch refined out of the market. South American sugar is the only standing article on the market.

FRUIT.-Valencia raisins are in good demand and have an upward tendency, ranging from 43c to 5c. The cheapness of this article has greatly tended to check the demand for others, although a good deal has been brought here on speculation. Malaga grapes and West India fruits are generally scarce, but in good demand. Prunes have declined to almost nothing, owing to late arrivals, ranging from 43c to 5c. New Bordeaux walnuts, and those from the Spanish Main, are rapidly arriving and are being disposed of briskly. Brazillian nuts and Seville oranges are unchanged. Apples from the States and Dominion are quiet, but command firm prices. Other fruits remain as before.

SPICES are dull and at the same quotations, Ceylon cinnamon and Java cloves being

in most demand. SYRUPS are dull, and though quotations have not yet been changed, prices tend in buyer's favor. Raspberry and lemon, how-ever, rule the market at favorable demand.

MOLASSES-Barbadoes in good quantity sells at from 33e to 37e, and small lots at 36c to 38c, but the market is quiet. Jamaica, Tortugas and Barbadoes are also plentiful. Demerara is but poorly supplied, but in good

FISH is fairly represented, but no immediate improvement is anticipated. Labrador herrings are plentiful, and green cod and fresh fish are firmly held.

In LIQUORS, business is very slack, and

the prices are unchanged. The usual holiday trade is, however, as brisk as ever.
The LEATHER market is very inactive,

and although there is a good demand for low prices, our wholesale dealers do not choose to risk the loss. Solv is very quiet, and prices are very much in buyers' favor both for Spanish and Slaughter. Ureen has had considerable enquiry. Series in medium and light are pretty scarce, although in good demand. BOOTS—The holidays taking all the money, the demand in this trade is very small; but afterwards the call for spring trade is expected to cause an enlivenment, and a more! PRIME SOAPS AND CAMDLES,

active business is looked for. HARDWARE—This trade is doing but promptly attended to little business, and the demand is small. Remittances are good-fairly better than formerly, so an improvement may be surmised. Pic Inox-There is no change to notice. GRAIN MARKET.-Nothing transpiring; 1
