Toronto, Ont. NOTE .- Eclectric -- Selected and Electrized.

FINANCE & COMMERCE.

TRUE WITNESS OFFICE, TUESDAY, October 14.

Financial

The demand for funds at the banks is still below what is usually experienced at this season
of the year, although it has increased a nce last
week at this time, and as the crops continue to
move forward a more active business will
likely be done. Commercial paper is still dis
counted at 7 to 8 per cent, and loans on call and
short date are made at about 6. *terling Exchange rells at 8 and 8 prem. between banks,
and 8 prem. cash over the counter. Pocumentary and Produce bills purchased at 1-16 to 1 premium.

The traffic receipts of the Grand Trunk Railway, for the week ending October 4th, show an increase of \$20.852, compared with the corresponding week of last year:— 1879 1878

Passengers, mails and express

-The London Times of the 25th ult. reports the withdrawal of £50,000 from the Bank of England for Canada.

-Recent income tax returns show that no persons in Great Britain exercising trades and professions have incomes over \$250,000, and 994 between \$50,000 and \$250,000.

-The traffic returns of the Great Western Railway for the week ending October 3rd were \$114,229.64, against \$102,048.52 for the corresponding week last year, ending on the 4th of October, showing an increase this year of \$12,181.12.

-The Bank of England lost £740,000 specie during the week, and the reserve is reduced from 56 9-16 per cent of liabilities to 51 per cent. The posted discount rate remains 2 per cent, or a little more than double the actual rate for prime bankers' bills. The Bank of France lost 16,050,000 francs during the past week.

Business Troubles.

-A writ of attachment has been issued against F. B. Marter, druggist, Halifax.

-Henry W. Garth, et al, has attached Samuel Burland, real estate agent, etc., for \$930.37. Mr. John Fair, assignee.

-A writ of attachment has been issued against Louis Payette, at the instance of the Metropolitan Building Society, for \$472. Louis Dupuy, assignee.

-At a meeting of creditors of Messrs. T. W. Murray, of Pembroke, general merchants, held in this city last Tuesday, an offer of 25c cash, made by the insolvents, was accepted. The liabilities were \$110,000.

—Alphonse Chalut has taken out a writ of attachment against Wilbred Rolland for \$207. Mr. Louis Dupuy, assignee.

-W. Roberts has caused a writ of attachment to be issued ag dust Hypolite Roy, butcher, for \$650. Mr. A. Mostat, assignee.

At a meeting of the creditors of Messrs. T. W. Murray, of Pembroke, an offer of 25 cents on the dollar was accepted by the creditors. The liabilities are \$110,000. The firm are extensively engaged in lumbering operations on the Upper Ottawa.

The St. Lawrence Steam Navigation Co., of Quebee, has been obliged to suspend payment, owing it is said to the past depression of trade. It is reported that all but two of the Company's boats are mor taged to a Quebec capitalist. The Company ask an extension of time.

WEEKLY REVIEW OF THE CITY WHOLLSALE TRADE.

Tuesday, October 14.

The improvement in trade continues; the demand for nearly all descriptions of goods is steadily increasing in activity, and prices continue to tend upwards. Remittances are also improving from week to week, and the country is evidently on the road to renewed prosperity.
The various branches of commerce will be found fully discussed below, under the respective

the various discussed below, under the headings the flour and grain markets throughout the the flour and grain markets throughout the have been fairly active during the week, manifested in country have been fairly active during the week, and increased actially has been manifested in marketing the grain crops. The shipments of apples and potatoes from this city to Great Bitain continue brisk, at advanced prices for the former.

BOOTS AND SHOES.—Manufacturers are kept basy filling orders received from all parts of the country. The demand for heavy goods has been somewhat checked by the present dry, warm weather. Several largo manufacturers have been laying in heavy stocks of leather, in auticipation of still higher prices. Remittances have improved since our last report, and are now fairly satisfactory.

DRY GOODS.—Owing to the large number of wholesale dry goods houses in the city any improvement in business, unless very mark-d, in this branch of trade, cannot be noticed as quickly as in most other lines. Trade appears to continue steady: there has been a few buyers in the markets. steady; there has been a few buyers in the marsteady; there has been a few buyers in the market during the week making sorting up parchases, and travellers are now all-either out, or about to start out, on their regular fall sorting up trip. The late warm spell has of course somewhat interfered with the sale of winter goods, but it seems almost certain that the expectations of a fair, healthy trade being done, as the season advances, will be realized. A prominent house reported to-day that dealers generally agreed that since the lat of Ontober remittances have been better than during any corresponding been better than during any corresponding period for six years past.

period for six years past.

DRUGS AND CHEMICALS.—About the usual amount of business in this line for the season is being done, the demand being principally from country dealers. They continue to buy very carefully, however, and orders are only moderate in size and, owing to the recent advance in freights, and the firmness of the Engish market, especially for heavy chemicals, prices here show a tendency upward, aithough there is no material alteration as yet. Remittances are reported quite moderate, and the improvement during Sept., over Sept. of last year has not continued in the same proportion since the lat October.

FURS.—There is not much change to note in FURS.—There is not much change to note in this line since our last reference; about a fort-night ago. Several of the large manufacturing house- are still shipping goods in fulfilment of orders taken some time ago, but not much improvement in the demand for manufactured furs is expected until colder weather is experienced. There are no raw skins worth speaking about coming forward as yet. Yesterday [Moiday] a few muskrat and beaver, skins—about the first of this year's catch; were brought into the market; but we did not hear of any sales. Skins coming in now command very low prices, but during December next first class skins will be brought forward, and until then prices cannot be fixed.

GROCERIES.—The trade continues to increase in activity, at advanced prices, but the leading feature continues to be the brisk demand for teas at a further advance in values for all kinds. In New York green teas are very strong, and at the moment involces are not to behad; lines are in small supply and bring full prices. Oclongs and Congous have advanced 2c to 3c during the past week. The stock of Japans in first hands are almost mil, and that in second hands cannoile sold except at a further advance, which is expected to take piace this week. In the local market from 7000 to 10,000 packages have been sold during the week; large lines have been sold arom 25c, are now worth 80c; seconds are in brisk demand at 40c, and first at 45c to 60c. Congous are advancing steadly, and dealers are holding for a further rise, as there is a great deficiency in the Congou crop, and the English markets will want all that can be shipped. They are quoted at first of low grades to be had. There has been little or no advance for fine tens, and should the low "muck" continue to advance in value set that of law, continue to advance in value set the soft late, the demand for the first harket has advanced is 6d to 2s 3d per cwt, serilug. The demand is confined almost entirely to the refineries; yellows are worth 7c to be; crushed, Sic to 8jc. and granulated, 8jc to 0jc. Syrups and Molasses remain steady, nominally unchanged; Barbadoes, however, tend upward. Spices are lirm, at advancing prices for new descriptions. Fruit—a further advance on prices for new Valencias is reported; they are now quoted at 5jc

HIDES AND SKINS.—The demand for green hides from butchers is reported steady, at an a vance of jc on quotations of a week ago. The figures now paid to first hands are \$9 to \$9.50 for No. 1; \$8.40 for No. 2, and \$7.50 for No. 3. Inspected hides are sold to tanners at an advance of about \$1 per cwt. on the above named rates theorems are in fair demand, at the recent advance, and they are worth 75c to 80a each. Lambskins bring 50c to 80c, and Calfskins remain steady at 10c per 1b. main stendy at 10c per lb.

HOPS.-A few small lots of new hops changed hands here during the past week, but holders ask higher prices than buyers are wilting to pay. Sales of fine lots have been reported at prices ranging from 20c to 30c. In New York there is good demand for them for export, and prices are very firm.

HARDWARE AND IRON.-The extraordinary activity in this branch of trade, at advanced prices, reported last week continues unabated, with an advancing market still. There is an active demand for all lines of general hardware. active demand for all lines of general hardware, at firm prices, and some very heavy orders for all kinds of manufactured from are being filled hers. The export movement to the United states has now attalled large proportions. At a meeting of the trade in this city last Saturday it was agreed in consequence of the recent advance in England on finished from to raise the price of bar from to \$2 per 100 lbs. Out nails were also advanced 25c per keg. Prices in Great Britain continue to advance; a London despatch says advices from Barrow-in-Furness say the orders on hand for from and steel are said to be sufficient to maintain the activity of the trade throughout the winter. We revise our list of quotations, but they are subject to an upward turn almost any time; there is now no prospect of any decline in values, for in addition to the advanced rates of treight, the season having so far advanced the cost of moving goods has increased and will continue to increase.

OILS.—As usual at this season, there is a steady demand or Linsect.oil, and the ruling price for lots under 10 bris, is 85c for raw, and 89c per wine gallon for boiled—for the best brands. Olive oil, which had declined, has again advanced in foreign markets, and in sympathy, p ices here are firmer but not quotably higher as yet. Pure Olive oil may be quoted at Wice to \$1 per gal. Seal is moving slow-ly, at 46c to 48c, as io quantity; we understand that targe lots of seal can be bought at 42c. Cod oil is selling at 88c to 42c. Turpentine is unsettled and latest advices from New York quote an edvance of lie to 2c per gal. It is still offering here at 42c but dealers I off or an advance to 47c.

PETROLEUM.—Stocks are low-and there is a

PETROLEUM.-Stocks are low, and there is a PETROLEUM.—Stockware low, and there is a good demand, at 12c for ear lots in store, and 12jc to 13c for five or ten barrel lots, and 13j to 13c for single bris. Broken lots are quoted at 14c to 14jc per wine gallon. In London the wholesale quotations are 9c to 10c.

PROVISIONS.-The Butter market is becom-PROVISIONS.—The Butter market is becoming more active, and prices again show a decided disposition to advance on the finer grades. Eastern Townships are now quoted at 17c to 18c, with even higher prices paid for fancy lots. Choice Morrisburg finds buyers at 18c; Brookville and Morrisburg may be quoted at 18c to 17c, and Western at 12c to 14c. Cheese is quiet and holders are firm. From 9c to 12c, according to make, is about the range of quotations. Hog products here are fairly steady. Mess Pork, \$18 50 to \$14; Chicago ard, 10c; Canada do, 9c to 9c; hams, lic to 12c. Eggs, in fair demand at 16c to 18c in cases. In creamery butter there is not much doing on the spot, but good selections command higher figures. Sales of fine are reported at prices ranging from 22c to 24c.

WOOL.—In sympathy with foreign markets, an improved enquiry for domes ic wools has been experienced in this market during the past week, but it is not by any means active here yet. The chief business is done in Canada puled, which sells at 220 to 230 for black, 230 for super. The chief business is done in Canada puled, which sells at 220 to 230 for black, 230 for super. Fiesce wool in Ontario is quoted at about 230. The demand for all kinds in the States is active at high figures, and before long we may expect to see prices advance here. A cargo of Greasy Cape which arrived for a Montreal firm at New Yrk the other day sold at 16jc net cash from the ship's side. Of the auction sale of this kind of wool to take place here next Thursday, the U.S. Economist says:—"The public sale of wool at Montreal deserves attention; one or two trusted brokers should be sent-from this side to a Montreal deserves attention; one or two trusted brokers should be sent-from this side to a markets.

3 loads of smail cattle to-day at about 2½c to 3c per ib. Some half dozen loads cattle were driven to Viger market for sale.

8 HIPMENTS.

Mr. E. Lemon, Toronto, shipped 420 sheep and 20 head of cattle; also Mr. McDonald, Halifax, shipped 750 sheep and 40 head of cattle; also Mr. Gould, Whitby, 450 sheep, and Morse & Franklin, 76 head cattle, per the same vessel.

The receipts at Point St. Charles during the past week comprised 120 head cattle, about 10 cars sheep and 3 cars horses, (from the Don) for shipment to Europe; and 46 markets.

ported at prices ranging from 22c to 24c.

THE FARMERS' MARKETS. Bonsecours and St. Ann's Prices at Farmers' Waggons, Ric.

TUESDAY, October 14. The present fine weather, rather unusual at this sesson, is very favorable to the marketing of farm and garden produce. Accordingly the farmers markets in this city were flooded with nearly every kind of farm and garden, produce and fruit this morning, and sellers were as thick as bees in a hive. There was about the usual attendance of buyers, but the supply was so much in excess of requirements that more than half the stuff offering was yet unsold at noon. Prices did not suffer much, however, and for grain, fruit, vegetables, butter and eggs, poultry, meats, etc, we have no changes to report. Aphave no changes to report. Apples continue in active demand for export to England, at from \$2,25 to 2.50

per barrel for shipping fruit-fall and winter apples. Potatoes were in large supply, and selling at 40c to 45c per bag; the demand on export account, however, is not so brisk this week, as prices obtained in Eugland for late shipments, 8s to 9s per cwt, did not come up to expectations. Pumpkins at waggons were cheap, selling at 45c per doz. For soup peas, 90c and 1.00 per bush was asked.

The following are the prices, corrected up to date:--

VEGETABLES.--Potatoes, 30c to 35c per bushel; carrots, 30c to 40c per bushel; onions, 40c per bushel; parsnips, 75c per bushel; beets, 10c per bushel; turnips, 40c per bushel; telery, 25c to 30c per dozen; radishes, 10c per dozen; cabbage, 20c to 30c per dozen, or 4c per head; lettuce, 10c to 15c per dozen bunches; cucumbers, 40c to 75c per barrel; cauliflowers, 75c to \$1.20 per dozen; tomstoes, 25c to 30c per bushel; sweet corn, 5c to 8c per dozen ears.

FRUIT-Apples, \$1.50 to \$2.50 per barrel, and 15c to 20c per peck; lemons, 30c per dozen; \$9.00 per case; oranges, none in mar-ket; cranberries, 50c to 70c per peck; pears —Flemish beauties, \$5 to \$8 per barrel; Louis de Bon, \$5 per barrel; watermelons, 40c to 50c each; peaches, \$1 to \$3 per crate, for Western; Crawfords, \$1.50 per basket; grapes, Concord, 4c to 5c per lb., by the

GRAIN, ETC .- New cats, 70c to 80c per bag; buckwheat, 45c to 50c per bushel; new peas. 75c to 80c per bushel; soup peas, 90c to \$1 per bushel; bran, 70c per cwt; cornmeal, \$1.20 to 1 25 per bag; barley, 50c to 60c per bushel; corn, \$1.30 to 0 00 per bag; Canadian corn, \$1.20; moulie, \$1.00 to 1.20 per hag; flour, \$2.80 to 2.90 per bag; oatmeal, \$2.50 to 2.60 per bag.

FARM PRODUCE .-- Butter -- Prints, 18c to 25c per lb; lump, 10c to 12c per lb, Eastern Townships, tub, 16c to 20c. Fine cheese, 10c to 121c per lb ; ordinary, 8c to 10c. Maple sugar, 8c to 9c per lb. Lard, 9c to 9½c. Fresh eggs, 20c to 25c per dozen; packed do, 16c to 18c.

POULTRY AND GAME. -Turkeys, \$1 25 to 1.50 per pair; geese, \$1.40 to 1.60 per pair; ducks, tame, 60c to 80c; pigeons, 15c to 20c per pair; chickens, 30c to 50c per pair; quails, 00 per dozen; prairie hens, 00c to \$0.00 per pair; snipe, \$2.50 per dozen; plovers \$2 doz; partridges, 65c per pair.

MEAT.—Beef—Roast beef (trimmed), 10c to 12c; sirioin steaks, 10c to 12c; mutton, 6c to 10c; veal, 5c to 10c; pork, 8c to 10c; ham, 12c to 13c; bacon, 12c to 13c; fresh sausages, 9c to 121c; Bologna sausages, 12c to 15c; dressed hogs, \$6 00 to \$6 50 per 100 pounds.

Figu.-Haddock, 6c; codfish, 6c; mackerel, 123c; bass and dorey, 40c to 50c per bunch; olivet, 121c per lb; lobsters, 10c do; perch, 10c to 30c per bunch; rock bass, 15c per bunch; smoked eels, 25c to 40c per couple.

THE CATTLE MARKETS. St. Gabriel.

Monday, October 13. The offerings of live stock at the St. Gabriel Market for sale this morning comprised ten Market for sale this morning comprised ton or eleven carloads of grass cattle, and about a dozen horses in the stables cels, and one lot is being shipped to England by Allan Line, 500 bris, at a cost about \$1 Bobert Jones, Mitchell, I load; P Brady, Perth, 1 load; Ira Wigger, Williamsburg, 1 load; Wilson & Montgomery, Perth, 1 load; - Devlin, Ottawa, 1 load; James Eakins, Port Hope, I load; T Bater, Toronto, 1 load; Geo Festherstone, Toronto, 1 load; J Morrison, Brockville, 1 load; Robt Cochrane, Guelph, 1 load; and of hogs—J Hilliker, Ingersoll, 1 load; T O Robson, St. Marys, 1 load: Dan Cochlin, London, Ont., 1 load; and S Murdoch, Strathroy, a mixed load of cattle and hogs. Wm Masterman, of this city, had also one load of hogs consigned to him from Ingersoll, they having being bought previously.

The cattle were smaller generally than drovers, unable to sell since the middle or last week, have put their cattle to pasture. Some of our leading exporters were noticed on the market, but they were not buying, and, it is said, did not bid on anything. They stated to the writer that Canadian cattle shipped to England at this season far inferior to American cattle, and that, considering the increased risks now in shipping live stock, during the Fall season, together with the fact of decling markets in England at present, they could not purchase cattle here at present prices and ship them, except at a considerable loss. Dealers who have just returned from England report that Canadian sheep which left here weeks ago are being driven from one English market to another without being sold, so poor is the demand there. There were, therefore, no sales made on this market report. for shipment to-day. On Saturday William Brown, Toronto, sold a load of good cattle, averaging about 1,300 lbs each to E. Lemon, of the same city, at \$52 each, but no such price was paid to-day. Hugh Kelly, Toronto, reported the sale of 7 head cattle, averaging 1,200 lbs, at 310 per lb; Mr Murray, Strathroy, sold 10 head cattle, averaging 1,100 lbs each, to W Tyfair, at 3½c; Wm Dovlin sold 1 carload cattle, averaging 950 lbs each, to Wm Wilder, at about \$21 each; and Mr T Bater, Toronto, sold 7 head-4 to Michael McShane at about 3}o; and the remainder to other local butchers at the same price. Mr. Bater sold 22 hogs to Mr. Daust, local butcher, at \$4.80 per cwt; Mr. Mur.loch sold his load of 44 hogs, along with cattle, to Mr. Tyfair at \$4.75 do, but Dan Cochlin sold his load to Wm. Head at \$4.60 per cwt. and he claims that this is the highest figure obtainable for a full load. R. J. Hopper bought 2 or 3 loads of small cattle to-day at about 21c to

markets. The second of the sec

Tuesday, October 14.

There was a fair business done at this market yesterday. Although a good attendance of local butchers, the supply of stock exceeded the demand, and about 50 head of cattle remained over until to-day, unsold Receipts were:-350 head cattle, of which 150 head were from the western market; 1,200 sheep and lambs; and 20 each of calves and hogs. The quality of the cattle was fair to good, but the demand was only moderate, and prices were rather easier, from 20 to 31c being the average, range, although 4c was paid for a few head of choice beeves. Among those unsold a number was driven back to pasture. The few sheep offering were of good quality, and were nearly all bought for shipment by Mr. S. Price at 31c to 4c per lb. Lambs, were numerous, and owing to light receipts last week they were all readily taken at \$2 to 3 each. Calves sold at \$8 to 12 each for first-class, and at from \$2 to 6 for inferior qualities, as to size, etc. There was a fair demand for hogs, but they were all rough that were offering, and only about half were sold at \$4 to 8 each.

To-day the market was almost bare. Receipts included about 50 head cattle, arrived nearly all per the Upper Canada beats; about 10 milch cows, of average quality, 50 lambs, 10 calves, and about the same num-ber of hogs. For the cattle yesterday's prices were asked, but there were few transactions. Mr. Robert Cochrane, Guelph, sold 5 steers to local butchers at about 3 c. demand was slow for milch cows; for first class \$30 00 to 45 00 each was paid; for seconds, \$20.00 to 28.00, and for thirds, \$10.00 to 15.00. Sales of the other stock were made at yesterday's prices, as quoted above.

British Cattle Markets.

IWEEK ENDING OCTOBER 2ND.1 LONDON-The cattle trade has ruled quiet in

LONDON—The cattle trade has ruled quiet in tone. supplies were not large, but were ample for requirements. The sheep pens were fairly supplied. Throughout the rade was figs, and quotatic as ruled in buyers' favor.

LIVERPOOL—Be, 5, 5jd to 7jd per ib; mutton, 5jd to 9d per ib. The supply of cattle was larger than on lest Monday. Demand slow; fair descriptions slower. The supply of sheep was smaller but the demand was also slow.

GLASGOW.—Best beef, 8d to 8jd per lb; inferior and best mutton, 8d to 8jd per lb; secondary, 6d to 7jd per ib. There was an ordinary number of cattle at market this day, mostly of middling and inferior quality; good quality very scape, and no difference as to value can be quoted. Fair supply of sheep and lambs. Demand for all kinds very dull, and no alteration can be quoted from last week's prices.

GENERAL REMARKS.

GENERAL REMARKS. The catile trade has been quiet in tone. Trade for sheep has been very flat this week, but no material alteration can be quoted from last week.

Montreal Horse Market.

Saturday, October 11. The amount of business done in horses here during the past week shows a decrease, as compared with the week previous, when the shipments included 123 horses costing 39.044.50, while the totals for the week ending to-day are only 102 horses valued at \$8,121. The races at Lepine Park and Fashion course at Bluebounet during the week have prevented many dealers from going into the country in search of horses suitable for shipment, and the supply offering on the Montreal markets has been small There is a good demand for almost all kinds at fair prices, but buyers report good horses for either working or driving purposes scarce The following shipments were made from the American House yards during the week :-Mr. E. Snow, Boston, 1 carload; Mr. Bates, Concord, New Hampshire, 1 car; Messrs Chase and Whitehead, 1 car of 19 horses to Maine; M. Black, half a car, to Providence. R. I.; - Randall, half a car to Massachusetts; half a carload was also shipped to New York State. Prices paid were not to be ascertained. There are at present three or four buyers at the American House, and were sold by auction by Mr. Jas. Maguire, yesterday, as follows: 1 brown horse at \$60; do do at \$40; 1 Canadian pony at \$35; 1 bay mare at \$22 and a bay horse, aged, at \$15. On Tuesday next an auction sale of thoroughhred farm stock, to which fuller reference is made in our local columns, will take place on

this market. Following are the shipments of horses from this city to the United States through the American Consul during the week :---October 6th-6 horses at \$408; 1 do, B P, as \$300; 7 do at \$540; 3 do at \$118; 2 do at \$50; 5 do at \$279. October 7th—21 horses at \$1.575 October 8th-13 horses at \$794; 6 do at \$398.50. October 9th-10 horses at those offering last week, but they were nearly s637; 8 do at \$494; 3 do at \$218; 4 do at all in good condition. The demand, however, was very slack, and one or two western 12 do at \$1,252.50.

Montreal Hay Market.

SATURDAY, October 11. The receipts of hay and straw at the market on College street during the past week were about 350 loads. The demand has continued good, at firm prices, but the quality of hay offering is still inferior; the best Timothy commands \$6.50 to \$8 per 100 bundles, but there is little of the No. 1 quality coming forward. Common hay is worth \$5 to 6.50 per 100 bundles. Buyers have no reason to complain of the quality of the straw offering, as it is very fair, and prices are gen erally steady and unchanged, at \$4 to \$5.50 per 100 bundles. For some lots of new oatstraw, which is scarce as yet, \$6.50 to \$7 is asked. Prices for pressed hay and straw show no change from the figures quoted in our last

Montreal Pael Market. WEDNESDAY, October 8.

The demand for all kinds of hard coal has been good in this market during the past week; some large dealers report to-day that during the past three days they have received more orders than they can fill. Of course nearly all the large orders for anthracite coal were filled earlier in the season, those received now average from about 10 to 30 tons each. Housekeepers are for the most part taking advantage of the present fine weather to lay in their fall and winter supplies. They are realizing, however, that it would have paid them better to have ordered some time ago, when prices were about down to the lowest possible figures, for on Thursday last prices for all descriptions were advanced 25c per ton here, in sympathy wit. the advance made on the 1st of the month by the large companies in New York, and in consequence of the rise in rates of freight also, which are now quoted at \$1:80 to \$1.95 or \$2 from New York to this port. Prices for steam coal are stiffening now every week as the demand from manufacturers and founders, etc., has considerably improved. The receipts of anthracite coal from New York at this port'during the week have been comparatively light.

COAL.—Retail prices per ton, delivered for cash: Stuve, \$5.25; chestnut, \$5 to 5.25; the past week comprised 120 head cattle, egg. \$5; furnace, \$5.00; Scotch grate about 10 cars sheep and 3 cars horses, (from the Don) for shipment to Europe; and 46 to 4.75; Sydney steam, \$4.50; Picton de \$4; Newcastle smiths', \$5 to 5.25; coke, per chaldron, \$3.75. St. contail and the por Addition that is to prove your grown

Wood.—Retail prices per cord at the wharf, cartage extra: Long maple, 31 feet, \$5.00; long birch, 31 teet, \$4.50; long beech, 31 feet, \$4.50; short maple, three feet, \$4.50; short birch, three feet, \$4.00; short beech, three

feet, \$3 75; short tamarac, 21 to 3 feet, \$3.00 to 3.50; short hemlock, 21 to 3 feet \$2.00 to 2.25.

—A second advance of 25c per ten for all kinds of hard coal within a week in this market came into effect on 18th Oct. We now quote stove, \$5.50 per ton of 2,000 pounds, delivered; egg and chestaut, \$5.25, and grate, \$5 to 5.25. Freights are advancing, and dealers anticipate still higher prices before the close of navigation. At present coal is even the corresponding date last year. to 2.25.

The Quebec Markets.

QUEBEC, October 9.—LUMBER—Market continues quiet and dull. Some rafts of white pine, common Ottaws wood, have counged hands 65c to 7c, and one of a rather better quality at about 12c; another raft of about 45 feet sold at to. In red pine a raft of 42 feet average has been piaced at 18c and another at 17c. Deals—Trade is fair and seems to be gaining strength, the only transaction reported, however, is one by J. Bursiali & Co., who are reported to have contracted with Mr. Booth for all the deals he can cut between now and the close of the season.

FREGHTS—The approaching close of the chartering season finds the market bare of seeking vessels and the almost entire absence of tonings has caused freights to advance considerably; 23s for timber to Liverpool was paid during the early part of the week, and since then 25s for timber to the same port was offered to the ship Montaignals, but refus d, and the vessel ardered to Montreal for grain. As high as 80s for deals to Glasgow has also been offered. The only open vessels now in port are Festina Lente, Peter Maxwell, which arrived to-night, and another Norwegian barque and as soon as placed on the market they will command high figures. 25s 6d has since been paid to liverpool and 0s are now demanded. A slighty increased impetus has been given to the river craft. Freight for the Gulf ports is also stated to be a little more plentiful. No material rise, however, can be noted in rates, which may be quoted:—To Montreal: Sait, 6c to 7c per sack; coals, 60c to 65c per ton; sawn lumber, per Lood feet, board me-sure, \$1 to 1.0 From Montreal to Quebec: Flour, &c, 50c per barrel, 4c per bag; pork 10c per barrel; heavy goods, \$1 per ton. From Quebec to Summerside, Charlottetown, Gaspe, Pictou, &c, 50c per barrel and \$5 per ton per steamer; per schooner 35c to 40c per barrel. Coat.—Receipts during the week have been 1,788 tons cotto and 608 tons Liverpool, now making this year's importations reach. 72 67 tons, which, as compared with the same time last season, shows a decrease of 1 is one more cargo scotch steam affoat to arrive, and very little, if any, of other qualities; most of our dealers have pretty fair stocks, and about enough probably for the balance of the season and early spring wants. Rates have advanced, and the market is firm, sales being at \$5 10 for Scotch, and \$4 60 for English.

Balifax Markets.

HALIFAX, October 12 -Our regular West Indian trade brought in three vessels during the week with total cargoes amounting to 304 bbds, 6 tierces and 168 bris sugar, besides which Lockeport sent in two small lots of molasses, 75 puncheons in alt. The outward vessels numbered three, taking a total shipment of 2,898 quintals of Dry Fish (one-half of which went to Culu) and a small quantity of Mackerel and Herring for Jamaica. To Boston and New York we have shipped heavily this week of pickled Fish, chiefly Mackerel and Herring. Dry Fish receipts are 17.575 quintals, and shipments only 3,673 quintals, of which fully 2,300 were for Cuba direct and via New York.
Prices remain unchanged, but sales
are dull and the West Indian market seems to be thoroughly flattened for the present. Mackerel shipments 2,223, against receipts of 1,014 brls. In the last 14 weeks our receipts of Mackerel were 20,484 brls, and our shipments 26,868 brls,

week were 872 bris. Con Un-1s advanced to 37c, ex-vessel, and warehoused oil is very firm, as the shipments are still such as to leave a scant stock: receipts were 3,150 gallons, and shipments 6,300

with a larger lot also ready under bills of

lading for the New York steamers. Herring

receipts were 3,117 brls, more than half of

which were Bay St. George; shipments for the

gallons. In potatoes there has been no movement during the last week, except some small parcels, and one lot is being shipped to England, market prices range from 35c to 40c per

It is said that great preparations are being made along the Ottawa for lumbering this winter. Instead of \$10 a month, the price offered lumbermen last fall, as high as \$18 is now asked. The large lumber drive is now within a few miles of Fredericton; it comprises some millions of feet of logs; it is too large for any one steamer to tow, and is floating leisurely down with the current.

-Under an increased demand for Canadian winter apples on Saturday for export to England, prices advanced 20c to 25c per barrel Receipts are increasing, but all are readily taken at good prices. A Montreal firm is reported to have bought 10,000 parrels in the west. Carloads of choice assorted winter anples are held at \$3 per barrel, and sales of mixed winter fruit have been made at \$2.50. The sale of a lot of Canadian apples in Liverpool was cabled on Friday at 21s per barrel. In Ontario and many parts of the States splendid crops of winter apples are reported

-Last week's Liverpool grain circular, in reviewing the British grain trade, says :-The country markets have ruled generally steady, but without activity, the high prices checking the demand. English wheat was scantily offered. Samples of the new crop are of the poorest description. Floating cargoes were firm, with a good business, and prices favored sellers. Here and in the neighboring market since Tuesday there has only been a moderate trade in wheat. Corn was almost neglected and was lower. The weather continues dry a d cold, with heavy dews and fogs. There was an average attendance at to day's market, and a moderate business in wheat at the full currencies of Tuesday, and in some instances 1d advance for American. Spring flour was in fair request at the extreme prices. For corn there was a retail demand at a decline of 1d."

A Conundrum Propounded.

A Conundrum Propounded.

Why will the "small boy" persist in eating green apples? The reader may as well give it up at once, since our original parents were suitty of of the "little indiscretion." Physicians say, the reason in which early or unripe fruit is first introduced, is the one they are the most reverely taxed in cases of colic, disrrhoes, dysentery, &c. Young and old are guilty, but boys and girls are the surest victims and the greatest sufferers. There is no peace, comfort or safety in the family unless its head provides a proper and efficient remedy. Pcott & Bowne's Paleisble Castor will is a certain remedy and is easy to take.

(McVeigh's Sovereign Remedy), same as before,
and oblige, SISTER BONNLAU. Superioress.

Montreal, June, 187.

Mr. Thomas McVelgh, Cit.—D-ar Sir—I am glad to bear testimony to the good effect of your Rheumatism Remedy. I have suffered from Rheumatism for some few years, and especially during the last eighteen months, and have taken your medicine for nearly three months with excellent effect, and can recommend it with confidence.

F. W. RADFORD, of McLachian Bros., St. Paul street. Montreal, June, 187 .

St. Paul street.

Montreal, June, 1878.

Mr. Thomas McVeigh, Albion Hotel—Dear Sir,—I have much pleasure in stating, for the benefit of those afflicied in Monreal, that three bottles of your Sovereign Remedy has completely cured me of neuralgia, of which I was dreadfully afflicted for the last thirteen years, I may say I have been treated by some of the best physicians in the city without receiving any permanent benefit whatever. I feel thankful to Divine Providence for making you the medium by which I am cured of that painful disease, Neuralgia in the head.

ANNIE SMITH, at Henry Morgan & Co.'s, St. James Street.

Montreal, June 1879.

Mr. Thomas McVeigh, Albion Hotel—Sir—Your Sovereign Internal Remedy has done good work for me. I have suffered to much with Neural, is for the fast nine years, and having tried everything within reach without receiving any permanent relief. I am now abi- to state for the benefit of those afflicted in Montreal, that I have used two bottles of your remedy, and am now quite well.
