PROSPECTUS.

THE "NATIONAL INSURANCE COMPANY," of Montreal, was incorporated under an Act passed at the last Session of the Dominion Parliament, for the purpose of carrying on the business of Fire Insurance.

The promoters believe there is ample room for more Canadian Insurance Companies, and that their organization will not only supply a want of facilities for doing business, but will serve the patriotic purpose of building up *Home Institutions*, by keeping in the country the capital so much needed for its development.

Heretofore the greater portion of the Insurance business in Canada—in both Fire and Life—has been done by foreign Companies. There is now sufficient capital in the country, and Canadians should be actuated by a feeling of national pride and ambition in the commercial affairs of the Country, and especially in Insurance, and should give their support to Canadian Companies.

The Capital Stock of the "NATIONAL" is \$2,000,000, (with power to increase to \$5,000,000), in 20,000 Shares of \$100 each. Ten per cent is payable on subscription, which will give the Company, on the present Capital, the sum of \$200,000, which is all that is required to place the Company on a sound financial basis. The remainder of the capital is subject to the calls of the Directors, although it is not anticipated that it will be necessary to make any further calls.

The services of a gentleman having had a large experience in some of the most successful and conservative American Insurance Companies has been secured as Secretary of the Company.

Subscriptions to the Stock are now being taken throughout the Dominion, and it is the intention of the promoters to commence business at an early date.

Stock Books are open at the Office of the undersigned, 245 ST. JAMES STREET, where Subscriptions will be received and all information given.
